ADV. UDAIVEER SINGH BINDRA

Managing Director Global Empire Events & BizNation TV

नींद भी खुली न थी कि हाए धूप ढल गई
पाँव जब तलक उठे कि ज़िंदगी फिसल गई
पात पात झड़ गए कि शाख शाख जल गई
चाह तो निकल सकी, न पर उमर निकल गई
गीत अशक बन गए
छंद हो दफ़्न गए
साथ के सभी दिए धुआँ धुआँ पहन गए
और हम झुके झुके
मोड़ पर रुके रुके
उम्र के चढ़ाव का उतार देखते रहे
कारवाँ गुज़र गया गुबार देखते रहे

My dear Friends it is my pride, my honour to be born in India, & adding light to the fire our Indian Leadership by Honorable Prime Minister Shri Narendra Modi ji who has put India as a world leader not only in the Asia Map but up there on the World map. Be it politically, socially, Economically, geopolitically, India is the New

Emerging Superpower. The Schemes by our Prime Minister to Uplift India on Economic & Social fronts through the Jan Dhan Yojana, Skill India Mission, Make in India, Beti Bachao Beti Padhao, The Pradhan Mantri Suraksha Bima Yojana, Smart City initiative, Mission for Digital India, Start-up India. Most of the Schemes were Launched in 2015 & 16 today are reaping fruits for the new India. Let me share few numbers and why I would say backing with those numbers that India is Leading Asia. India today is at Gdp of 3.5 trillion today, the first trillion took india 67 years, the second trillion took India 8 years & the third trillion took 5 years are you seeing where we are progressing to ?

Let me tell you something more interesting, from 2015 we have moved ahead from Russia, Italy, Brazil, France & UK from no. 10 to no. 5 in terms of GDP.

And Before the Pandemic India was the fastest Growing large Economy & after the pandemic we are still the fastest growing large economy & India has the Youngest workforce with an average age of 29 upto the Year 2070. Just think about it, just think about the Young Work Force India has.

July 2015 the Honorable Prime Minister Launch Digital India. Our ranking was 122 in world and this year we were ranked no. 1 in per capita mobile data Consumption, which was more than China and USA combined together.

One more example Start-up India, launched in January 2016, started with 452 registered Startups and As of 2022, a total of 80,152 startups had been officially recognized.

So my dear friends I feel proud to make a statement that India is the New Emerging Superpower.

And now Talking about BizNation TV the digital backbone of Global Empire Events, the core team of marketing, digital marketing and the pillar. In today's Era of Entrepreneurship and marketing I believe that we don't have a choice on whether we do social media, whether we advertise our business on social media or not, but the question is how well we do it ?

So How well we do it at BizNation TV?

In mba the first chapter we read is jo dikhta ha vo bikta ha.

BizNation TV is a live example for everyone of you attending this conference today, you all connected with us because of our visibility on social media because of our digital marketing which was done by BizNation TV. BizNation TV will be a one stop solution for all your digital marketing needs. All the designing you see here on the stage on photobooth on the standees all the conceptualizing of the conference an the event and the marketing has been handled by BizNation TV.

We believe in brand building and would like to be at your service through our digital marketing strategies & Services. Let's grow your brand together with BizNation TV. To know about our services we have kept our brochures in your Conference kits.

Congratulations to all the delegates of Woman Leaders Forum & Icons of Asia, on your presence here I would like to say Vasudev Kutambakam. Which means the World is one big Family and so are we. Thank you so much for being a part of the Family of Global Empire Events & BizNation TV.

DR. NEERAJ A SHARMA

A prodigy of second generation in business. An experienced Mentor in fields of Automobiles, International Relations, Public administration , Higher Education , Information Technology & Hospitality has been on the advisory board of many organisations .

Having mastered the art of Start ups even before the jargon created buzz, Mr. Neeraj has successfully established many

companies in India. His " Go alongwith the team & One partner only " approach is his signature style in business .

As a true visionary leader , he is looked upon by many as a guide and philiospher whos presence vibrates positivity.He strongly believes that professional Education has to move out of the conventional classrooms and should be practised on the job floor.

A man on constant move, fondly known as "Guru" in the Entrepreneur circles , Dr. Neeraj Sharma is also the Honorary Consul General of the Republic of Palau in India. In his tenure the bilateral & friendly relations between India & Palau have only got stronger . Under the leadership and vision the President of The Republic of Palau , His Excellency Surangel Whipps Jr., Dr. Neeraj is striving to make Palau the Knowledge and Technology gateway to the Oceania.

MR. K.L. GANJU

O.C.V.C. (CDR.) CONSUL GENERAL (HY.) ADVISOR TO THE FOREIGN MINISTER UNION OF COMOROS
PRESIDENT: HONY. CONSULAR CORPS DIPLOMATIQUE – INDIA

Mr. K.L. Ganju a businessman by profession became the Consul General (Hy.) of the Union of Comoros in the year 2005. The gazette th notification for his appointment was issued by Govt. of India on 10 January, 2005. Mr. Ganju at the initial stage of his life had to abandon his education to standby his father at the time of crises in the family. But he was determined to make a mark in his life. At the age of 19 years he started a small business which grew steadily. He continued his struggle and achieved his desired goals. He married Dr. Gurdeep Kaur and started living happily. He has two daughters. After giving good education to them, he got them married. Right from the beginning of his life he was devoted towards helping the under-privileged, he continued to give education to the poor children and helping getting married the daughters of the poor families. Apart from this, he was instrumental in collecting funds for the Indian Spinal Injury Center which is today one of the best Spinal Injuries Hospital in India. For this effort, he collaborated with Maj. H.P.S. Ahluwalia (the Everest Hero). But the zeal to do something special continued. In the year 2004 he was offered to become the Consul General (Hy.) of the Union of Comoros in India. Initially he declined this offer, but ultimately due to some good friends he agreed to take the responsibility. After assuming the charge of the Consul General (Hy.) he realized that this is the best way to help the needy people wherever they are and also promote good bilateral relations between India and Union of Comoros. He established Embassy like Hony. Consulate in

New Delhi and started working. He realized that there is no traffic of people from Union of Comoros to India either for education, medical treatment or business. He used his skill to convince the people and Govt. of the Union of Comoros to send their patients for medical treatment to India which has good medical facilities available at a reasonable price. He also convinced the students of Union of Comoros to come to India for education. Though Union of Comoros is a francophone country still students came to India, learnt English and thereafter completed their graduation, post-graduation and also some of them did doctorate. The biggest satisfaction which came to Mr. Ganju was when serious patients started coming to India for treatment. During the course of their treatment it gave Mr. Ganju opportunity to serve them, help them at the time of need. This also includes, sometimes, giving family blood to the patients at the time of operation. This action of Mr. Ganju became talk of the town in the diplomatic community in Delhi and people in Comoros. This service of Mr. Ganju continued and is still on. Having achieved to serve the people of Comoros, Mr. Ganju also played an important role in promoting bilateral relations between India and Union of Comoros. Today the bilateral relations between the two countries are its best. Mr. Ganju is proud of his achievements and in the process he published a book titled "The Golden Decade 2005-15, My life as Hony. Consul General". During the printing of the book, the comments Mr. Ganju received from dignitaries including Hon'ble President of the Union of Comoros are remarkable and satisfying. Some of the comments are mentioned below: Hon'ble President of the Union of Comoros wrote I quote "So I am glad to say that during this decade, thanks to the tireless efforts of Mr. Ganju, there has been much improvement in Indo-Comorian relations, whether in terms of high level visits, economic interaction or people to people contact." Unquote Hon'ble Foreign Minister of the Union of Comoros wrote I quote "Talking about his experience as Honorary Consul General of the Union of the Comoros is an important contribution that I greet with respect. It is a testimony and teaching. Diplomat by heart, Mr. Ganju will always surprise us and amaze us. His journey is a life lesson. His life, he devoted to others. My country is proud to count on a man with great human qualities, a man of great talent who knows how to open himself to others." Unquote Hon'ble Mr. Idriss Raoua Quedraogo, Ambassador of Burkina Faso in India wrote I quote "His achievement as Hony. Consul General is like a pilgrimage, where he has invested a lot of dedication, selfless service, humility and fraternity to deepen the concept of Diplomacy. As a young envoy of Africa, I feel very proud and honored to have crossed paths with Mr. K.L. Ganju." Unquote. There are many other messages which were received from different Ambassadors, High Commissioners, Dr. G.V.G. Krishnamurty, Former Election Commissioner of India and other dignitaries. For this extraordinary humanitarian work through diplomacy and also developing excellent bilateral relations between India and Comoros,

Mr. Ganju was awarded two highest civilian decorations by the Hon'ble President of Union of Comoros.

1. "Order of the Green Crescent of Comoros" – Officer Grade
2. "Order of the Green Crescent of Comoros" and was raised to the level of "COMMANDER". This is the highest civilian decoration of the Union of Comoros.

Apart from the above Mr. Ganju has received the following awards:

1. Gusi Peace Prize, citation of which is signed by the Hon'ble President of Philippines. He is the 7 Indian to receive this award.
2. Pride of India leadership award from Kent, United Kingdom.
3. "Gold Medal" by Amity International University, Noida.

Apart from the above he has received many other National and International Awards.

BINDU KAUL

"OPPORTUNITIES ARE PATHWAY TO SUCCESS.

I HAD A PRENOMINATION THAT I WILL MAKE IT ONE DAY. THERE WERE FEW DREAMS EMBEDDED IN MY MIND AND I WAS CONFIDENT THEY WOULD COME TRUE AND I WILL STAND TALL IN FRONT OF THE WORLD .

NLIFE'S JOURNEY WAS NOT SO SIMPLE FOR ME . I DID FACE HURDLES AND KEPT MOVING AHEAD TOWARDS MY DREAMS..

I WAS SUPPORTED BY MY FAMILY IN GAINING EDUCATION BUT I KEPT LOOKING FOR SOMETHING ELATING..

SOME OF MY PASSIONS , INTERESTS COULD NOT TAKE SHAPE DURING CHILDHOOD BUT SPROUTED AS I GREW UP. MUSIC AND WRITING TOOK SHAPE AS I JOINED COLLEGE . I GOT OPPORTUNITY TO SING IN BIG GROUP. I GOT VOCAL TRAINING ALSO. FOR WRITING I THANK TIMES OF INDIA AND TOASTMASTER MAGAZINES WHICH GAVE OPPORTUNITIES IN BIGGER SCALE. THERE WAS NO LOOKING BACK . I GOT AN AMAZING BREAK IN WRITING FOR A WELL KNOWN PUBLISHER : VERSES KINDLER PUBLICATIONS. I FIRST RECEIVED AN OFFER TO WRITE AS A

CO-AUTHOR IN TWO OF THEIR ANTHOLOGIES WHICH ARE ON VERGE OF GETTING PUBLISHED.

THEN I WAS OFFERED POSITION OF A COMPILER AND WRITER OF MY OWN ANTHOLOGY WHICH GOT LAUNCHED IN JANUARY IN THE NAME OF I HAVE THE POWER TO CHOOSE .

EVEN COVID TOO DID NOT HELD ME BACK.SCHOOLS CLOSED DOWN . IMMEDIATELY THERE WAS A CALL FROM DESTINY THAT WE HAVE TO SHIFT TO DEHRADUN . RECRUITMENTS WERE PUT ON HOLD .IN ORDER TO KEEP MYSELF BUSY I JOINED INTERNATIONAL TOASTMASTERS CLUB IN DEHRADUN TOO. IT GAVE A PUSH TO MY SKILLS , FOR EXAMPLE LEADERSHIP, SPEAKING , EVALUATION , LISTENING , WRITING. WHILE IN MY PREVIOUS SCHOOL IN NOIDA I WAS TIMES N.IE CO- ORDINATOR FOR FIFTEEN YEARS.

GETTING BACK TO DAYS OF COVID I HAD A SHORT STINT WITH SIGMUN LTD. AS A COORDINATOR FOR WORKSHOPS.

I KEPT EVOLVING AND TOOK UP GLOBAL AWARDS AS MY NEXT CHALLENGE. PREPARED PAPER ON TEACHERS' ROLE IN ADOLESCENT ISSUES , AND WON GLOBAL AWARD FOR THAT.

UNIVERSE HAS LOTS TO GIVE SO WE SHOULD BE READY TO RECEIVE IT. HERE , STARTED MY JOURNEY IN OCCULT SCIENCE I JOINED ASTRO COURSE. THEN I MOVED AHEAD WITH MY REAL PASSION THAT IS TAROT READING AND EVENTUALLY BECAME A NUMOROLOGIST UNDER THE SUPREME GUIDANCE OF PSYCHIC VISION. NOW I AM A CONSULTANT IN BOTH. NOT TO MISS I HAVE MASTERED BACH FLOWER AND CRYSTAL HEALING, TOO.

FURTHER ADDING ONE MORE FEATHER IN MY CAP IS START OF ACTING CARRIER IN A WEB SERIES CALLED " THE DEW OF THE DEVIL" DIRECTED AND PRODUCED BY MR.SUBHASH CHAWLA (WHERE I BAGGED A SMALL ROLE) . THIS IS HIS FIRST HOME PRODUCTION.

THERE IS STILL MILES TO GO AND GIVE BACK TO THE UNIVERSE WHAT IT GIVES YOU. THE SEEKER IN ME WILL NEVER STOP MY URGE TO LEARN MORE.

BINDU R

"Success is when your signature becomes an autograph."

— A.P.J. Abdul Kalam

"Don't wait for opportunity. Create It." — George Bernard Shaw

These are the two quotes I believe in my Life.

First and foremost I should thank my two kid for supporting me and adjusting with the thought that their MOM is a Busy Woman.

Introvert by nature. After finishing my education in 2004 I was not allowed to do a job by my parents. Just not to get bored at home I was allowed to do a Multimedia course which covers many fields like graphic designing, animation and visual effects in an institute which is 500 m away from my house out of my own interest. After completion of the course I got a sparkling idea of starting my own Graphic and Animation studio but not allowed to do that.

After my first child was born I did my SAP HR Course but unfortunately due to recession in 2008 I had to join my husband's company which is a Private Limited Company established in 2004 for a less salary as HR & Admin Manager later got promoted and worked as Sr. Accountant as situation demanded till May 2017.

My job in the company is to arrange finances for company to run smoothly and hiring good staff. Also I take a role of an accountant whenever there is a changeover of employee and train them for the requirement of the company. Though I equally contributed for the growth of the family for so many years I was never given the credit for the growth of the company and infact people around me and my family kept saying that I need not worry for anything as that is not my part of job your husband is there to take care of everything.

But now after working for 14 years I have decided to follow my passion for music. Recently I have turned as a producer to support new and upcoming talent in music industry who is waiting for the right opportunity. I have started my own Youtube channel "Pradumaya Creations" which produced two regional songs in which the first song is about Telangana flower festival called Bathukamma and the second song which I produced was for 25 years Silver Jubilee celebrations of my Engineering college where I had studied and being the first batch student of the college I was very happy to share the happiness with my friends who settled in different parts of the country about its glory.

If a woman is bold and strong in her decisions she is branded as a bad woman in the society. But when women are good at multitasking looking after family and business then why they are not allowed to follow their passion.

I read this somewhere,

"Focus on your career because people don't see your Heart they see only your Success"

Now at 42 I realised that whatever you achieved being in your comfort zone and safe zone is not the original success of life. For so many years I had always been precautionary in taking any decision and played a safe life game. Though my health is not supporting me at this point of time still I want to take risks and explore my strengths, weakness and abilities to reach the Sky and show the world that Women are Strong no matter what their health conditions are.

Women are Fighters at all phases of life.

CHANCHALA DAYAKAR

About the Author: Chanchala Dayakar is an Educationist and Entrepreneur. Born and raised in an interior village of coastal Mangalore, she has seen almost all the hardships of life and the focus was to get educated, and gain financial independence. After 11 years of corporate career, she is currently active as a Business Coach, with the concept of learning is a continuous process, learn from implementers.

About the Book: Discover yourself, find your life purpose and embark on an extraordinary journey towards achieving your goals and success. Find how to be transformed into better person than you were yesterday. How important it is to know what you don't know, the importance of unlearning and relearning, from whom to learn and the big why. This book is just an attempt to answer those questions so as to enable the readers to help in their journey towards success and expected to be an eye opener to youngsters, who want to start their own business ventures with the clarity of what it takes to become successful. Learn how to overcome fear of failure and how to be focused in a distracted world. Break all barriers, rather than waiting for someone to employ you, create job opportunities for others and make the impossible, possible. Learn how to create adventurous lifestyle by getting out of 9-5 job trap, create work balance, gain financial freedom, and make your most important decision to be your own boss.

CHITRA KARUNANIDHI

Overall with 13 years of banking ITES experience , travelled various countries including africa for project insourcing, tooked a break in carrier and now returning women to work with a private sector as senior manager.

Recently won a doctorate in leadership transformation and few other women centric awards
Have played key role in girl child education by donating funds in few NGOs as well (Recently donated for a 9th class year student for his education towards mahendra group of trust)

Also mother of two kids who handles personally professionally at every end daily.

DIVYADARSHINI VARADARAJAN

A Brief about my career:

Whilst my academic journey, I had strived to make a difference in the field of Molecular Biology. I do hold a Master's degree (Mol.Bio) in Skovde University , Sweden and a PhD in Medical University of Innsbruck, Austria., With these Credentials , which I term assets of my life , I had a chance to liaise with some of the prestigious institutions in the world . My research works have been recognized by several institutions and I am proud to be a part of a scientific community that has made significant contributions to the world perspective to Molecular Biology.

Nurturing Young Minds:

At a moment, My Passion for the career in labs and research was, quite superseded by the very ambition to educate young minds and transform them into cultured and seasoned individuals that our country desperately needs. I diligently framed many plans and infrastructure, for bringing out a quality English institution in Erode, a tier II city in Tamil Nadu. Once, I took over the reigns from my mother, I implemented an all-English campus, where the children are trained to converse in English. This is an unusual aspect for them, as they are not used to speaking English at home, or any other environment locally. As per this plan, I can assure that, these children, when they leave the School, will be equipped with the Universal Language and can easily face the competitive World, either domestic or global. , with a brimming confidence. (Of course, it will be a moment of pride, if my student gets any global accolades, the one which I am always dreaming of!!)

Award:

Recently been awarded " Best School Award " under the category Education Excellence for the academic year 2022-23 for my commitment to the education field.

DR. POOJA KESARWANI

Dear Friends,

Today we require nature to heal us mentally as well as physically, cause our body is made up of nature elements. Hi, I am Dr. Pooja Kesarwani. I am a Naturopathy doctor by profession and active social worker in lifestyle counsellor at Prayagraj, Uttar Pradesh. In today's era we are growing day by day in terms of carrier and every aspect of life, but still we forgot to taken care of our health. We generally use to take antibiotic pills and medicine instead of healing our health with nature. In my opinion antibiotic pills and medicines are mandatory in emergency situation, but on the other hand regular use of this is also harming or declining our health on daily basis. I as a naturopathy doctor, highly suggest that we have to try to heal us by using the naturopathic treatment like kati vasti, mitti snan and more.

When I was recollecting my childhood memories, I found that no medical facilities is available for us, but still we are healthy and happy by home remedies "(dadi ke nukas)" using natural medicinal plants and water. At that time I thought that how she knows the remedies for all illnesses, but now I realizes that it's a scientific methodology behind this is our body is made of five elements i.e., Fire, water, earth, space and wind and all home remedies are perform by using any of five that why we recovers without any harmful side effects. Naturopathy is a ways or medium by which we connect with nature which enhance our mental as well as physical performance. Its not a medical therapy which only needed to patients, I feel that this is a need of everyone like when we recall our childhood we are rarely feel this fever, gastric, headache. But now a days I am get surprised when anyone meet me and say my child is having headache or regular fever, this is all due to lack of attention towards nature and its remedies. If you use to massage your body along with having proper diet on daily basis I feel that there is no need for multi vitamins for you, because when we use to massage our body our nerves get activated and remove the blockages and airs through self-activation process. So, that's why I use to say naturopathy is necessary for all of us.

I as a doctor want to see everyone growing happily and healthy in his/her life. But on the other hand as a social worker I also want to spread this naturopathy to world wide for everyone, so if anyone is not able to pay more to chemist at least he or she will handle the little things himself. I am very grateful to have this opportunity to come in front of you and express my views.

DR. SUMAN DAHIYA

Name: Dr. Suman Dahiya

Affiliation: Assistant Professor,
Sushant University, Gurgaon

Profile:

Dr. Suman Dahiya currently working as an Assistant Professor at Sushant University, Gurugram. She is a prolific writer, researcher, and an academician of repute. Dr. Suman did her Ph.D. in Management from prestigious Deenbandhu Chhotu Ram University of Science and Technology. She has published more than dozen research papers in reputed ABDC/Scopus Indexed and UGC Care listed journals.

Dr. Suman has authored 3 books in the areas of general management. She has published 6 patents in digital marketing and social media marketing area. She has delivered many talks as a guest speaker in FDPs and MDPs. As a digital marketer, she has helped many start-ups to develop their digital strategy. D. Suman is extremely dedicated to the noble profession of academia and believes in sharing of knowledge at all platforms in life. She is known for her innovative pedagogy among students.

DR. SUSHAMA VIYAJAN

It is not about how experienced or knowledgeable we are, or it's not about the rate of fees, It's all about the review of what people say about our service. I remember one of my clients mentioned in the review. "friends, mental health is not a joke", as he mentioned people give least priority to mental health. That stigma needs to be rid off from society. So, with this intention, let me introduce myself.

I am an educator turned into a mental health practitioner and a life coach. 35+ years of diversified areas of experience, finally and firmly landed in my own passionate area "Live well" Every instinct takes birth on this earth and seeks for this specific need/pleasure "Live well".

So Dr Sushama's Livewell counselling is holding the hands of emotionally unstable people by providing them utmost care, compassion and support through counselling to make it happen.

My compassion, empathy and experience driven me to reach out solace to many people through hospital counselling (Santhi Hospital, Calicut) and through corporate organizations counselling having 25,000 employees in Manappuram Finance Ltd., Consultant Counsellor having 40,000 employees in Jaipur Rugs and having 10,000 employees in Aavas Financiers Ltd; Jaipur, were a great milestone in my career and I am grateful to those great Organizations.

Apart from this, we were giving online Counselling to clients for the last 5 years. Other than India, we have clients from Australia, Canada, News Land, Ireland, USA, UK, Singapore, Italy, London, South Africa, Oman, Kuwait, Abudabi, Dubai, Qatar, Sharja, Soudi Arabia etc. In Jan. 2023 we landed with a registered company named Dr Sushama's Livewell Counselling Pvt. Ltd. at Cochin, Kerala. We provide counselling solutions to all kinds of mental turmoil arising out of stress, anxiety and depression. Also specialised in relationship counselling, especially marital relationship transformation specialist.

During the Corona pandemic we could expand our counselling free service to people in many countries who were emotionally unstable due to Corona disease and has taken away their dear and near ones lives, quarantined themselves and other immediate family members.

In the end I would like to note that clients trust their mentor to create reality. Empowerment is happening through self-esteem and self-image. A professional mentor can help the person to bring out the hidden inner values, strength, courage and confidence through the proper counselling and mentoring. People will value the counselling profession once it is happening through the therapy and mentoring service. This is the secret of our success, our client's success. Stay blessed – Connect & smile – Live well.

MS. JOHNSY

Ms. Johnsy who originally belongs to Nagpur did her initial part of schooling from Bhopal, and later on completed her engineering degree as well as her master's degree from Nagpur. In her initial phase of motherhood she explored the other side of herself which was full of love and commitment towards toddlers which motivated her to pursue certification in the scheme of Early Childhood Education from Singapore. She pursued her passion for teaching young children in the initial years in Singapore and then later in USA. Once back to the country she continued her teaching profession in different cities of India like Bangalore, Hyderabad, Delhi, Pune to name a few. After setting down in Pune and with her vast 15 years of experience, Ms Johnsy decided to have her own preschool in city. Today she is the Owner and Principal of "Stepping Stones Preschool" located at PCMC Pune. Even though the school is couple of years young, it has all ready etched it's name among the most well known and reputed preschool in the city.

As a passionate kindergarten teacher with a penchant for innovation Ms Johnsy decided to conceptualize and put all her experience in her preschool. Her views on working with young minds are profound, progressive and dynamic. To Johnsy, each child is an individual who needs to be nurtured and cared for. She is passionate about unearthing and cultivating a child's potential through creative, stimulating and exclusive channel. She has spent a large part of her career evolving unrivalled curriculum to foster the individual needs of a child to mold him/her in an unique individual.

Their eminent standard of excellence have ensured that Stepping Stones offers the best teachers and facilities. Stepping Stones Preschool has adopted a unique methodology that is well suited to the child's innate quest to learn by "doing". Most of the learning activities are through a number of sequential and scientifically designed tools for multi-sensory aspects and individualized education. The school provides an array of valuable experiences from which children create their knowledge.

Ms. Johnsy is also highly respected and regarded as an encouraging and patient mentor for all the school staff. She works hard for the employees social change, development, cohesion and for most women empowerment. She aims to enhance over all well being and help meet basic and complex needs of the under privileged children and women. She particularly focuses on those who are vulnerable, oppressed and living in poverty by providing free education to children and job opportunities to the women in her after school program. She believes in motivating women to becoming good leaders of India.

Today Ms. Johnsy has plans to scale up Stepping Stones Preschool in different parts of Pune city. To see all the little ones becoming shining stars and continue passing on the knowledge to the new generations.

KANWAL JEET KAUR

Entrepreneurship has always been a challenging path to choose, but it becomes even more demanding when combined with the responsibilities of motherhood and the house. However, there are many inspirational women entrepreneurs who have defied the odds and succeeded in balancing these multiple roles creating the path for women around the world to take that step and defy all odds.

I, Kawaljeet Kaur couldn't have ever imagined what life had for me. I first started working only to support my husband Parvinder Singh at our wooden handicrafts export house and now after almost two decade, we have expended our business and shipping to more than 25 countries along with a successful reach in domestic market as well. I faced numerous obstacles along the way, including financial constraints, societal biases, and personal struggles.

However, perseverance and determination is what still continues to fuel my passion for entrepreneurship. The journey was not easy. I had to navigate the complexities of the business world while also being a mother and a homemaker. However, I was determined to succeed, and I learned to manage my time and resources efficiently.

Today, I am proud to say that my business has grown and flourished. I have created a team of passionate professionals who share my vision and values. We have overcome numerous obstacles together and have emerged stronger than ever.

As a woman entrepreneur, I believe that my success is not just mine alone but also a testament to the strength and resilience of women in general. Women have the potential to create successful businesses, and I am proud to be part of a growing community of female entrepreneurs who are breaking barriers and redefining success.

In conclusion, being a woman entrepreneur juggling motherhood and housekeeping is no easy feat, but it is possible with the right mindset, determination, and support.

KIRAN TANDON

Kiran Bhatia Tandon is a Human Resource and Management expert who has served the corporate sector for over two decades. She is a marketer at heart who loves working with people.

"Jab tak Suraj Chaand Rahe, mere mata pita ka naam rahe," is the slogan she lives by! And to illuminate the names of those late legends, she has dictated life-changing, inspirational events in this masterpiece, "Extraordinary Experiences of an (extra) Ordinary Girl."

After the launch of her book she realised that each person has a story that is unique to their circumstances and embraced her desire to write about **"Silence, the things people don't say,"** and how some of them live unseen lives with so many different versions of themselves remaining to meet.

She incorporated the idea of "INSPPY," which stands for Inspiring Spirits, in order to give a voice to those who have stories coursing through their veins, warmth yearning to embrace them, and colors eager to illuminate their lives.

Kiran believes it's difficult to open wounds, heal scars, and pour out love-laced stories like fine wine at the altar of life.

But even if someone is unable to put their story into words, one should know that INSPPY aims to love and appreciate each human being and will always be a community of cheerleaders.

KOHELI PURI

Over two decades of experience in Commercial Developments and Corporate Design & Build Projects, Koheli is an adroitly skilled individual & a dynamic Real Estate Project Management Professional with M.Tech Degree in Construction Engineering and Management from IIT Delhi and B. Arch. From Bengal Engineering College, Kolkata.

After working with one of the Top Multinational Corporates for 7 years in leadership role and Development group for 4 years, Koheli formed her own company & one of the most trusted brand STUDIOXP in 2011 to integrate People, Process & Passion and deliver commercial & corporate IT & ITES projects as per clients' business requirement with strict adherence to time, quality and Cost. Currently her Company STUUDIOXP is a global brand and a multinational company with Office in Dubai, UAE apart from India.

Due to her arduous work and "Never say Never" attitude she has won many clients e.g. Brookfield, Black Stone, DLF, Ultimate Kronos Group, Lumen Technologies, Ericsson, HCL, Bank of America, Pine Labs, Map My India to name a few. Prior to this, Koheli has successfully delivered several large-scale Commercial Development projects including Hotels, Schools, Large Corporate Campuses, Platinum LEED rated Green buildings and worked with several fortune 500 companies throughout her professional career.

Koheli's entrepreneurial journey is unstoppable. – she demonstrates her strong will power & decisiveness to create effective business opportunities in any kind of market condition and transforming it into a successful venture. When the world economy was struggling with pandemic, she was working out the right strategies to expand globally and increase the company turn over base line to place herself in the list of above 100 Cr. Companies.

Koheli to her credit has won several prestigious National & International awards & accolades e.g.,

· Awarded Outstanding Leadership Award at Realty 2.0 at Dubai for her contribution in Real estate as an Entrepreneur in March 2022.

· Indian Achievers' Award 2021 for Business Leadership by Indian Achievers' Forum.

· Self Made Women award 2021 by Digilive in recognition of extraordinary contribution to the society.

KRITIKA DIXIT

Kritika Dixit, Maths Faculty at Matrix, Sikar has successfully pursued her career in field of teaching mathematics since 2012. Kritika Dixit, an Engineer by profession is passionate about making the subject more interesting for students and creative in finding ways to convey concepts to somewhat resistant students. She is providing the mathematics skills in so easy manners so that every single student can come out from fear of Mathematics. Her in-depth analysis and views appear frequently on results of students in exams.

Born in Sikar and brought up in Jaipur, Kritika Ma'am started her career right after finishing her engineering from Jaipur. In initial years she worked for a corporate company but soon she realised that she wanted to pursue her career in teaching mathematics.

As a faculty of Mathematics Kritika Ma'am believe that Maths helps us think analytically and have better reasoning abilities. Also she is keen on making Math time enjoyable by ensuring students should not memorise procedures but learn a new way to solve problems.

Her philosophy behind teaching conceptually is that students who learn this way understand mathematical ideas and then transfer their understanding of these ideas to new contexts and problems. This same philosophy of definition, recognition, and production continues through higher levels of mathematics.

Kritika Dixit is working as Mathematics coordinator in the Institution and working for the overall development of the students in the institution. She is known to implement Real teaching methods in mathematics into her classroom that make difference for her students and herself. Apart from this, her strong leadership skills and out-of-the-box strategic thinking has made her to be a successful maths educator.

During Covid 19 period she has upgraded her skills to successfully portray classroom maths teaching to the students through usage of the virtual platforms and AR Technology. Her journey to success has been elated with ups & downs. But her strong conviction not only made her confident to overcome whatever comes in her way but made her believe in herself. Her sheer willingness to learn new things is unstoppable which makes her try and engross into new things. She believe in adapting to the circumstances breaking all the barriers yet staying true to herself.

Being curious to discover new things and a bit tech savvy in nature, she used AR Technology to educate students. It helped her to bridge the gap between the offline and online mode.

Kritika Dixit has made a vital contribution in the field of Mathematics teaching.

LEKHYA R

I'm LEKHYA R , a student pursuing 4th Year, BBA. LLB (Hons.) in FACULTY OF LAW, ICFAI, IFHE, HYDERABAD. I started this legal startup named TARQ (THINKING, ANALYZING, REASONING , QUESTIOINING) in 2021 which got incubated with ICFAI INCUBATION CELL. From 2021 to incumbent. Apart I was also a semifinalists in the pitch deck competition of TIE GLOBAL SUMMIT 2022

This startup is completely a legal startup with a MISSION to become a Bridge b/w layman & learned council. E platform to bring customers perspectives into limelight..

- VISION- Quality & Perfect E-platform-learned council to know layman's perspective.
- So lengthy Judgments & not so easily understandable for layman- understanding of law is required. Lack of a professional platform to pen down your perspective on law and legal things especially with current scenarios and other.
- Limelight your perspectives on legal matters without making them political through TARQ.

This year I secured SOCIAL ENTREPRENEUR OF THE YEAR 2023 AWARD FROM WOMAN LEADERS FORUM, ICONS OF ASIA, GLOBAL EMPIRE. I will receive the award on March 4th , 2023.

MANISHA KHADGE

I am the Chief Marketing Office at Mindbowser, a digital transformation and product engineering company. As the CMO, I am responsible for driving scalable growth through demand generation and a customer-first approach.

There are various services that Mindbowser as a leading technology services company is providing today. We are striving to solve problems by focusing on Design Thinking, Clean Code, DevSecOps, and quality automation. Mindbowser has digitized 100+ customers in 7 countries across different industries

With close to two decades of IT services and product experience in building and establishing brands, I have utilized end-to-end marketing skills to build brand awareness and drive revenue for startups

Before joining Mindbowser, I held senior marketing positions at companies such, Synchron, Tavisca, Icertis and others. My extensive experience in growth marketing has enabled me to develop and execute successful marketing strategies that have helped these companies achieve their business goals.

I started working in this field in 2004 and have gained a wealth of knowledge through hands-on experience and numerous certifications and courses to keep myself upskilling. My passion for marketing means constantly looking for creative ways to improve, impact and keep learning to grow professionally as well as personally.

I love coaching young professionals and students by sharing my experiences through my association with institutes and community groups. Also, I've published a couple of case studies with Sage Business Cases USA on strategies to create a market for renewable energy and low-cost menstrual hygiene products in India. I'm passionate about sports and have represented and won lawn tennis nationals for Pune University!

As a woman leader, I am committed to DE&I and as IWD recognizes and celebrates the women and girls who are championing the advancement of transformative technology and digital education with this year's International Women's Day 2023: "DigitALL: Innovation and technology for gender equality". The courage to be oneself and use one's unique ability to nurture, care, and compassion to empower others and the community at large is at the heart of the confidence young women and girls feel today. More power to all women!!

MEENU GERA

That one look on my daughter's face changed Maths as a subject for me to an EMOTION!

I remember the time, it was August end, and my daughter's 9th standard pre-board results had come out. I went to the parent-teacher meeting, where I got to know that my straight-A-scoring daughter had scored a C in her Mathematics preboard!

My world shook!

No, not because she scored less, but I had never seen her so disappointed ever in her life!

Me and my daughter worked together, worked for hours, and on her 10th standard boards, she scored a 10 CGPA in Maths, she was awarded as the best student in her school, she had her picture printed in the newspaper with a confident face, saying "Yes! I made it!", and that is when I felt too, **"Yes! I made it!"**.

Throughout this time I realized it was never her Mathematics skill, it was all external factors, like peer pressure, internalized fear of Maths, and lack of conceptual clarity in class, which made her question herself. All she needed was a good mentor, and I became that for her.

On JUNE 04, 2020, **I STARTED MEENU'S MATHS**. I took some help from my kids and set up a basic online session for students. I didn't even know how to operate a laptop, so I first worked on learning how a computer works from my children (spoiler alert - my children now come to me to seek technical assistance, haha). I started sessions, and then further expanded, I got my website, and my social media presence, and reached different cities, and now COUNTRIES! I'm proud to say I teach not just national but also international students of different boards, and I have removed the geographical bar.

And, this is how I became the Online Mathematics Wizard, Maths Coach, and Founder of Meenu's Maths, MEENU GERA! Awarded as one of the best influential professionals of India in 2021, and recently recognized as one of the top 50 emerging women entrepreneurs 2023.

Till today I've taught thousands of students, and my journey goes on, I'm launching hybrid mode as well to reach a wider audience and help them with the struggle of Maths. This is just the beginning of my goal, which is to help 1,000,000 students to remove their Maths fear, and I know for sure that one day there will be more than a million children who wouldn't get scared of thinking "Numbers, Numbers", and will confidently study Maths, and I'll be the happiest teacher in the world, knowing I MADE A CHANGE!

MRS. MEERA BABU

Mrs. Meera babu, graduated as-law professional, is a dynamic, social activist and soft skill trainer.

She was experiencing hard of hearing from childhood which was a challenging drawback for her profession in the process of fixing her issue she made a big u turn to become an entrepreneur and a health care professional.

NEHA SAHOO

I believe that everyone has the potential to make a positive impact, and I'm determined to use my skills and knowledge to do just that. I'm a hardworking and dedicated individual who is always looking for ways to improve and grow.

I'm driven by a desire to make a positive difference in the lives of others, and I'm always looking for ways to help those in need. I'm excited to see what the future holds and I'm ready to take on any challenge that comes my way.

I belong to Bhilai CG. I did BSc microbiology from Pt Ravishankar shukla University and MSc biotechnology From Pt Ravishankar shukla University itself. I did a summer conference with NIIT students from Shrinagar for Training and industrial visit.

One of my friend approached me to join their organisation in 2018 Then I worked with the for four years as a BDM

I started **Stepworths in 2020** this is a recruitment service. Group of young women professionals who provide quality recruitment services to reputed companies specializing in middle level to senior level position. Recruitment consultants so as to be able to meet our staffing requirements efficiently and promptly.

Vocational Training-Vocational education or Vocational Education and Training (VET), also called Career and Technical Education (CTE, prepares learners for jobs that are based in manual or practical activities, traditionally non-academic and totally related to a specific trade, occupation or vocation, hence the term, in which the leader participates. It is sometimes referred to as technical education, as the learner directly develops expertise in a particular group of techniques or technology.

Background Verification. executive search (head-hunting) participation in the selection process conducting specialist recruitment. conduct verbal reference checks and skills tests. organise interviews with the shortlisted applicants

Today, I want to remind you of something very important: never give up on your dreams, no matter how difficult life can be. You are all extraordinary human beings with immense potential, capable of achieving great things. No dream is too big or too small. No one ever achieved success by giving up. Every journey has its ups and downs, but if you stay focused and motivated, no obstacle will stand in your way. As you face each new challenge, remind yourselves of why you started and what you are trying to achieve. With courage and determination, you can overcome any obstacle and realize your ambitions. That is why I am so proud of each and every one of you. You have shown incredible resilience and strength in the face of adversity. I want to encourage you to keep striving for greatness and to never give up on your dreams.

Together, we can make our goals a reality.

POOJA BAJAJ

“Start where you are, Use what you have. Do what you can ”, said by Arthur Ashe, this is the motto of my life and the principle on which I began my journey. I started my boutique at home in 2012 when my daughters were 6 years old and 8 months old. I always had a keen interest in fashion.

After completing my education, I received a diploma from South Delhi Polytechnic affiliated by Northumbria England, one of India’s renowned fashion schools, after which I completed an internship with two of the country’s top fashion designers. I also managed the design audits and production for a top export company in order to advance my career.

Just when I was on the way of paving my career, I met when a tragic incident in my life, due to some medical issue I was bed ridden for approximately 8 to 9 years of my life, though it was a very difficult time in my life emotionally and physically I tried to make the most of

I began my professional career in one of my home’s rooms with one support staff, and my family was it, I made lots of creative candles, drew lots of designs and explored my creative side in many ways. delighted to assist. I spent the weekend travelling to various fashion hotspots, including Shappore Jaat, Chandni Chowk, Lajpat Nagar, etc., to examine the most recent trends. I began gathering the necessary raw materials and stitching unique Indian cultural wear for my clients. My neighbours quickly began placing orders after hearing about my work, in no time by the word of mouth I started getting orders from my surroundings. My customers frequently suggested that I open a larger set up because they liked the designs and fittings of what I made with small angels at home. I took a step back and continued my small set for about three and a half to four years before adding the help of two more tailors. I was able to take part in several exhibitions to promote metal to a wider public.

Over the years I’ve dealt with a variety of people, each with their own opinions and preferences, which has improved my interpersonal skills, which are, in my opinion, one of the most important factors in maintaining a business and achieving success.

I wholeheartedly believe in body positivity and that one should be independent, accept themselves as they are, while practicing a healthier way of living. I design clothing for all sizes and body types, instead of focusing on one particular body type. I believe that wearing clothes that make you feel good about yourself and that are made for all body shapes is a great way to embrace who you are.

Currently I have a well staffed boutique with satisfied customers. I am delighted, self-sustained and enthusiastic of what I am passionately perusing. I think that when one is truly content and enjoys their work, they can attain true success.

PRITI DAGA

Preeti Daga, Chief Strategist and Training Coach, Linux World (P) Ltd and the brain behind the success of Linux World (P) Ltd and Arth School of Technology. She is a renowned entrepreneur with a strong background in the technology industry. ROSLYN KHONGSAI

Roslyn Khongsai is a Design Label catering globally with Northeast Indian Textiles as main inspiration. The label welcomes customers who appreciate the aesthetics of the Northeast.

The Creative Director “Lhangum Tingneineng (Roslyn) Khongsai” is a Fashion Design graduate from one of the premier fashion institutes of India – National Institute of Fashion Technology, New Delhi, under the aegis of the Ministry of Textiles, Government of India.

During her years as a graduate in NIFT, “Roslyn Khongsai” developed a vision to do something for her society through her imbibed knowledge so that the traditional fabrics of North East India could be showcased globally.

During her years as a graduate in NIFT, “Roslyn Khongsai” developed a vision to do something for her society through her imbibed knowledge so that the traditional fabrics of North East India could be showcased globally. Her graduation design collection which was based on the Kuki traditional motifs was in itself a portrayal of her enthusiasm and attachment towards the traditional fabrics and motifs of the Northeast India.

After working in the garment industry for various organizations from export houses to buying houses as well as a design house for 8 years, she started creative developments. This eventually led to the production of Neckties for men and unisex scarfs/mufflers based on the Kuki traditional motifs. Having seen a tremendous acceptance with the design within and outside the targeted market, she decided to venture into deeper waters by starting her own label “ROSLYN KHONGSAI”. Now, the brand works on textiles motifs from various communities as inspiration.

Today “Roslyn Khongsai” has established the brand extensively and serves so many people in terms of design and styling. The brand is not only involving in manufacturing apparel but accessories like bags & jewelry items as well. As of today, the label has assisted with the livelihood of as many as 30 women workers besides the employment generated through the firm.

SAUMYA SAJAN

Saumya Sajan, the Director, and One of the Founders of St. Theresa School. Her educational qualification is a bachelor's degree from Christ University Bengaluru and has completed her B.ed and M.ed from Bangalore University.

SEEMA NAIK

I am born and brought up in a small beautiful city Rourkela in Odisha. I completed my Msc electronics in the year 2008 . Despite my family wanted me to get married like all other Indian families,i took a decision to chase my dreams and do stand for what i believe . I have always a belief that we as a human being should find the purpose of our life and live that purpose always. I moved from my home to bhubaneswar for Banking preparation as my father wanted me to WORKMIN A Govt sector. Though i had different dreams ,still i prepared for that to start my career. I used to believe something is always better than nothing.

In the year 2010 i cleared one of the tough banking exam for SBI. I joined the SBI as clerk . Then i received appointment letter from Syndicate bank immediate after two months. In 2011 i joined Syndicate bank as an Asst Manager in Hyderabad. I continued my service in for twelve years in different citieslike Mumbai, Goa, Udupi.i lost my father in the year 2017 which shook me from inside. When i was posted in Goa i discovered myself and my purpose.

I joined Toastmaster club where i learned how to structure public speaking. I could give wings to all my passion like dance , trekking , exploring ,learning different skills.I enrolled for few online classes of making candles, Soaps, and beauty products during the pandemic and started preparing and supplying from the kitchen. People started liking the products which brought me the regular and repeated order.

During pandemic i learned few skills as well on life-coaching , book writing , entrepreneurship which helped me to launch my skin care and aroma candle brand Twilight Organic with its first outlet in the heart of Goa ,Panaji city .my mother is the founder and me being the Co-founder i launched the website as well simultaneously. It was not easy managing both with a full time bank job when i was posted in Udupi. I used to work in bank during weekdya and come to goa during weekends to take care of my business. After almost eight months i decided to quit from my job to give full time to my business and also to my coachingI want to be a life coach for which i put my resignation to serve my purpose.

My purpose involvescreating eco friendly ,sustainable skin care products that keep the largest organ of our body ie "Skin" healthy .Beside that we use sustainable packaging for our products. One of the visions of this organisation is to generates employment for women. After over coming my traumas, negative believes and mental blockages i decided to help other women to find their own purpose by bringing clarity in life. I involve myself in social activities in different areas like blood donation, empowering women , educating people about finances, help people to get clarity and build strong core values of their own. I have been funding the education expences of one poor child since 7 years. I welcome every opportunity to serve the mankind with a positive attitude and true spirit.

SHEETAL TARAGI

Being born as an intuitive child with psychic abilities, I was only 3 years old when I first started my journey of guiding souls. My mother was the first person whom I showed a ray of hope. She had a miscarriage and was devastated. With the help of my intuitive abilities, I told her that she would deliver a baby boy very soon and that to on my birthday. And exactly after 1 year I got my baby brother on my birthday, just the way I had predicted. Post this incident, my interest in spirituality started developing and my parents supported my interest as well.

I took interest in martial arts and science and pursued Dentistry as my career. I did so because deep down I knew that I was destined to become a healer. When I was doing my internship that is when I realised that I am not meant to become just a doctor but something more. I wanted to dive deeper in the subject of humanity and other different cultures, hence pursued social sciences and did a master's degree in sociology.

As the saying goes, "to experience light you have to travel through the dark in your life." Being a firm believer of our mystical universe and its divine ways of aligning us to our soul's purpose, I realized that the universe expects more from me. It's then that I decided I must heal myself and find my light within myself rather than seeking it externally. In order to do so, I decided to become a primary school teacher. This allowed me to connect with my inner child and heal her in the presence of little souls around me. Being around these children healed me to such an extent that I was now radiating divine love. I even got promoted to the position of Vice Principal of that school within just 2 months.

Till now the 14-year-old girl, who got inclined towards other important things in life was living a layman life. But let us not forget that she was always meant to find her way back to spirituality as that is where her roots belonged.

In December 2018, I met my husband, and he reignited the light of spirituality in me and managed to convince me to read for him through my combined knowledge of palmistry, numerology, and tarot. That event woke me up from my slumber and made me realise that now I am ready to serve my soul purpose of being a spiritual guide, an energy reader and a holistic healer. Since then, there was no turning back. My husband stood for my spiritual beliefs and became the wind beneath my wings.

Today with his support and faith, I am serving as a PALMIST, NUMEROLOGIST, VASTU SHASTRI, ASTROLOGIST, CHAKRA BALANCER AND A PRANIC HEALER. I have also launched healing mists made of rain water and a love guidance deck for those who are on their love journey. This deck is inspired from my personal experiences and journey and is my way of giving back to the world. We all need some guidance and the best one comes through experience. I always have a hunger for knowledge, as I always like to upgrade myself. Therefore, I am currently pursuing a degree in HUMAN DESIGN to be able to serve the souls who are in need of divine guidance more effectively.

SHASWATI PHUKAN

I My profession chose me, turned out to be my passion.

A young boy once approached me, seeking my counsel. Like most teenagers, he seemed to be entangled in a romantic crisis- or lack thereof. The poor young boy told me, flushed and distressed, that he wanted a girlfriend. The sole reason for this need was simply because he had no intention of letting his friend think he wasn't interested in girls. We can imagine this situation as a Russian Doll- too many layers to it, and there will always be something new or old, significant or trivial to unfold. I can go on about how this raises the question of social stigma around homosexuality or a less than appreciative approach to platonic relationships.

But the crux of this situation required something I had worked for years to master- to wait, listen, and understand. Sounds rather easy, does it not?

As a doctor's trainee, I was stunned into silence and dumbstruck quite a few times when we had to take on challenging patients who gave me an insight into what was to come if I were to continue on the path I had chosen for myself, learning the many layers and depth of psychology. From awkward situations to dangerous ones, there were plenty of hurdles to cross before I could even think of wearing my victory crown.

A good many people know me by my profession, a psychologist. Some regard me as an inter-life skill coach while others are more familiar with my role as an educator. The journey I took was a long one and I have had the honor of taking up several roles, all of which contributed to shifting all of my priorities into one mold which shaped the kind of person I am now. If we take a look back into my life, it stretches back to 13 years ago when I began my journey as a life skill coach. From Bangalore to Assam to Meghalaya, I have had the privilege to visit more than 50 schools to practice counseling, experiencing the changes in the lives of the children, watching the layers of normalcy peel back to lay bare unfortunate circumstances of child abuse and even child marriages in certain instances.

My next journey of putting good use of everything I had learned in psychology began in Assam as I started a clinic, Chikitsa, at present medicity in Hatigaon, which further led to becoming a psychologist in two known rehabilitation centers, working as a resource person associative with Cambridge University for Northeast Division.

There is the constant battle of challenging stereotypes and social stigmas and maintaining the drive to educate the ones in need that keeps me going as a psychologist and an educator. My profession brings forth a barrage of challenges that I intend to tackle one step at a time. It requires patience, faith, and plenty of belief to remain rooted in one true goal and I hope to cause even a ripple in a wide river, taking small, cautious steps to something good, something nice- to give hope and make lives better.

SUCHITRA SUDHIR

Practicing Gynecologist in Ashraya Hospital, Mattanur, Kerala.

Has delivered nearly 40,000 healthy babies.

Founder President of SWEET charitable Trust (Service for Women Empowerment and Educational Trust) which gives;

With one of a kind educational modules, teaching method and imaginative projects we have been showing tremendous growth in Aviation, Hospitality, Travel administration and customer care.

TAKIO YAKAM CHERA

I am a simple girl from a remote and rural part of Arunachal Pradesh, who has been fortunate and brave in equal parts to have the golden opportunity of getting education and also giving education today. I am currently the principal of a humble but vibrant school founded in the memory of my elder brother namely Pobi Memorial School in the state capital which today provides education and care to more than 200 students from various parts and tribes of Arunachal Pradesh.

I completed under graduation in Business Administration from Annamalai University, Chennai in 2011 and enrolled in MBA under NERIST, Nirjuli before dropping mid-course to pursue my higher call of duty and dreams. I have further completed M. Ed in Management from IGNOU in 2015 to augment my understanding and academic exposure for the profession of teaching and creating a hub of education. As part of my experience in the education sector as a middle-school teacher, I completed DLET (Elementary Education) from IGNOU as well.

My eventful journey in Education Sector begun when I joined as a SSA (Sarva Shiksha Abhiyan) teacher in a Middle School situated in the remote part of Rural Arunachal Pradesh namely the Kurung Kumey District in the year 2013. In this period, I gained tremendous and paradigm shifting outlook on the poor education system in govt schools in Arunachal Pradesh which was forcing guardians to shell substantial financial resources for quality education for their wards away from their ancestral villages. The poor and illiterate parents were left with no recourse but to send their children in the poorly constructed and run govt schools in the name of education.

I resigned from my job as a Govt Teacher in 2015 after being presented the invaluable opportunity to take the helm of Pobi Memorial School in Itanagar, which was founded by a trust run by my family members. Growing up, I was always an average student academically but my strengths lay in my emotional and social traits. I have strived my entire life to work relentlessly and sincerely to cement myself as an able woman capable of shouldering responsibilities and manoeuvring against all odds.

Since taking the role as the Principal, I have succeeded in instilling a solid foundation and system for the school to function with the participation of more than 13 Teaching staff and 8 non-teaching staff. The school provides education to students from the pre-primary stage to the standard of class VIII. We have residential hostels for both girls and boys, quarters for both teaching and non-teaching staff, a library a bus for day-scholars and a dedicated van for pre-primary students. Since taking the role as the Principal, I have succeeded in instilling a solid foundation and system for the school to function with the participation of more than 13 Teaching staff and 8 non-teaching staff. We have residential hostels for both girls and boys, quarters for both teaching and non-teaching staff, a library a bus for day-scholars and a dedicated van for pre-primary students.

YASIM HABIB

Yasmin Habib, a Consultant Nutritionist based in Bhubaneswar, Odisha, has amassed a wealth of experience in the nutrition field spanning more than ten years. She has successfully advised over a thousand clients in both offline and online settings, and has conducted workshops and seminars in various schools and offices.

Her extensive list of clients includes individuals, celebrities, and organizations who have sought her expert nutritional guidance. Yasmin's primary goal was to empower women to feel confident in their bodies, and she achieves this by delivering her talks and advice in Odia and Hindi, as well as providing easy-to-follow diet plans for homemakers. She is also actively involved with a cancer palliative care center and volunteers her services there. Although she has a B.Sc in Chemistry, Botany, and Zoology, as well as a B.Ed, Yasmin decided to pursue her passion for nutrition in her mid-40s by earning a Diploma in Dietetics and Clinical Nutrition from IGNOU. She also built a health and fitness center from scratch, which serves as a shining example that it's never too late to become an entrepreneur with the right mindset.

ADITI GUPTA

My journey in entrepreneurship began after completing my B.Tech when I decided to pursue an MBA. It was during this time that I was introduced to the world of entrepreneurship, and I was immediately attracted to it.

After gaining industry experience, I started my first venture, Inkling Designs, which specialized in personalized stationery. This venture gave me the necessary experience and confidence to start my second venture, Design Resource Ltd, which I co-founded.

As an entrepreneur, I have always been a self-learner and believer in upskilling. I constantly strive to learn new things, stay updated with the latest industry trends, and implement them in my business. This has helped me immensely and has contributed to my success.

However, leading a business is not just about running it, it's also about giving back to the society. This is where social work comes into play. As a mother, I strongly believe in the importance of giving back to the community and making a positive impact in people's lives creating a better future for generations to come.

This is why I volunteer for Bhumi in the media4design team, where I use my design skills to help create awareness about various social causes. I have also been working for the Janta Adarsh Blind School for the last seven years, which is very close to my heart. Through my work with the blind school, I have been able to help improve the lives of visually impaired children, and this has been one of the most fulfilling experiences of my life.

Business and social work may seem like two different worlds, but they are closely intertwined. Through social work, we can use our skills and resources to give back to the community and create a better world for all.

In conclusion, my journey so far has been an exciting and fulfilling ones and I look forward to better times and more learning.

MS. AGHILA KS

I'm Aghila K Sukumaran. New entrepreneur at Kochi. I born in a middle class normal family. We are 5 in my family. I have two siblings elder sister and one younger brother. On my teen age my family struggle alot with financial issues. So me and my sibilings try to adjust everything with the situation. I am didn't study much better, pass in all class. I complete my under graduation with BCA.

Immediately i start to work at the age of 21. My dream was to help my parents and also I need to become financially independent..

Then I got a better job in a private firm at Kochi. But my salary was not much better. I work hard and taken over time duty , there is no improvement.

I get upset on that time also mentally down. So I quit my job and start to my career as a teacher in a private school at kochi. I enjoy alot my job. And that was a heaven for me . Kids are loving like a good friend and I enjoy my three years with them.

On 2019 I lost my teaching job because of COVID issues. On that pandemic issues me and my family struggle alot of issues. So I went back to my IT job. On those days i really frestrated and irritated with my job and managers. After six month i quite again the job and take three month of rest at my hostel room. In my hostel room I have three room mates. Due to COVID they went to their home. So I simply try to start to make different kind of dishes. I enjoy that alot. From morning to evening I make 2 to 3 items.

From this moment my life has changed. One of my friend at kochi is struggle with COVID 19 and she didn't get food at that time. So I make 3 time meal to her. She told me at first, for first time I eat the delicious food. I thought at that time she is just jocking.

She told me after 2 weeks " just make food and deliver to the people's those who want homely food" . Then I also think that just let try first. If gone successful then let me continue that. After two weeks i got myfirst customer. I make delicious food for him and he paid 500 for one week . I was very happy and satisfied with the money and my hardwork.

Then I continue the cooking for 3 months. I get more that 100 customer in 3 months. I enjoyed and proud to be that. Now I have 20 employees and 500 + customers in daily basis. My struggle make me more powerful. My dreams make me the way to success.

My dream is my key to success. My restless work made my every single day.

ANUPAMA VAIDYA

As a Business & People Strategist, Anupama Vaidya is a reflective speaker who challenges the organizations, teams and individuals to unlock their potential and discover the world beyond the obvious!

Her in-depth approach of comprehending businesses, conceptualising and driving business models & solutions coupled with her profound experience in people strategies & human-centred approach enables business leaders and founders/entrepreneurs to leverage her extensive business management expertise.

Her value difference comes from her contemporary approach to the understanding of human dynamics and behavioural sciences with her extensive study and work in the space of leveraging neurosciences for organization and people development (individual, team, leadership). As a certified neuroscience practitioner (MiND certified), she seamlessly integrates neurosciences for business impact and influence. Through her partnerships, Anupama always lives her motto of "Make a Difference, always..."

ARPITA JOSHI

I am Arpita Joshi, mother of two and a wife of businessman.

I am a strong believer of karma, a reiki practitioner, akashic reader and a full organ donor.

I love to meditate. My motive for life - keep your karma clean as much

Travelling gives me joy and courage.

My solo travelling has encouraged me to start a travelling group for women. I started my Travelling group "Pinksuitcase" in year 2016 with a moto of For women by a women. We have done multiple domestic and international trips.

My fav. Quote- **Surround yourself with a set of people who make you bloom.**

These are few achievements of my small journey with Pinksuitcase.

- Selected as Top 20 influencers of Madhya Pradesh, as handloom promotor and starting first ever women travelling group in Madhya Pradesh
- Collaborated with MP tourism for exploring Forsyth trail - Queens on the trail (Never been explored by any group before)
- Indore Marathon - 10 km marathon in Saree, honoured by AIM.(2019) to promote saree
- Founder of Pinksuitcase - a women travelling group since 2016
- Founder- Saree speak Indore Chapter (2018- till now)
- Patrika Facebook live with Smt Ruma Devi in 2020
- Collaborated with Mrignayanee (Mp hathkargha) for promoting Handloom and did first ever Ramp walk in Indore and Madhya Pradesh

Please feel free to get back to me in case of any queries and concerns.

SUNAINA NANDA

My journey as a chef had different turns and ups and down and if I talk from the very beginning. I was born in Delhi and this all start with my precious mother who enjoys cooking it was never a task for her it was her first love and seeing her inspired me like cooking is not something ordinary it's something extra like you can make whatever you want it's just the play of spices moreor less it's on you its magic simple magic ones you learned the trick it keeps getting more and more better every time.

From then I choose my dream (India's no. 1 chef) but being in such a restrictive household it was never easy as I thought it would be because girls never get options just orders. And it was devastating but I knew patience was the key to success.

I kept waiting just for that one opportunity and then being my marriage made me hopeless and I thought that how life works for me. I had no control over my own life. But, who knew my marriage would be a turning point in my life. I got a very supportive husband who listen to me and wanted me to pursue my dreams and got admission to college where I got my Hotel Management Degree.

My first big opportunity was to come on a TV with a program on Navratri Food on DIVYA CHANNEL. And things were going well better than I imagined. Now in college my food production sir Mr. Mandeep Kalsi asked me to make some videos of the food and when I showed him he has loved my videos and suggested I start my own YouTube channel of cooking. Then I started my YouTube channel (MULTICUISINE CHEF SUNAINA NANDA FOODS) and after some time I started another channel (HM Chef Sunaina).

Now there was a point in my life where I have to choose a place for my training I went with the option of a FIVE-STAR HOTEL. There I met Chef Rahul Sirivastava who is my first guru and then many others who gave the track to my cooking career. After I completed my training the Chef from the FIVE-STAR HOTEL called to prepare some delicious recipes for the Navratri festival and gave me a job after then opportunities won't stop, it was coming just for me and I wanted to take it all with confidence working with such a big brand FIVE-STAR HOTELS. Now I went fearless working as a Chef. This book has my heart and is full of my recipes and new magic I created. Want to learn the tricks? Here you go have it all.

DR. CHHAYA PATHAK

I never daydreamt about success I worked for it Proud to be a doctor I am a cancer fighter. Aim of my work is Less Restless and Rest Less...

Myself is child specialist working in Varanasi Uttar Pradesh (India). I have done my post graduation (M.D.) in pediatrics from MLN Medical College, Allahabad, Uttar Pradesh (India) in 1986 since then I have been working and serving the society in the form of child specialist. I am founder & one of director of Vatsalya Super Speciality Children Hospital, Varanasi Uttar Pradesh (India).

t. I am having PICU, NICU, and Clinics for pulmonary disease, Asthma & allergy patient, gastrointestinal problems and pediatric Cardiology. We are dealing with the children with different diseases and cancer also. Apart from this routine work I am involved in social work also, in the form of free care to mother for their problems. Taking counselling sessions to give knowledge about the proper breast feeding, child rearing, child health and psychology as well as taking free health checkup camps around Varanasi.

I am trying to enhance the women empowerment through our hospital as well as through many women clubs. I have started doing free health camps in schools and mainly Tambacoo Chhodo Abhiyan in adults as well as in adolescent. I have taken classes, lectures, gone to village schools and given my great effort for teaching and making aware the children about the side effects of Tobacco. So that oral cancer can be prevented or we can reduced the risk of cancer in adults. Sir I want to tell that I am a cancer fighter, I was having- CA Oesophagus 12 years back was operated taken chemotherapy, recovered by the grace of God and blessings of my family members, friends, specially my little children, my patients who have given me lots of love, asked dua to God for me, according to their parents.

Since 35 years I am serving society as a doctor, social worker, teacher, helper and at time I have to behave like mother for poor & needy children. But this work had been enhanced since 12 years as I have second life. Since then till now, I am working 20 hours/day for betterment of child, small babies, needy poor patients, their parents and grandparents. I am doing counselling and working for cancer patients, their families in the form of all type of help, like Counselling, Enhancing their Confidence, will power, faith in themselves and God. Apart from all these activity, I am an active member of Beti Bachao Beti Padhao Abhiyan. We have done lots of work in corona phase in preventing the children especially Corona affected parents.

I thank God and my family who supported me in each and every ups and down of life, and making me Fighter to reach my Goal.

DR. KUSUM GAUR

I was borne in a small village of UP India named 'Devi Singh ka Nagala' tehsil kher district Aligarh, which was named on our forefather's name. I was born in year 1960 after 9 years of marriage of my mother Mrs Santosh and my father Mr. Sunderlal Gaur. In my village there is no tradition of female education at that time, so Surpanch of village raised objection and called Panachayat to take action and insisted to my father to get my marriage done at earliest (at that time I was in 9th standard).

But my father took my side and states that "If anybody has some issue, she'll not come to village till her marriage but marriage will be done after finishing her education". "And I'll put an example of her to motivate you all for female education". These words of my father have been always ringed in my ears. So give my 100% in studies and did medical.

Since my childhood I was having tremendous faith on Hindu God Hanuman Ji and being eldest child in my family decided not to marry. But Dr. Mahesh Sharma's unconditioned love towards me compeled me to marry him without dowry and set an example in my village by keeping my father's words. After this instance people of my village were motivated for female education. And presently there are female advocates, engineers, teachers from my village. And I am having one married son Aviral & daughter in law Neha and enjoying my family life along with my professional assignments. I was also having a spiritual urge in me, for which I am working continuously. With the motivation and support of family I continued using my expertise for mankind. Some of my assignments are as follows:-

Developer:

Scale (2) : 1. Gaur's Socioeconomic Status : 2. Spiritual Health Assessment Scale (SHAS) Mobile Apps (2) : 1. P Value: A Statistical Tool 2. SHAS: Spiritual Health

Present Professional Assignment:- ☒

- Rajasthan Nodal Officer for COVID-19 (ME)
- President of Rajasthan Association of Preventive and Social Medicine
- Professor & HOD, Department of Community Medicine, SMS Medical College, Jaipur
- Member of Research Review Board, SMS Medical College, Jaipur ☒
- Chief Editor of International Multispeciality Journal of Health ☒
- National Advisor of o Indian Journal of Forensic and Community Medicine (IJFCM) o Indian Journal of Engineering Research and Science(IJERS)

MS. LAJITA THAMPI

Success is never Easy – Believe there is no substitute for HARDWORK (Lajita Thampi)

I had always found comfort being in the secured space of a JOB representing an Organization and heading the helm of affairs for the division I was responsible for. A passionate, self-driven worker by nature, holding on to the ethics and values of the organization, I spent around 25 + years of my career in the education sector.

From Being a teacher for Grade 1 to 10, I discovered my passion and skill for teaching. Thereafter, while working with Organizations like Cambridge School, Fr. C. Rodrigues Institute of Management Studies, Aptech Ltd and Times Professional Learning (A Bennett Coleman Co. Ltd), whether Teaching Business Communication for Management Students or be it training Students joining for Vocational Education post their Graduation or training a team of the BSF at Mumbai airport, my passion for teaching and empowering, helped me sharpen my skills.

The last 30 + years have been almost like a dream. Yes, responsibilities from all the corners, be it a daughter, sister, a wife, mother or a friend, Life has been like a smooth stream rippling over pebbles and my FAMILY made me self-motivated, determined and supported me in taking the right decisions at the right time. Is it easy for a woman to handle a challenging career and family responsibilities?? Here again I would like to make a special mention of my parents and my Late Husband who were always ready to share my other responsibilities, when my career demanded more out of me. My sister, her husband and their son (He is my Son too) pushed me always to take a plunge into whatever I liked to do.

My best stress buster in life, My passion for Dancing...

I am a trained dancer in Bharatanatyam, a few years of Mohiniattam and very recently learnt Kathak for a few months!!!! It made me happy and happier, and even today I believe age is just a number and I can just be on my feet to burst the stress in me.

from being an Employee to becoming an Entrepreneur/an Employer and they decided to walk along with me, one silently and the other physically into the journey of KAREERKRAFT NEXGEN EMPLOYMENT ADVISORS LLP. My Clients, not to forget them, who continued to instill their ongoing trust in me by entrusting their recruitment needs to KKNEA. Thank you, my Clients, for your business, your trust and your confidence in KAREERKRAFT NEXGEN EMPLOYMENT ADVISORS. We take real pride in your business with us. A Big Thank you, all my well-wishers who keep blessing me and motivating me.

KKNEA has just begun its journey, and as Robert Frost said "But I have promises to keep, And miles to go before I sleep, And miles to go before I sleep." To all the younger aspirant: I would just say "Every Accomplishment starts with the decision to TRY"

LALITA JAYMON

"All our dreams can come true if we have the courage to pursue them." Walt Disney

Teaching is my passion. I have been in this profession for more than 14 years. My students are my dream, I am committed to see my students happy and successful citizens. And as Principal I am more responsible to create learning atmosphere for all at school.

Powerful learning and teaching occur under a shared spirit of respect. I believe and celebrate the fact that every student is different, as a person and as a learner. At my school 'Global School of Excellence' human beings are valued and can fulfil their potential both as teachers and learners.

We foster a positive approach and believe in partnership among students, teachers and parents to achieve Excellence in holistic development in students through inculcating and imparting moral and social values to serve others (End of the every month students share food, clothes and books with not so lucky children - kind spirit activity at GSE), art integrated (students learn through art integration, sports, music, drama, presentations, group discussion, study tours and exhibitions at GSE), skilled based education to hone their inherited talent.

My effort is to provide an atmosphere to my students for multifaceted development, where children are encouraged to channelize their potential in the search of excellence. This school is a platform for students to think, express, and exhibit their skills to empower themselves to achieve success in every sphere of life, with the teacher being a mentor.

I am blessed to be in this noble profession and always feel honoured to have the opportunity to lead the team of Global School of Excellence for serving mankind and the great nation.

LOVENEET KAUR

I am An Iron Lady/ Go-Getter/ Freedom-Loving / Self Sufficient / Ambitious / Courageous / Exuberant / A Blogger/ Award Winning Professional / A Customer Retention Leader / A Business Strategist / A Pure Soul, with 24 years of rich experience in different spectrum of Business Development, Sales & Marketing, Team Management, Customer Relationship Management, Operational Management, and have served Pan India with 18 years in leadership role.

This has allowed me to be an enterprising Leader & planner with a strong record of contribution in invigorating businesses, heightening productivity & achievements, targeting assignments as a skilled individual with penchant for doing things right and within timelines makes me victorious in all projects of my career growth. My achievements also add being certified internal auditor for QMS, FSMS & BRC Iop IV. I did my Bachelors in Science and Post-Graduation in Public Relations & Advertising Management from Y.W.C.A. Delhi with Corporate Communication training @ BHEL, New Delhi corporate office.

My Current Professional association is with Uflex Limited (Largest Global Manufacturers of Flexible Packaging material and films and a Polymer Science Company) and I feel proud in being part of this diversified group, which has played a vital role in transforming me into a charismatic, communicative, understanding, and caring person. My ride towards Leadership Ladder, started with new challenges and new doors opening to learning, service, quality, innovation, which had been a winning combination for me. I here have grown with every passing day and driving business growth, capitalizing on new revenue potential & managing all aspects of daily business operations. "Every moment is a fresh beginning." "It's never too late to become who you want to be. If I go back to the memory lane, the 1st thing that comes to my mind is the beginning of my new journey @ Uflex 4 years back.

1st achievement was in getting an opportunity to join this gigantic group in my success ladder. This journey started with new challenges of handling new set of corporate customers, with different product range and much premium brands.

I have been recognized and chosen, in Top 15 Women Leaders, for Uflex Campaign " Breaking the Barrier 2022" - As a skilled / Super Women, where I was given platform to showcase my success story to the world of being successful women and defeating every challenge of gender bias.

I must say I don't end my day, but I enter into a new me. I have yoga / meditation session, then I connect with my family whom I love to spend my life with. My family has been my biggest strength who have raised me like their son and curated me a much stronger person, mentally, emotionally and physically.

Lastly, I show my sincere gratitude towards Women Leaders Forum, for recognizing me from within this Globe and giving me this platform to showcase my own self to the World. I am thankful for this exposure and for your benevolence.

MALINI GANESH

I entered the legal profession 50 years ago as a first generation lawyer from a middle class family in the down south. I was the only girl student in a class of 105 in the Madras Law College in the early 70s. I developed acourage to remain as a bold student and reach my goal. There was no looking back since then.

The legal profession was then male dominated and hardly women were taken seriously . Rather they were considered as "Adjournment Lawyers " adding colours to the chambers. I decided to break that tag and insisted in appearing and arguing the case which undoubtedly took me forward. Treading through the difficult path with hard work and determination alone as the capital , yself as a successful woman lawyer of my times. By my unstinted efforts, I developed independent practice and became the first woman of my times to found a legal firm Malini & Mangai with many young lawyers of both genders joining my firm .

I spread my wings to other States also andsoon earned great appreciation from both the clients and the Bench. Had the unique opportunity of appearing in High Courts and District Courts of all the States and the Supreme Court, and other Tribunals.

Arbitration & Dispute Resolution became my forte making me a techno-legal expert in engineering and construction projects. Pioneered contract management consultancy services to various infrastructure projects.

Is a recognized Independent Director and an Empaneled Arbitrator with Indian Council of Arbitration, Construction Industry Development Council and other reputed professional bodies.

Acclaimed guest faculty for Master Classes and Executive Development Programs in Contract Management, Dispute Resolution and & Arbitration.

Presently heads as the Senior Attorney of Malini Ganesh & Associates, Attorneys at Law guiding many young law practitioners operating in different branches of law.

Standing today on this Women Achievers platform and looking back, I feel immensely happy and proud of the path I have walked through and the place I stand as an Achiever.

Thank you all for this recognition.

MANISHA **ANGRE**

Manisha Angre is an accomplished academic head with a proven track record of success in education management, mentoring, and leadership. She is a living example of how education can transform lives and how a passion for learning can be used to help others reach their full potential.

Manisha's journey to becoming an academic head was not an easy one. As a girl child, she faced various hardships in completing her education.

With her sheer determination, Manisha completed her Master of Arts degree in English Literature and a Certificate in Teaching English as a Second Language (CTE), which gave her strong academic skills. She is also a career counsellor and a skilled content writer. Her passion for teaching started with home tuitions and a pre-primary teacher. She then climbed the ladder of her career with her zeal to learn, grow, and teach.

Manisha's expertise lies in the field of IELTS training. She is a certified IELTS trainer, and her success rate in helping students score high bands in the exam is outstanding. She has trained almost 2 lakh students through the online platform Leap Scholar, where she currently works as a Master Trainer. Her efforts have helped thousands of students score 7+ bands, hundreds scored 8/8+ bands with a few scoring 8.5 in writing and 9 in speaking modules. In her role as a master trainer, she has trained new educators in IELTS, GRE/SAT head, and academic head and verbal faculty for a range of exams.

Manisha's passion for teaching and continuous learning is what sets her apart. She is always seeking new opportunities to expand her skills and knowledge, and she firmly believes that learning is a lifelong process. Her dedication to her craft has earned her numerous accolades and awards. She is a recipient of the Best Educator award at Leapscholar in 2022.

In addition to her work as an educator, Manisha is also a mentor and leader. She is known for her ability to inspire and motivate others to reach their full potential. She has mentored numerous students and educators, helping them to overcome their obstacles and achieve their goals.

In conclusion, Manisha Angre is a true inspiration to all. Her journey from facing hardships to becoming an academic head is a testament to the power of education and the human spirit. Her passion for teaching and continuous learning has helped countless students achieve their dreams, and her leadership and mentorship have inspired many to reach for the stars. She is a shining example of how education can change lives and how one person can make a difference in the world.

MANJU JALOTA

Alankrit was conceptualized by Dr. (Col.) Vinod Jalota and Mrs. Manju Jalota in early nineties.

The main idea was to generate employment in rural areas by way of Chikankari amongst women. Employment and empowerment of women is key to success of society.

Giving work to the workers directly abolishing the idea of middle man was first of its kind twenty eight years is a long span where this organization has stood by spreading this Spirit in about 22 villages and supporting 1200+ families.

Founder Mrs. Manju Jalota was awarded the best women entrepreneur of the country in 2001-2002 by FICCI flo.

I personally go with my team to visit each village once a month to give them work and collect what they have made give them money. This has been continuing without fail from so many years.

The main idea is to make the rural women economically strong The journey has been long but the motto is determined

MEENU MEHAK

I would start with a quote which resonates a lot with my life story when I saw it all in retrospect.

"Success is not counted by the number of victories, but by the number of struggles you've overcome to reach those victories." - Ralph Waldo Emerson

It is with gratitude that I reflect upon my journey in the realm of Indian women fashion and bridal wear. 25 years ago, I started my boutique with a simple dream - to provide for my family and to offer customers designs of exceptional beauty and uniqueness for their most cherished moments. What started as a small business from a small room has now blossomed into a thriving enterprise, a testament to my commitment to providing a great shopping experience and building meaningful relationships with my customers.

I do not view myself as a trailblazer or a symbol of inspiration, but rather as a humble regular person who has worked hard and achieved success. I feel blessed that I received this opportunity to share my tale and ignite the sparks of hope in others.

The path to success is not without its obstacles, but I simply persevered and focused on providing the best I could for my family and my customers. Women play a crucial role in the fields of entrepreneurship and commerce, and I am honored to have made a humble contribution to this growth.

I believe that my success is due to several factors. First, I have always been passionate about fashion and design. I have a keen eye for detail, and I am always searching for ways to improve my designs and make them more unique. This passion drives me to work hard every day and always strive to provide the best possible experience for my customers.

Second, I understand the importance of building relationships with my customers. I make it a point to get to know my customers and understand their needs. This helps me provide them with personalized recommendations and ensures that they have a great shopping experience. I also make sure to listen to their feedback and use it to improve my business.

Finally, I am committed to providing a great shopping experience. I understand that my customers are entrusting me with an important moment in their lives and I take that responsibility very seriously. I ensure that my stores are clean, organized, and well-stocked. I also make sure that my staff is friendly and knowledgeable, so that customers feel welcome and supported throughout the shopping experience.

My story is not one of personal grandeur, but rather a reminder that with tireless effort, unyielding determination, and a passion for one's calling, even the most modest of dreams can become a remarkable reality. I am grateful for the support of my family and the community I serve, and it is my sincere hope that my journey may inspire others to pursue their passions and attain their full potential.

MS MANISHA

I Manisha Soie is a young dynamic woman with more than 15 years of experience in Aviation and Hospitality sector, training, and recruitments. She is a certified NABET trainer, Aviation and Hospitality Expert and Personality Coach.

Manisha started her career as a cabin crew member for an International Airline- Qatar Airways and that gave wings to her career. Soaring High became her nature and she continued on her growth spree. Over a period of 15 years, she worked with different airlines After serving in the Aviation industry for 15 years, in the year 2020 she started her own Academy. Avis Aviation Academy,

focuses on imparting high-quality education and training and transforming aspirants into skilled resources. It aims at the comprehensive growth of the candidate to become a confident individual with distinct personality through various courses which ensures success in all areas.

It was while interacting with young individuals, she realized that there are lot of people who have the potential but lacked the confidence to express themselves. Being a Personality Coach she started Avis Personnalité School. Avis Personnalité School is passion driven and committed to help individuals build their personality by improving their self image & self esteem through systematic and structured program. Manisha truly believes and advocates "We Build Personality and the Personality Builds YOU!!"

Manisha also advocates women empowerment. Her academy has separate courses that empowers and trains women for knowledge building and skill development. Manisha is on a mission to make everyone's dream come true with the right set of skills & guidance.

MEETA DESAI

Meeta Desai, with 16 years of experience in training, coaching and mentoring; the founder of StrongRoots – Empowering Knowledge.

The inception of StrongRoots took place when I started working with Corporates and students and understood their (MAP) Mindset, Abilities and Persona. And mentored them in driving their career on the correct road plan to achieve their milestone; with a mind-map with no expiry date, as once you master a skill there is another skill awaiting to be polished.

That is when I felt as the Founder of StrongRoots, it was the time that I made my roots strong enough to mentor individuals to discover the spark within them and ignite the flame of success

Hard Skills would take an individual to the door of opportunities, but the real key to unlock the door of opportunities is Soft Skills – and this is what I mentor and train my clients with.

As a trainer, coach and mentor I design outlines as per the MAP (Mindset, Abilities, and Persona) of each individual ensuring a personalised program, as every Individual is born with one or the other weakness and strength, we at StrongRoots guide them strengthen their weaknesses and polish their strengths, making their Roots Strong enough ensuring that no storm can uproot them. We may not produce Kadupul Flowers, we may not groom one to be the Blue Puya Flower, nor give out Freesia Flowers, as StrongRoots believes in bringing out the Lotus from the muddy pond.

NAZIA CHOUDHARY

Ms. Nazia Choudhury is a 'Hotelier' turned 'Entrepreneur' cum Principal and Mentor of Hospitality based Ventures & Management. Currently she heads the Ashiraj Education Overseas Consultants Pvt Ltd, a 12-year-old Consultants company based out of Mumbai and Pune. She is also the Founder of Edith Brain with Wings Pvt Ltd, a new age child counselling start-up aligned to the vision of 'Mental & Emotional Wellbeing of students during pandemic'. The venture is all about responsible assistance of college/ school going students suffering from Mental pressure and social media exposure. Along side Ashiraj adds more options helping students to find new horizons and better job opportunities overseas.

Ashiraj has only helped becoming a bridge between the industry and the skill set needed by the industry. The student population is addressed according to their skill, then guided to the various courses available in the market and then opportunities accordingly are scoped for their future success.

PAn alumna of India's premier Hospitality school, Oberoi Centre of Learning and Development – Delhi(OCLD – 2005). Ms Choudhury is pursuing her Doctorate in Hospitality Studies from Pacific University Udaipur and her contribution will be in Understanding the impact of Zero % Alcohol consumption on the Millennial. Her most recent accomplishments was at THECON 2023 Aurangabad – An International Conference in which she bagged the Best Paper Presenter.

Prior to her foray into entrepreneurship and higher education, she has worked for more than two decades across India and the entire globe. In her Hospitality avatar, she has held a leadership position in Food & Beverage Management, Housekeeping Management with The Oceania Cruise liners, The Oberoi Group, The Taj, Hyatt, JW Marriott. She also served as a core member for St Francis Institute of Hotel Management, contributing to the inception of a seven-floor hotel management college campus and obtaining NCHMCT-IHM private college affiliation in 2023, after 65 years of IHM Dadar's establishment in 1954, now known as Dr. Thangum E Philip. Ms. Choudhury's areas of expertise include Talent Acquisition, Hotel Management Set up and it Working, Restaurant and Bar set up, Menu Development and Revenue Management, F&B Management and Counselling.

As a child, Ms Choudhury was intrigued by the various aspects of Hotel Industry and at a very early age knew where her heart lies. Graduating from D.Y Patil – Pune and cracking one of the finest Management Trainee program was instrumental in paving the way for her onward journey to set up multiple milestone as a small town girl then. She has been operating successful business enterprises since then. Her professional and Educational expertise has benefited a large number of Hospitality students wanting to either settle board or work in different continents. Currently, she is working on a handbook on "Much needed questions and answers during the hospitality interviews" and an app bringing all the text book and theoretical knowledge related to hotels at a click of a button.

PRACHI JAIN

As a forward-thinking ecopreneur, sustainability consultant, and devoted human rights advocate, I bring over 18 years of transformative experience to the table, fueled by a fervent commitment to raising awareness and catalyzing action for sustainable development and climate change mitigation.

Holding an MBA from a prestigious institution and an insightful PhD (pursuing) from Geneva, Switzerland, I took the initiative to establish Climate Corporate Solutions in 2021. Our start-up is dedicated to educating diverse stakeholders and streamlining licensing regulations for businesses by delivering transformative services, all while ensuring a smooth and efficient operational experience.

As a National Advisor (Environment and Climate Change) for the World Human Rights Forum in India, I work tirelessly to generate awareness and elevate environmental sustainability and climate change discourse to a broader stage.

. I also serve as the Vice President of the India-Israel Business Council at the Women's Indian Chamber of Commerce and Industry (WICCI), where I engage in critical discussions about the challenges both nations face in achieving sustainable development. Moreover, I am honoured to be India's G-100 Mentoring and Motivation Wing North Region Chair, furthering my mission to create awareness around sustainable development and climate change.

My work has provided ample opportunities to conduct workshops, guest lectures, corporate training sessions, and online classes for students, learners, and educators. Through these interactive experiences, I strive to enlighten and motivate the upcoming generation of leaders to recognize the paramount importance of sustainability and climate action.

A significant obstacle we encounter is the reluctance of corporations to alter their practices, often viewing sustainability as an additional expense rather than a valuable long-term investment. However, my team and I persistently demonstrate that embracing sustainable practices can lead to financial savings, an enhanced reputation, and a strengthened brand image.

I take great pride in the impact my work has had thus far, having educated a multitude of stakeholders—business leaders, students, and government officials—on the significance of sustainable development and climate action. We have also assisted corporations in integrating sustainable practices into their business models and policies, effectively influencing the environment and society.

As we progress towards a more sustainable future, I remain confident that my team and I will persist in instigating meaningful change. I am dedicated to leveraging my expertise and experience to create a better world for future generations.

DR. RAVNEET KAUR

Dr. Ravneet Kaur, Principal of Guru Teg Bahadur International School, Kalyanpur, Dhariwal, hardly needs any formal introduction. She is a household name in this area for her dedication, sincerity and commitment to the development of education. By dint of her hard work the school has achieved a rare distinction of getting the topmost position in Punjab and India.

A few years back, the school was started with a humble strength of students. Everyone then thought that the school being at a distance from the main city would not be able to survive but Dr. Ravneet Kaur Principal proved everyone wrong. It is now the most sought after school in the area.

The time came in the year 2004 when Guru Teg Bahadur International School was opened with the assistance and blessings of the family and near and dear ones. Since the inception of the school she has worked her fingers to bones. She visited many schools at national and international level and designed the full curriculum of the school.

.She is an enterprising educationist and never hesitates to take steps which are beneficial to the institution. She became a popular as well as strict principal of the children of her neighborhood. Nature was preparing a future principal that would take her school to the new heights .Whatever she learnt from her teachers was sincerely implemented in the school that she started later on.

The Principal, DR.RAVNEET KAUR has been awarded different awards for her dedication and commitment. In 2009 the Principal was awarded International Education Excellence Award.

In the same year the Principal was awarded BHARTIYA Shikshak SammanPursakar 2009. Yet another award awaited the principal. The principal was awarded Global Achievers Award 2014. It was a moment of highest jubilation when the principal was awarded Best Educationist Award 2017. The awards continue to be conferred on the Principal by independent educational agencies. These awards are bestowed on the Principal on pure merit and without any interference by anybody. In 2017 the school was awarded School Stakeholders Award 2017. In a nut shell Principal DR.RAVNET KAUR is an educationist and administrator par excellence.

She has written many articles for different newspapers which have been appreciated by one and all. Her school is credited as a Green School by Green Mentors, Ahmedabad. It is the first school in the area to get that title. She has visited USA to tie up with different universities. As a result of her efforts the school has been accredited with Arizona State University, USA. She is in touch with many universities for accreditation. She is a resilient and determined principal, always ready to guide and help her students. A desire to excel always remains active in her personality. Under her guidance the school is making progress by leaps and bounds.

May God help her in her efforts!

RICHA SHUKLA

Richa Shukla is an educationist and behavior change communication specialist , and an Early Childhood Development expert who works cross sections of multimedia and education. She has been actively engaged in creating content and creative communication for children’s overall development and well-being across platforms. She is passionate about making quality education inclusive, engaging and accessible to all children.

Ms. Shukla has been associated with Sesame Workshop for close to a decade as the education lead, overseeing production of Indian adaptation of Sesame street in India for 4 seasons. She has led the core curriculum development for Sesame Street pre schools’ initiative including afterschool programs.

She was instrumental in conceptualization and production of I Heart Elmo segment, first of its kind show aimed at co-viewing with parents addressing life skills and difficult topics with children. The show won the silver award in children’s category in New York Film and Television Festival and is currently being used across globe in 11 international languages. Ms. Shukla has led many national and multi-country educational outreach projects with partners like MetLife Foundation on financial literacy , Lego Foundation on Play and Parenting, UNF on diarrhea prevention, World Vision on WASH among many other.. All programs showed great impact on ground.

For the last three years Ms. Shukla has been working as Education and Communications consultant for various organizations. She led the conceptualization of a first ever Hygiene Play Park- a unique concept based on play pedagogy to sensitize children on hygiene while they are playing. She is actively working with Reckitt designing content and campaigns, to promote and integrate local arts and culture into education around hygiene and life skills for kids and adolescents.

She also set up the foundational framework for parenting app called Top Parent (NudgEd Trust) that was inaugurated by CM- Madhya Pradesh. Developed content focusing on COVID-19 response education and as technical advisor on Dettol and Durex CSR initiatives.

Ms. Shukla has received many leadership trainings for working in social sector , she was awarded the Missionary of the year by Sesame Workshop . She is literature graduate with postgraduate in Mass communications, certificate of leadership in Early Childhood Education and completed Project Zero with Harvard Graduate School of Education

RUPA CHOUDHARY

I, Rupa Chowdhury from West Bengal. I am working with an organization namely "SARVSREST INTERNATIONAL HUMAN RIGHT UNITY AND CRIME CONTROL ORGANIZATION" AS A National General Secretary. I am also a cancer survivor patient in 2016 I was known about cancer and started my treatment. At the same time I was feeling very sad and worried. After two years doctor assured me that I am totally ok and there was no complications.

Now I feel very happy and satisfied because I can do for some people who are very helpless in our society. Me and my organization doing work for sex worker, domestic violence, family dispute and prevent child marriage etc. This type of social work we are doing. In India our organization is doing work in every country, every district and also villages. We are also for poor people and provide them sufficient food and other things which is needed for them.

Social work is very self-satisfactory and soulful service. We can do everything for helping others. Sometimes a group of people sights against an organization but we can do everything and support people for justice. Now I going to say about my personal life and also my sight with my life. Everyone knows about „Covid-19" ruined our life and the whole work on that time every people loosed their relatives and we suffered at of pain out of our imagination. I was through that if I can do for some helpless people who are suffering with lock of food.

Me and my family went to some village and distributed food between them. I can do something for them in my rumination this thing make me feel satisfied from beginning helping others was my aim from my childhood everyplace with her job she also took care about me. My mother also has mentality to helping others. I was very simple women but incident changed my through a lot. When I was 10 years in my city I saw there was a person was a cancer patient. But his family was not capable to expense sufficient money. At the last moment they cannot arrange the sum of amount. After 28 days the person passed away. This incident is also played a vital part for changing my thought and feel me should to do for this type of people. So I decided that if I can do something in future I will definitely be there.

I also work for house-wife who are tortured by her husband and in-Law-house and trying to reunited between them. But this type of domestic violence case when husband not want to reunite and refuse the wife without paying any expense. Me and my organization help the wife to get the proper solution and also make the husband to bound for obey the all duties for his wife. This all are also possible for our law system. Without help of our legal system this all will never be possible. I also thank our legal system to giving us proper justice. And last end of my life I wish to helping others and also doing work for our society.

SADHANA DHARAMRAJ

SELVA RANI

Blessed are the Merciful , for they shall obtain "mercy ".

This word of GOD really inspired me . while facing situations in life where I would see people in bad living conditions my heart would ache and I would assure them of my help , I lost both my parents at a very young age and in their absence .

It taught me to be determined to help the people around me with whatever help I could , and as I grew I began helping orphanages ,shelter homes , the elderly and sick homes where I spent some time talking to them while their shared their life experiences with me .

At present , I work in a government hospital as a Pharmacist , I have the opportunity to meet people on daily basis ,especially women , some of them stay back to share their woes with me as they bitterly reveal that they been victims to domestic and economic violence .

I would motivate them to make small decisions , making time for themselves to learn new things such as , financial stability , to educate themselves on various platforms to eradicate poverty as women are the primary caregivers to their children and their family .

Whenever the need arises , talking to women and girl children , how to protect themselves from abuse and violence , harassment due to lack of education , dowry,childlessness , gender and sexual harassment at home and work places .motivate them to make best use of their skills be it cooking ,teaching ,Tailoring and other skills, helping them to use central and state government schemes and loans , selfgroups , saving small amount of money for themselves and household .

Covid season had both advantages & disadvantages, it brought families together . spending quality time , we helped few families ,Poor and needy, the elderly who were effected by covid , by sending food, ration, provisions and groceries . It was difficult for me as I had to wear a PPE during my working hours in the hospital , doing duties , dispensing medicines to positive patients , counselling them on their usage, to isolate themselves food to be taken , contacts to help when required , arranged emergency beds in hospitals and guided them to safety .

My husband Anand too was tested covid positive , I was tested positive thrice but it was truly God who saved us during those times , perhaps it was his plan to use our services for the society.

Working through my job in the Medical & Health department as a Union leader , a social worker ,as a woman leader in our church and society, Serving everyone irrespective of Religion, moreover as a human to empathize with one and other ..

I pray to God to give me the Good Health and strength to further serve the society freely through my Little Ways as he has used me as an Inspiration to many through his Grace.

My journey as a woman

KIRANDEEP DHAM

I proudly state that Globus Infocom Limited is an industry leader for the past 22 years in the field of Education technology and further forayed into Collaborative Conferencing & Professional Displays, Security & Surveillance & Institutional Furniture. Since inception, I have had one motto **"Making Education accessible to one and all"** and me along with my 270+ passionate and competent team members, working continuously and relentlessly in bringing unlimited possibilities for learners to grow holistically.

As a CEO, I make sure that we all at Globus work with same motto and work towards providing quality education which is the basic right of every child and through technology in the education, we can facilitate the accessibility of education to each & every part of the country and bridge the digital divide between the rural and urban education scenario. Globus Infocom Limited is the first OEM who provides comprehensive solutions and always poised to fulfil all the technological requirements by designing suitable solutions

and eliminating the hassles of running from pillar to posts for our customers by offering finished, comprehensive solutions under single warranty & under one roof. So far, in this journey of digital transformation, we have developed plethora of offerings like Edtech solutions (Digital Boards, Digital Language Labs, Virtual Classroom, learn on tab, etc.) have impacted lives of many educators and learners as well. Helped students in making them confident, tech ready, linguistically skilled and more intellectual, etc. Virtual classroom helped a lot in covid times taking classes and keeping the flow of delivering knowledge unaffected. Still using by many institutes (in both the modes) offline and online to train as many students as they can.

Being a co-founder of the company, I have been working towards fine routing the go-to-market strategies & position Globus Infocom as a leading edtech brand. I always try to encourage an amicable, gender neutral & growth-oriented work culture for the employees, believe in giving ample growth opportunities and encourage TEAMWORK coz a healthy team spirit can do wonders for any organisation's growth and following the same led us to earn "Great Place to Work" certification, 2nd time in a row.

And I have also bagged awards like

1. Women Leadership Award-Excellence in Education Technology- 6th Future Women Leader Digital Summit & Awards 2021
2. Leadership Awards-Women Achiever Award- 2nd Global Education & Skill Conclave
- 3.. Education & Edtech Woman Entrepreneur of The Year- Business World women entrepreneur awards 2022

PRIYANKA KATHAIT

I am Priyanka, I hail from the beautiful hill state Uttarakhand, where divine beauty exists. I was born and brought up in Garhwal and completed my study here too. I belong to Dehradun and right now living in New Tehri. Being passionate about helping others since childhood and being empathetic, I used to motivate my known people and contributed to their life in a positive way informally.

A D was a teacher and I am now a published Author. In my debut book "UPLIFT YOURSELF AS A HOMEMAKER-FUEL YOUR WINGS TO FLY", I especially wrote for the women, who are homemakers. Women will hugely get benefitted from reading this book, either they are confident or under confident. They will certainly find the direction of their life along with overcoming their difficulties.

My Journey of writing was not easy for me. It was hard to find peace and focused time for writing. Being a mother of a small kid and being a homemaker, it became a bit challenging. But I did and explained in my book that how the homemakers can do something worthy in their 24*7 service duty. During this journey, I learnt a lot. I firmly believe, Learning is a never-ending process. We learn each day."

RATHI SHRINIVASAN

North Karnataka Women Entrepreneurs Development Association (NK WEDA) was founded in 2009 at Dharwad.

This association is registered under the 1960 act. From providing trainings to design, produce and market their products, the association aims to socially support and elevate rural women entrepreneurs to a global platform.

The company's mission and vision is to uplift women entrepreneurs.

Hailing from Hassan and having minimal experience selling sarees, I founded Rathi Creations in 1997 at Dharwad. What started as expanding my hobby to provide financial support to my family quickly grew by tenfold in volume employing several rural women and men to manufacture variety of bags. After successfully running the business for over a decade catering to both direct customer and corporate orders, I founded WEDA to fuel my vision. Having personally run a small.

Scale business, being part and a life member of several recognized organizations nationwide, travelled internationally witnessing operations of mega industries and being recognized for my work at various platforms, I can directly related to all needs and problems of any rural women entrepreneur. NK-WEDA is one such effort towards elevating rural women entrepreneurs who I believe are the backbone of country's economy.

The association addresses the core problems faced by women entrepreneurs by providing resources and a platform to grow their businesses, as well as fueling their independence and confidence. The association's experience in running and growing a successful home-based business has equipped them to understand the challenges faced by middle-class rural women entrepreneurs.

RACHANA KODESIA

As a life coach, her mission and focus are on how each person can achieve their highest potential and lead a life of self-actualization by discovering their inner DNA, emotional coding, and core values and working systematically in a programmed way to achieve personal outcomes and life goals.

Born and raised in New Delhi, Rachana realized her passion for changing the world through education early on. As an educationist, she provides turnkey support to constantly evolving pedagogies to lead the next gen dynamics with her latest research and relevant strategies and techniques.

Her attributes are dedication for Developmental Education, Expertise in Administration and Management, Organizational Capacity, Research in Child Development and Child Psychology, and Applying psychological studies effectively for teachers, parents, and children.

She led multiple educational projects as the Vice President - Franchisee Training and Operations, G D Goenka Group - Pivotal in designing, setting up, planning, and establishing the Franchisee Model as well as establishing the chain of G D Goenka La Petite Montessori Preschools and Toddler House Preschools. Rachana was also instrumental in creating the Training Program which was approved by G D Goenka University (UGC) as Post Graduate Diploma in Education Management (Montessori System)

She was also the Head of Training (India), for MMI (Modern Montessori International, London) - and helped in establishing the enterprise in India which entailed adherence to strict Franchisee standards and guidelines laid down by the London Centre for running their certified Program and Franchisee endeavour in India.

She has trained, groomed, prepared, and counseled a large number of Educational heads, Principals, Head Mistresses, teachers, and students for professional success and imbibing a positive life approach.

Rachana truly believes that, 'The light of education can reach the darkest corners of human minds and the world enabling the outcome of complete empowerment from within each individual; if the highest purpose of humanity is undertaken by the educators of the world'.

Speaking engagements at conferences and as a guest speaker on mentoring non-academic faculty worldwide. She educates more than 10,000 youngsters every year about prospects for study and employment overseas. She holds a Ph.D. in developing cross-cultural engagement and strategy.

She is also working strongly towards women empowerment in the education sector by being active member of the Gender Advancement for Transforming Institutions (GATI) Project of the Government of India.

In her words, "My work was on the open ground where every day I looked at the sky, I stood on my toes and stretched my arms up. I always tried to reach for the moon, and today I have a pocket full of stars, a casket full of asteroids. I want to extend this universe to every student who is passionate and has a dream."

VINITA DEVKAR

An entrepreneur, and an aspirational woman, Vinita Devkar's story is that of a young warrior who has her heart set in stone, to believing that in the confrontation between the stream and the rock, the stream always prevails—not through strength but through perseverance.

She holds a Master's degree in Business Administration with specialization in Marketing and HR Management. Having had the experience of working for a diverse set of industries for over a decade, her journey has been nothing less than a roller coaster ride.

In 2009, Vinita was given a life changing opportunity to come onboard as the Director of Rameshwar Textile Mills Limited. The road has been extremely taxing with multiple humongous failures, but on the flip side, Vinita's will power and determination kept her going.

As they say, time spent learning, is never wasted. Vinita utilized her learnings from her MBA days, to create impactful marketing campaigns and promotional plans.

As someone who is always on the go to ask a bigger question, Vinita's belief in the fact that one cannot discover new oceans unless they have the courage to lose sight of the shore, got her to turn to a new chapter in her life. And that's when VIORICCA was born. About 3 years ago, VIORICCA was only a dream and fast forward to 2023, it is already catering to a global market. With a vision to transform women apparels market, and introduce unique designs and silhouettes, VIORICCA has launched over 500 SKUs in the western, indo-western, Indian category. To be inclusive and cater to every woman globally, has been VIORICCA's goal. Single-handedly leading from the front, and being a showcasing designer at the prestigious Bombay Times Fashion Week'22, holding a stall at the coveted The Design Avenue, to taking VIORICCA to New York, Vinita has given it her all, to accomplish her dreams. Being the National Costume designer and wardrobe partner for Mrs Universe India 2022, adds on to the beautiful journey that VIORICCA has been on.

Vinita has always emphasized on the need to break stigmas in the society and set the right example for all the young women out there. She believes that if she can do it, every other woman out there can do it, if they dare to dream big.

SAAt the national level, the All India Women's Conference was born in -1983. It was established in 2009 in Chhattisgarh province. It is being run by women for the all-round development of women. About 27000 women are showing their strength of solidarity at the national level by getting organized. Only women are working in this organization.

Elderly women should not be left behind by their children, so 136000 women were taught free of cost to use mobile properly. Making women financially strong by teaching them sewing, embroidery and giving practical knowledge through the conference. The task of providing market to the women who make pickles and papads at home to sell their goods under Udanpari project is being done loudly in our conference. Parents are honored on the birth of a daughter.

Women who worship Tulsi, Peepal, Badgad are protecting the environment by understanding the importance of planting trees. Recently, an example has been set by planting saplings in Chhattisgarh. In order to keep the environment pollution free, the sisters of Chhattisgarh are collecting a large amount of e-waste and sending it for recycling.

Realizing the need of organ donation, body donation and blood donation, Mahila Sammelan is making the society aware. People were made aware for organ donation by wearing green ribbon and taking out a rally. Understanding the importance of human birth, to become immortal, we donated more than 100 eyes to 15 body donation medical colleges, so that medical students could do more research.

Women in Chhattisgarh province are meeting step by step together. It has started celebrating its festivals in a new way in a collective form. They do this work to help every needy.

Akhil Bhaarateey Mahila Sammelan is smiling today, like spreading fragrance of Roses.

USHA BHAT

Usha Bhatt is a spiritual guide and therapist with years of experience in her field. Her diverse skills and expertise include Reiki, psychic tarot reading, soul path reading, crystal therapy, and coaching. She is a master of mindfulness, visualisation techniques, past-life regression therapies, and inner-child healing.

Usha's journey as a spiritual guide and therapist began with a personal awakening. She was searching for answers to the deeper questions of life and stumbled upon the path of healing through energy work. Her passion for helping others led her to study and explore various alternative healing modalities, becoming a highly skilled and experienced spiritual guide and therapist.

She is known for her ability to connect with clients on a deep level and her understanding of their needs. One of Usha's most significant areas of expertise is Reiki. A Japanese technique for stress reduction and bringing harmony in Energy body

In addition to Reiki, Usha is an expert in psychic tarot reading. She uses her intuition to interpret the symbolism of tarot cards, guiding her clients towards greater self-awareness and clarity on their life path. Her soul path reading skills help people understand their purpose in life and align their actions with their true nature.

Usha's soul path readings are a powerful and effective way to navigate the ups and downs of life. After receiving her readings, her clients report profound shifts in perspective and emotional well-being. Her life story was not easy, but she overcame many challenges to become a powerful channel and healer. Today, Usha is an inspiring and positive force for change.

Usha's crystal therapy skills provide clients with healing and balance. Crystals have been used for centuries as healing agents. They have a wide range of properties that can help to improve overall health and well-being. Her holistic approach to health includes using crystals to cleanse the body of toxins, balance the chakras, and re-align the energy centers.

Apart from these critical skill sets, what sets Usha apart is her unique mastery of mindfulness, visualisation techniques, past life regression therapies, and innerchild healings.

Usha's in-depth knowledge of past life regression therapy is unparalleled. She guides clients to explore their past lives, assisting them in releasing blockages and traumas that have carried over into the present. Her inner-child healing sessions allow clients to address and heal their past traumas, allowing them to live a more fulfilling life in the present.. Usha has a wealth of experience working with individuals struggling with trauma and its impact on their lives. She offers personalized inner-child healing sessions, which allow clients to work through their past traumas and create a more fulfilling present

MS. SHEENU KATHURIA

As the song goes “Keep your eyes on the road and your hands upon the wheel” – so does Ms Sheenu Kathuria’s journey. Mrs Kathuria – Founder & CEO, EduNation Consultants has been living up to this song for the last 2 decades through her Eyes and Focus on Each Role that she has taken up and driving through every junction with immense dedication and integrity.

Her leadership journey started in 2002, when at the age of 20, she began working in a Medical Transcription firm in Delhi. She was the youngest employee in the firm, but that did not deter her from proving that age is just a number. Within six months of being with the firm and due to strong exhibits of effective performance, she was assigned the responsibility of handling a full team of 40 employees.

A true leader is one who commands respect and not one who demands it.” This statement holds good for her, as for her new role, the entire team was completely supportive and equally elated, and the fact that every employee was elder to her, never acted as any deterrent in the working journey. In fact, every sub-ordinate worked tirelessly to ensure that the team’s goals are met in lines with Sheenu’s goals and vision.

In the next few years, there were numerous endeavors that Sheenu embraced and proved her mettle of being a true professional and leader. She has managed different roles at leading firms such as Wipro, Standard Chartered Bank, New Zealand High Commission and Australian High Commission, to name a few. Her last employment was in 2019 at Australian High Commission, post which she decided to embark on the entrepreneurship route.

In a society where kids inherit legacy from the patriarchal side of their lineage, Sheenu endeavors to create a mark for her son Kabir and leave a strong foundation by gifting him the Values, Ethics and Vision of EduNation Consultants. As she would like to add, the same will not be presented to him on a platter – Of course, he needs to work towards it as there is no replacement to Hard Work – and she says it through her 2 decades of Experience.

While she has many feathers to her cap – A Banker, A Certified IELTS Mastertrainer, An Ex-Visa Officer, and an Entrepreneur now – Sheenu refuses to stop as she has enrolled at the Prestigious Queen’s University in Canada and aims to become an Immigration Lawyer very soon.

She concludes – Education and Hard Work are Irreplaceable Assets and no Wealth can supersede them!

RATNA PRABHA

I am a medical professional in the field of microbiology working in Gandhi medical college, Hyderabad. My studies from primary education was from st. francis girls high school and naturally I was thought to be good and service oriented.

My mother says whenever I see poor people on the lane I used to give my lunch box to them and take some rupee coins and give them daily. and the only tip she had given to my husband was after getting married--- do not give her money or be with her while she goes shopping.
till date i do maybe it's my inborn error!

i had worked in a government sector as a medical officer where i had seen lot of patients with depressive psychosis and with suicide attempts mostly teenage category. was deeply indulged and was motivated to give psychological counseling and i started giving them counseling to deal the problems in life along with my clinical treatment.

had seen rape victim patients where i had to examine them in genital areas and all through the body which was completely sucking and hurtful. i nearly cried when I had seen a four year girl who even does " nt know how to speak and don't even know what happened to her. her genital area was completely torn with lot of blood and it took nearly 2 hours of surgery to repair the parts and the assault was done by 60 yr old male. when I had seen that old man in the court where i had attended for the medico legal evidence - i just felt such persons have to be killed. this was my first experience which i can never forget.

Later after a period of 14 yrs i had joined as a professor in a teaching institution and Underneath me a batch of 250 undergraduates and 30 postgraduates were passing out each year. I enjoyed being with them as teaching is my passion. I teach the student along with the subject in relation to morality and family lives' teach them how to be with another person.

When each batch passes out I receive a personal message on WhatsApp- mam without your guidance I would not have passed and he memorizes the way of help i had done. I just feel that's the best gift I had ever received.. for example a post graduate student named Nazar- i just said to him after taking a bath look into the mirror see your face and just tell the answer -you will gain confidence ; he was the first person I got a gift of appraisal .

Most of the students are girls -they come and share personal and academic and some official issues with me confidentially and I personify them.

I give out lecture meets on female awareness!

Being born as a girl child is a great gift by god and also to nature. it is through us the generations are born and we the women are the ones to mould the generations in righteous pathway-after all we are the MOTHERS of the country!

RASHMI SINGH

An English literature graduate, a brand manager, and a professional mentor. After 30 years of experience in various industries like hospitality, retail, education, FMCG, realty, animation & media with expertise in Company Branding, PR, Customer service, Human Resources & Media, Singh sought to become a mentor by offering her knowledge and skills to the world.

She uses courage as a weapon to live a more fulfilled life.

One of her many strengths while mentoring is she combines seriousness and laughter to address topics with openness. She believes relying on your best strengths yields tremendous outcomes. Rashmi's sole mission is to share proven tools and experiences that empower her audience to envisage and create a better and happier life.

A deep dive into Singh's achievements:

Significant expertise in communication including integrated marketing communication strategy, marketing, and the overall brand. For the past five years, she has ventured as a lifestyle mentor, working with entrepreneurs with a vision to take her ideas and marketing to a higher level, with an emphasis on relationship mentoring in every aspect.

Singh has mentored start-ups with TIE- (Charter Member) and AIC Pinnacle. She has also successfully mentored employees and students in batches at CDAC, Infrabeat, and on a one-on-one basis at KPIT for overall relationship and management. Human behaviour and Emotional intelligence being her forte, she believes in

While most people would say to focus on one thing, Rashmi begged to differ and has been proud of being able to cater her knowledge in various industries. Along with that, the connections and relations she has built with the world have only grown stronger over the years.

Having said that, her past experiences over the years of liaising include-

- Orchestrating campaigns at educational institutes (CBSE & other boards)
- National award for 'Delhi Safari' an animated film
- Getting the tax-free exemption for 'Delhi Safari' at Mantralaya
- Organising events and creating awareness for children from rural areas living near national parks in India
- Barter tie-ups crossing seven-digit figures
- Kids activities with 'Amar Chitra Katha'
- Awarded for a PETA campaign
- Awarded for exceeding targets at 'Oriflame' (Sweden) for a national-level contest
- Enhancing living for women from rural areas in Maharashtra
- An advisor at companies for people management

PRIYA MUKHERJEE

Ms Priya Mukherjee is a Media Industry veteran with 24 years of experience in Distribution and Marketing. Starting her career with Indian Express, she has built a stellar reputation, being part of organizations such as Discovery Channel, Sony Entertainment Television, Network 18, Den Networks & Republic Media Network.

In her illustrious career, Priya has significant milestones and has been instrumental for the successful launches of channels such as CNN News 18, CNBC, History Channel, Australia Network, Republic TV, Republic Bharat, and has been a founder member of DEN networks & Palash Ventures.

A Delhi University alumini, Priya is an ardent animal lover and a champion of the cause of animal rights. She also actively participates and supports various endeavours for street animal rehabilitation.

Currently In her strategic role at India TV, she drives India & Overseas Distribution for Linear TV & OTT as Group President- Network Development.

Accepting this honour, Priya said "It is indeed a privilege and honour to be recognised by the Woman Leaders Forum. Woman today in leadership positions are paving the way for change and path breaking innovations. Woman leaders tend to make the team environment more collaborative and bring a family-like atmosphere that bolsters productivity. India TV is glittering example of this sentiment and we have our Managing Director, Ms Ritu Dhawan- A dynamic Leader, true inspiration, and guiding force, to thank for this!"

POOJA SINGH

Pooja Singh is a name synonymous with positivity, guidance and motivation. As a life coach and the founder of the Thriving Pad, Pooja Singh has been helping people achieve their goals and lead successful life for several years. Her passion lies in empowering individuals to become their best version by fostering confidence, self-value, happiness, satisfaction and positivity. Although, before pursuing her love towards life coaching, Pooja was a pre-primary teacher, some incidents in life encouraged her to look into herself, and that's when her journey towards becoming a life coach began.

She is also an accomplished soft skill trainer who has gained a reputation for her ability to help individuals and organisations develop essential soft skills that are essential for personal and professional success. She is passionate about empowering others to reach their full potential by enhancing their communication, interpersonal, leadership, and teamwork skills.

She encourages people to develop a positive mindset to educate them about life and its unpredictability. Her dedication towards life coaching has brought her the happiness and contentment she constantly desired. Having won the Outstanding Leadership Award from education2conf in Dubai, she is one of Mumbai's most humble soft skills trainers and life coaches.

However, her journey towards becoming a life coach took work. She had to fight her own battle with depression before finding her calling in life. Despite her struggles, she never gave up and decided to use her own experiences with depression to help others who were struggling with similar challenges. As a result, she became a life coach and founded Thriving Pad, a firm enabling individuals to lead successful and fulfilling lives.

Pooja is known for her engaging and interactive training sessions that provide participants practical tools and strategies for improving their soft skills. Her training sessions are designed to be hands-on and experiential, with participants actively engaged in the learning process. She believes learning is most effective when it is fun, engaging, and relevant.

As the Founder & CEO of Thrivingpad, Pooja's firm is focused on providing students, businesses, and individuals with the necessary guidance to enhance their lives and grow with the world around them. Her belief that everyone has the potential to become what they desire, coupled with her ability to help her clients set clear goals, has resulted in many success stories. She believes that the journey to achieving our dreams begins when we decide what we want.

Overall, Pooja Singh is a remarkable life coach, soft skills trainer, and career coach who has positively impacted the lives of many individuals. Her passion for empowering others and dedication to her client's problems make her a valuable asset to the coaching community.

DR. PRATIBHA PAUL

DR. MANVI DURGA

Dr. MANVI is a self-made entrepreneur. A physiotherapist by education, She went on to pursue her entrepreneurial dreams with the support of her loved ones and is now a technopreneur.

Manvi did her schooling from different schools from Guntur district. Alumna of Chaitanya Bala Kuteer and Vikas High School for schooling, she got enrolled with St Joseph Junior College for her intermediate. It is during this period her entrepreneurial journey started with a BPO, which employed more than 100 people, creating full-time and part time job opportunities for people in the rural areas.

After her intermediate, Manvi went on to pursue Bachelor's in Physiotherapy from AnjiReddy's College of Physiotherapy. During the first year of her graduation, she formally established a couple of association.

The company is Manmun Private Limited from where her journey towards climbing the corporate ladder started. With offices at Hyderabad and Guntur, Mammun offers back office support to Health Care providers, Accounting Firms, Publishing Companies to name a few.

After 3 years of its establishment, Manmun now has a subsidiary named Moksto, established to offer full range of IT development services not limited to Application Development, Website Development, UI/UX Design, eLearning, Software Training etc.,

The entrepreneurial journey was not a cakewalk for Manvi as she to withstand the pressures from all sides. From handling her conventional father to the managing of staffs who were trying to play on her inexperience, Manvi has to shed lot of efforts. But she was determined to achieve her vision. It was her mother who encouraged her initiates during the school days and now it is her husband, who were instrumental in making Manvi, who she is today.

From nurturing the start up into a blossoming entity, she had many sleepless nights. Challenges made her stronger and She was always willing to contribute the best.

As a passionate Entrepreneur, Manvi engages herself in socio-welfare activities to enable willing people have a platform to exhibit their inner and hidden talents. Her latest venturing into the entertainment domain is marking a new growth strategy and business continuity plans.

Though much said, Manvi besides her professional commitments is a torch bearers for many apart from those who have reasons rather than results. She amidst her busy schedule finds time to spend with her loved ones, says about her work life balancing activity.

At this juncture, Manvi heartfully acknowledges the unconditional support of family members, friends, well wishers and clients in shaping her career with guidance and opportunities.

DR. GANUGULA MOHANA SHEELA

Ambitious women have numerous professional options and multiple ways to develop their own brand of success. I'm the one among them.

Dr. Mohana Sheela Ganugula is an innovative, inspiring and ignitive woman. Born and brought up from a middle-class family, studied in a central government school "Kendriya Vidyalaya". perceived graduation and post-graduation with distinction. Everything went on in a smooth way. Crossed my barriers being a struggling woman. Encountered challenges in fulfilling my dreams to become a Doctor and unfortunately, I couldn't achieve it. But I'm happy.

I started my career as a Senior Research Fellow at NTR college of Veterinary Sciences Gannavaram, Vijayawada, Andhra Pradesh in NIAB (National Institute of Animal Biotechnology) – DBT (Department of Biotechnology) Project for four years and parallelly completed my PhD in Biotechnology from Vignan University

Wow! What an Amazing journey. Finally awarded with PhD on August 04 2018. My duty got extended. I Worked as Science teacher in local schools, worked as Assistant Professor, in Department of Biotechnology, Maris Stella college, Vijayawada, Andhra Pradesh, worked as guest faculty in Krishna University, Machilipatnam, Andhra Pradesh. Published more than 30 research papers and book chapters in National and International books and journals. I was awarded two best poster awards and three young scientist awards in various international conferences.

Taking inspiration from Sir A.P.J Abdul Kalam, I enjoy spending time with young minds. I love to inspire and motivate young minds in life sciences who aspire to have a successful career. Understanding my passion, I started my own company BIO-IIIITECH, at Vijayawada, Andhra Pradesh.

Now evolved as Jaya Teja Centre for Research and Diagnosis. Vijayawada, Andhra Pradesh, the one only Research Institute which deals with high-quality basic research in the field of Microbiology. In addition, we train bachelor's and master's degree students in cutting edge areas of modern biology and promote facilities for new and enhanced techniques in biological interdisciplinary. We offer advanced Molecular Biology services and workshops to young professionals in life science research in order to embrace the sophisticated tools and techniques by designing various projects, which are mandatory for their career advancement

I am very prudent in making judgements and decisions. Presently, working in a Edutech platform "TautMore" working as Subject Matter Expert in Chemistry since 2021 and parallelly handling the challenging role as a young dynamic women entrepreneur as Director and Founder of Jaya Teja Center for Research and diagnosis, Vijayawada, Andhra Pradesh.

I am a born leader. I strongly believe that one of the important traits that a leader should possess is a passion to develop and maximise the potential of others.

DR. DOA NAQVI

Dr. Doa Naqvi is an Assistant Professor in the Department of Business Administration, Khwaja Moinuddin Chishti Language University, Lucknow. She has been specializing in Corporate Finance and Business Communication for the past decade. She also takes an avid interest in delivering interactive lectures, conducting academic programmes, and engaging students of various undergraduate and postgraduate courses.

Dr. Doa Naqvi is an Assistant Professor in the Department of Business Administration, Khwaja Moinuddin Chishti Language University, Lucknow. She has been specializing in Corporate Finance and Business Communication for the past decade. She also takes an avid interest in delivering interactive lectures, conducting academic programmes, and engaging students of various undergraduate and postgraduate courses.

In 2022, she was invited as a Resource Person for “European Crowd-funding Festival” organized by University of Aldo Moro (Università degli Studi di Bari Aldo Moro), Italy. Acknowledging her contributions as a mentor of hundreds of students, Dr. Doa was also invited by U.S. Embassy for a Panel discussion on ‘Celebrating Islamic Contributions in the U.S. and India’ under the leadership of Ambassador Daniel B. Smith, Charge d’Affaires.

In 2020, Naqvi was also invited as a speaker for a programme on “Girls in Information & Communication Technology (GICT)-2020” organized by Restore A Sense of I Can (RSC), Trinidad and American Chamber of Commerce, Trinidad & Tobago where she presented her views on women empowerment and its crucial role in today’s social milieu.

A bright, confident woman, she has, from time to time, engaged in various social activities- be it teaching the underprivileged children dwelling in slums or writing articles on issues such as women empowerment, right to education and environment conservation. During her student life, Dr. Doa was the recipient of the coveted Chancellor’s Gold Medal awarded by University of Lucknow, for being the best student in all the faculties in the year 2011. She has been awarded with the ‘Indo-Nepal Samrasta Award -2019’, ‘Essential Woman Award-2019’ and the ‘U.P. Icon Award-2019’ for her outstanding achievements. She was also nominated for the prestigious ‘HT woman award 2014’ by Hindustan Times, which is an award given to honor women achievers from all walks of life.

Apart from receiving several honors and recognitions for her academic accomplishments, she has also received the ‘Bhartiya Nari Samman-2014’ awarded by Drishya Bharti Foundation, “The Essential Women Award-2015”, “Worthy Women Award-2013” and “The Pride of Women Award-2013” awarded by Avadhnama and Urdu Media Guild for appreciation and outstanding achievement of invaluable efforts in chosen field.

REENA SAXENA

Reena Saxena, a counselor by profession, has worked for over 20 years in the field of mental health and psychology, helping young children and adults.

In this world of digital achievements, artificial intelligence and advancements, mental health is much talked about yet least taken care of. Reena has worked tirelessly to help her patients prioritize their mental health and often, destigmatize Counseling so that they can find emotional and mental balance.

Helping young children find confidence, helping them de-stress, providing them with the tools to improve their reading & writing skills have been just some of the most rewarding aspects of her job as a school counselor.

She has an experience of working with Mount St. Mary's School, Delhi Police, drug addicts in Abhay Drug de-addiction centre, United Nations High Commissioner for Refugees for refugees from Afghanistan, Somalia, Iran, Iraq and as a private consultant for college students, housewives etc. She has achieved success in making a profound effect on individuals and families gather themselves and face the world with more self-confidence and better their life skills.

Reena has taken courses and certifications in Brain Gym, life skills, clinical Psychology, cognitive behaviour therapy, occupational therapy, ethical reasoning, Happy classrooms, and memorization techniques.

As an expert Counselor, she has featured in magazines like Mother & Baby care (September 2009). Further, she was specially invited to take Teachers training for one day in Pearl School, Doha, Qatar on the topic "Classroom Dynamics" and child's Learning needs.

She has also helped young adults in choosing their career path by helping them identify skills and interests related to different careers. I specially design a self-discovering path and teach students exam and smart study skills.

In her workshops with Delhi Police, she has helped police personnel find a functional way of overcoming stress. She has been taking seminars on attitude building, gender sensitization, ethical reasoning, time management, sensitization towards persons with physical disabilities etc.

As a mental health professional she firmly believes that Emotional wellbeing is just as important as breathing is!

RAMINDER KAUR ALGAH

PRIYANKA BHATIA

I Never worried if it was day or night, if my sleep cycle was getting disturbed or if situations were not likely because giving up was never an option i gave myself and I am sure, that is what has made me who I am today.

I, Priyanka Bhatia, the director of Any time Mentor and CEO of Aaradhya groups truly believes in hard work and no looking back.

Teaching for last 22 years now Because once my mother said that teaching someone, is work of pride, is a work of ethics, and so I've been doing all my life.

At any time Mentor we teach kids worldwide. With my Well trained mentors, our vision at ATM is to provide quality education to every corner of this planet.

I believe we don't have to worry about the marks. Marks will follow us when the concepts clear enough and that's what we are there for.

I have also been a part of Aaradhya groups by Pankaj Pandey as the CEO for last 5-6 years now.

it is a real estate company where in our vision is clear- We are there to provide beautiful houses at affordable ranges so no head left without a roof. We have never compromised over quality and

With gods grace, our clients have seen 100% growth in the lands, they owned.

I will never let down the ethics, my father gave me and the disciplines, I learnt and made.

Mr Pankaj Pandey also has a big hand in my journey. I'm grateful that he trusted on my capabilities and supported me every time.

MANALI SANGHVI

Manali Sanghvi, Founder director at GyaanHub, paving her way via working at a hospital as a manager, working in different preschools, taking tuitions door to door to create a beautiful space for kids by commencing GUJARAT'S first ever certified Montessori activity-based learning centre in Surat.

She believes in channelizing kids energy in the right way from the tender age of 8 months to developing them till 10 years. Priorly doing course of Montessori learning, she developed a keen interest in strengthening the core of kids, Developing future leaders. She made the new generation of parents understand what their toddlers need in developing their true potential.

At the age of 24, she set out to conquer hearts of toddlers and soon found herself around hundreds of kids who love her as much as she loves them. Hence, GyaanHub was inceptioned.

GyaanHub has been operational for the past five years now, catering and striving little toddlers to create their individuality. She always had a thing in mind to make a second home away from home. Since then, GyaanHub under the leadership of Manali Sanghvi, has served more than 500 kids and ought to achieve many more milestones.

She overcame work discrimination to establish a place which prioritizes the real world learning over traditional methods. She has been revolutionizing the growth of children in her own innovative and originaive approach, creating a difference in society. Under her guidance, many young girls have been inspired to develop their core charisma helping them in their career and provided them with real life experience. Over this course of time, she has developed a strong army of females with an abundance of opportunities.

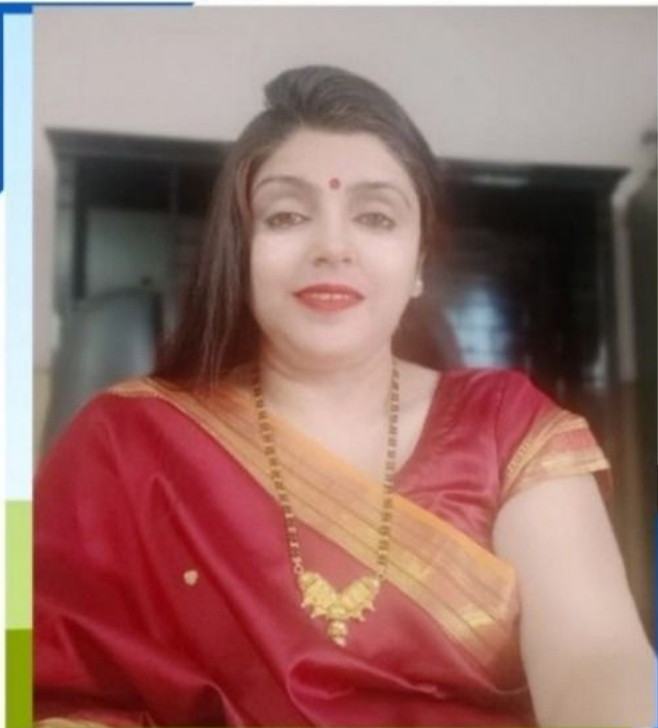

GyaanHub in its operative years has achieved landmarks, starting from getting selected at Maestro's forum inviting Manali Sanghvi as keynote speaker to address the new generation of tutors; Also, in the core team for organizing kid's related events in collaboration with the Surat based parenting portal named Doo-Little

From dealing with gender-based biases to implementing the significance of early education, she overcame all the hurdles gracefully. She pioneered the movement of Montessori learning in early days of a child, it's okay to give them space and freedom to children so that they grow up to be the best version of themselves. She is not a mom but a Godmother to all the GyaanHub kids.

Manali Sanghvi is a true inspiration to her kids and parents. Her experiences and insights into kids life make her irreplaceable and an asset to the society.

ASHWEEN ARORA

"Simple living and high thinking" is the principle of my life.

I would like to introduce myself as Ashween Arora, co founder and director of THE HOLY WONDERS SMART SCHOOL ,Mohali (Punjab) and also the Vice President of CSS Educational Society that runs the school.

I would like to thank the almighty for blessing me with a rich experience of 26 years including 20 years of experience in the field of education and my father for always believing in me, motivating me and supporting me always like a giant rock and also my Husband for being my constant support system

"Anything worth doing is worth doing well"- With this strong belief I started off my career with corporate sector in RPG in 1996 and worked there till 2002 I was then my panache and passion for teaching took over the dominance on my senses, I listened to my heart and forayed into teaching profession and alongside I did my B.Ed from IGNOU.

In 2011, I also started corporate training and got the franchise for American TESOL institute's Pre and Primary Teachers' Training .There also I could excel and it fills me with pleasure and pride to see my students placed very well in reputed schools/institutes.

In 2012, while I was approaching the schools for corporate training of Teachers in soft skills and better teaching techniques, I came across a school which was closing down, so a thought just entered my mind why not to take over the school .

Thereafter , I formed a society and got it registered and took some loan for the construction of the school which has been repaid also by now with the grace of God.

The unique thing about my school which is one of the best schools in our area is that apart from the strong academics, we have a completely child centered approach which aims at overall personality development , care and concern for each child.

Moreover, we have an open door policy for parents and teachers so that there are no communication gaps and delays in addressing their grievances and queries thereby contributing to smooth delivery of services from our end.

We could survive Covid Period as we gave huge concessions and charged a very reasonable fee and even waived off for the genuine covid sufferers.

My recognition/accolades is reflected in my students' achievements who are trained by teachers under my supervision.

Our school students have been winning interschool competitions, winning gold and other medals/distinctions in Olympiads ,winning medals in taekwondo interschool competitions and the list goes on....

ARPITA SHAH

The struggle is one of the greatest characteristics of life. If there is no struggle in life, then there is no life. This conflict can take any form. Economic, social, external-internal... and when you are a woman you have to experience all these forms of struggle at some point in life.

I am Arpita Shah, born and brought up in a family with a medical background. Got all the education and facilities needed to advance in life. Many girls in our country don't have this luck but I was lucky in that regard. I became an IT engineer. But getting facilities, a good education, and a job will solve all life's problems. Maybe, but it is possible when you get the expected support and encouragement from the people you are connected with. This did not happen in my case.

As time went by all the dreams I had begun to crumble. One by one, the people who claimed to be standing by my side moved away.

As per my nature, I was very excited by all this. My career came from the top down instead of the bottom up. I robbed my all for my so-called people but when I needed a shoulder there was none. I had lost my identity. He started questioning his own existence and then it happened that the questions were over. However, at one point I felt that all this is happening for no reason. If it's hurts, it'll be learning.

Four people got together and agreed on a noble idea and started SuryaShobhaVandana foundation (of SSV Foundation). Not necessarily, everyone has to go through all the hardships themselves to learn something in life. For people who have suffered from these problems, these struggles can also help them. SSV Foundation wants to work on issues like water harvesting, education, health, and employment with the same idea, I and my colleagues associated with me want to find a purpose in our lives and make a small part of this world better to live in.

SuryaShobhaVandana foundation works in the field of environment, education and health and provides employment to the sisters. Our organization works to maintain the balance of nature through tree planting and increasing the water level through water harvesting.

Committed to providing health services to economically backward people and providing good education to their children for holistic development. Along with this, the organization is also working in the field of providing employment to the maximum number of people by training people in various fields. 12,000 native trees have been planted by the SuryaShobhaVandana foundation. Rainwater recharging in schools was first started by SSV Foundation to make smart schools sustainable so that children in schools know about water recharging and understand the importance of water.

More than 1000 nutrition kits were distributed to malnourished children. Setting up computer labs in schools located in remote areas. 10 computers are placed in a computer lab. Individuals are helping in areas like the health sector, education, and skill development.

ANAMIKA PANDEY

Venture Name – **YOUR GUIDING LIGHT**

Anamika Pandey is a Certified Life Coach, Mental Wellness & Relationship Expert, a Holistic Healer, and an NLP Practitioner. As a Lightworker, she is determined to change the world around us into light and work on raising the collective consciousness of human experience.

She embarked on this journey with a vision to help people heal, transform, and grow into their highest version, and live with purpose. Her mission is to bring power into the hands of our women and empower them to become the best version of themselves in all aspects of their life.

She is a believer in Holistic wellness and her work acts as a bridge between neuroscience and spirituality.

Her journey into the Coaching and the mystical world began in 2017 when while traveling she came across a Holistic Practitioner and started learning about the same. She has always been a spiritually inclined soul, but after this experience, something significantly changed in her life. Even though she was working as a well-established designer with renowned names, she found herself getting more inclined and learning more about Neuroscience and spirituality and working on merging the two as the months and years went by.

In the Year of 2020, when the world was struggling with covid and the mental illness was on rise, she decided to serve the people around her and hence her venture Your Guiding light was born. Since then Anamika has helped many people from an age group of 13-65 with various aspects be it Relationship, Career performance, Holistic wellness, issues with mental well-being, emotional mastery and living a better life.

UPMA ARORA

I am Upma Arora. I am currently serving as a District Development and Panchayat Officer (DDPO) in Palwal, Faridabad. I was born and brought up in Rohtak, Haryana. My journey to become an HCS officer has been full of hard work, dedication, and perseverance.

Initially, having a teaching background, I pursued a master degree in Mathematics to become a teacher. However, my aspiration to dream big and my passion for social service, particularly for women empowerment, led me to go for administrative services. Having a different stream and academic background, I had to face lots of challenges during my journey, but my commitment was never wavered. I am proud to say that I cleared HCS exam in 2011, which was a significant milestone in my career

Since then I am serving my state and its people with utmost dedication and passion. I firmly believe that education and the right environment are essential for the growth and development of women.

Thanks to my parents who trusted me and provided that environment, and I am committed to promote the social welfare and empowerment for marginalized communities, particularly for women. Time and again, I have been appreciated and awarded by the government of Haryana.

I want to inspire and encourage all, especially women, to believe in their worth and pursue their dreams with dedication. Women also have the potential to achieve great things if given the opportunity and support they need.

My hobbies are reading books to broaden my horizons and gain new perspectives; gardening to connect with nature; listening soothing music to de-stress; and healthy and organic cooking to live a better life. I believe in learning and growing. One of my all-time favourite lines from Robert Frost's poetry are "The woods are lovely, dark and deep, But I have promises to keep, And miles to go before I sleep..."

My story is a testament to the fact that hard work and determination can overcome any obstacle. I hope to continue serving my state and its people, and inspire others to do the same.

SHUBHANGI RAWAT

"TALENT" for me means nothing without hard work, dedication, knowledge, skills and more over passion to give your best, no matter if you Lose or you Win.

SHUBHANGI RAWAT, she is an actor, dance performer and a model by profession. Being a fashion graduate from Sophia Polytechnic College, Mumbai, she also did certificate courses in import exports from Indian Merchant Chambers. She has diversified herself in the field of styling for films, ad films, designers, ramp-shows, print media and many more...Started her career as Fashion stylist and worked with all renowned photographers and ad film production houses.

As started young she got the opportunity to work as a model, then there was no looking back. She did ad films, print ads, magazine shoots as cover models, fashion walks for designers and jewellery brands, campaign shoots and many more.

Being from a middle class family it was important for her to work while learning, so the love for dance never stopped. She is a born artist and a dance performer trained in kathak and Bollywood dancing. After a few years in modelling and winning some beauty pageants she moved on to be a dance performer. She was famous as Shubhangi Sawant the "Expression Queen" and than here Real struggle started when she travelled all over the world for series of shows for companies like Sony, Samsung, Nokia, LG, Vodafone, Airtel, idea, Mercedes, Toyota, BMW, Maruti, Tata Motors, Apollo Tyres, All cement & Steel Companies, Pharma companies, Doctors Association, Police Welfare shows, All India State Festival shows, Public shows and Wedding Shows.

Done more than 2000 shows worldwide with Bollywood stars like Hrithik Roshan, Akshay Kumar, Malika Arora, Mahima Chaudhary, Amisha Patel, singers like Neha Kakkar, Kailash Kher, Shaan ,Vinod Rathod, Abhijeet bhattacharya, Shivamani, Abhijeet Sawant, Raja Hassan, Rahul Vaidya, Toshi and many more.

While working she started her own venture in the field of beauty "Vivia Salon" and now she is an international certified makeup artist who learned her makeup skills from Celebrity makeup artist Shubash Shinde. She has done makeover for celebrities like Rashmi Desai, Aparna Dixit, TinaDutta, Deepikasha Nagpal, Debolina Bhattacharya, Abhishek Kapoor, Monalisa, Vikrant, Chinki Minki, Aarti Singh, SheenDas, Nancy Jain, Neha Marda, Rashmi Gupta , Rid Tiwari and Shibu.

Her Achievements

- *Miss Coast guard Queen (Beauty Pageant)
- *Metro Princess (Beauty Pageant)
- *Lavani gaurav puraskar
- *Maharashtracha Gaurav
- *Backstage Heroes
- *Shashakt Naari Sanmaan

LAKSHMI KRISHNNAN

Mrs. Lakshmi Krishnan is a qualified Social Worker from Delhi School of Social Work. She has spent more than forty five years in the welfare sector and believes in working at the grass root level. She works in the field of women and children belonging to the vulnerable section of the society.

She had a brief stint as Social Worker in CCF and subsequently came into the field of adoptions and was running the adoption centre of SOS Childrens Villages of India for a period of 20 years. During this period she has rehabilitated more than two thousand abandoned and orphaned children, looked after their medical problems and finally paced them on adoption. She has dealt with children with multiple medical problems and her 24 x 7 job was demanding.

Subsequently, she started an NGO in the name of Society for the Promotion of Women and Child Welfare(SPOWAC) in the year 1998 and ever since has been working more in the field of rehabilitating women from the vulnerable section of the society.

She addresses the needs of underprivileged women by imparting skill set, addresses each and every problem that the women face in their day to day life.The NGO has been recognized in various platforms and have several awards and accolades to its credit.The recent one being Top 20 Best NGO's of the year-2023 from INDIAN SOCIAL IMPACT AWARDS.

She is a member of various committees – POSH and ICC committees of several Government organisations. She was the member of the Appellate Tribunal for Senior Citizens. She is the member of several other committees of the Government both at state and central level. She had produced a TV documentary BLISSFUL PARENTING showcasing various aspects of Child Adoption.

She has been a Resource person for several talk shows on the television including debates on National TV. She has been featured in a book written by Avinash Kirpal, "WOMENTREPRENEURS". Inspiring stories of Success.(A SAGE Publication)

On 1st of April 2023, Mrs Lakshmi Krishnan was presented with a LIFETIME ACHIEVEMENT AWARD FOR SOCIAL WORK in a grand function held at Radisson Blu, Dwarka by WOMAN Leaders Forum and Global Empire Events.

KIRTI GROVER

I am Kirti Grover

A Graphic Designer and a Digital Creator. Academically I am a PG in English Literature, A commerce graduate, Fashion Designing Diploma holder, VLCC certified Nutrition & Dietics & finally landed to the profession that's in my genes from my maternal side i.e. Creative arts

Now I am handling social media accounts, making Graphics for Corporate & many more customizations.

I am a Resin Artist & Mandala Artist as well.

I have an experience of organizing big events as I organized Karwachauth events by name of SHUKRAN for three years successfully. I have also participated in many cultural events & fashion shows.

I am also supporting an NGO JEET FOUNDATION since 9 years.

I am an Executive Head in the esteemed FICCI FLO LUDHIANA ORGANISATION

Recently been awarded as the influencer & creator at an award show

The Ethics that I carry is Honesty Dedication & Hard work.

The Motto is to work with full dedication & honesty

I am honored to be awarded as Digital online start up of the year by Global Empire Events for recognizing the worthy women across the globe.

I am a Perfect example of overcoming the fears & never giving up. And I am Proud of myself & my achievements.

HARPREET KAUR

Dr. Mrs. Harpreet Kaur, MBBS, MS, is a rising star in the field of Maternal Health and Infertility in North India. She has been awarded Fellowship in Assisted Reproductive Technologies (IVF) from reputed academic institution 'Indian Fertility Society' (IFS), New Delhi. Dr. Kaur is currently working as HOD and Senior Consultant, Surgeon for OBS/GYNE and Infertility at Lord Krishna Hospital, Farukhnagar, Gurugram and as visiting consultant Surgeon at Apollo Hospital, Gurugram, and Silverstreak Hospital, Gurugram.

She runs her private multispeciality clinic (DLC Multispeciality Clinic in Sector 86, Gurugram). She is also associated with 'Birla Infertility Center, Gurgaon, Haryana. Previously, Dr. Harpreet has worked at Asian Hospitals, Faridabad and Signature Hospital, Gurugram as consultant, and has more than 13 yrs of experience in the field. She had completed MBBS and MS from SN Medical College, Agra (UP). Dr. Kaur has been trained at premier institutes such as AIIMS, New Delhi, and also certificate from London, UK.

Besides complicated Obstetric surgeries, Dr. Kaur also conducts advanced gynec and infertility procedures including Laparoscopy/Endoscopy etc. Besides Clinical experience, Dr. Kaur has a number of research articles published by her as lead and Co-author in national and international peer reviewed Journals, and has attended a number of conferences and workshops.

Apart from her professional excellence at a young age, she is a firm believer in philanthropy. For economically weaker patients, she waives off her fee completely and provides high quality care. She believes that quality medical care is the basic right of every individual of society, and however she can contribute to this, she will continue to do that. She also runs free medical camps time to time in her area.

Dr. Kaur's patients trust her and love her not only as a Doctor but also as a human. She sees patients from all sections of society and even International patients. As majority of her patients are women, she has realized that there is a serious issue of lack of awareness about women health issues and lots of myths about gynecological health conditions.

Dr. Kaur comes from a humble social background and spent her childhood in a small town – Muradnagar in Ghaziabad (UP). She was a Topper throughout in her School and qualified UP-CPMT (Govt medical entrance exam) at a high rank in first attempt. The caring attitude of Dr. Kaur runs in her blood, as her mother, now retired, was employed as a Senior Nurse in Govt Hospital in Muradnagar. Dr. Kaur is also very spiritual person, respects all religions and has strong faith in almighty. Now, as a Mother herself, she understands the importance of motherhood or parenthood and thus makes her best efforts for providing best possible medical care for couples having Infertility conditions.

As earning without blessings is hollow for her, specially in medical profession. Dr. Kaur is showing that it is possible to successfully run medical center providing best quality care which is affordable and with honesty and ethics.

ANKITA SINGH

A qualified Human Resources leadership Professional with over 15 years of diversified Industry Experience in Talent Acquisition ,Talent Management and Human resource along with leadership skills .As a Talent Acquisition Professional, her experience ranges from helping customers staff their captive and Consulting organizations in India and US , Recruiting global sales.

From being a Recruiter to now being an In-house leadership and strategic person , she consistently partners and engage with internal customers to deliver superior talent management experience to them. Extensive global experience working for multinational organizations with broad experience and proven skills in Talent Management, Talent Acquisition, Talent Programs, DEI, leadership Development, Performance Management, Employee Engagement, Succession Planning, and Executive Coaching.

Passionate and driven HR professional with extensive experience in diversified environment.

she has an unparalleled ability to understand businesses and their challenges and thereby to align HR programs in the context of business in an integrated manner. A self-motivated individual with strong work ethics. A creative and innovative thinker who thrives on new challenges and a fast-paced environment.

Not being from any top Tier 1 B school though a Top performer at the MBA College from where she completed her MBA degree into Human Resource but yes she always had the passion to do something in life and be an achiever of goals be it for self or be it for the organisation because she always believed in delivering the organisation as her own venture.

Currently working as a Business HR and Talent Acquisition Head with a US based Firm Enterprise Solutions Inc which was a small firm when she joined it but now it is well known firm with many accolades in its kitty ,from branding to change management and making a well-known recognised firm in the market . she understands that no single strategy is right for everyone, so she has been trained in a variety of approaches. Her great passion is bringing ease to the lives of the young generation when it comes to career guidance. She has participated in some MBA colleges where she delivered the lectures and brought the corporate to the table of B school Students.

Her greatest strength is her ability to build strong trust and credibility with all her stakeholders by adding value through pragmatic business solutions with a balance of both short- & long-term approach, thus ensuring success in all her roles and assignments. Her energy and unmatched ability to influence people across levels and business outcomes positively have won her respect from her colleagues and clients equally.

YOGITA HARNE

“Teaching is not Telling”

With The Divine Blessings of Prakat Guru Param Pujya Shree Hariprasad Swami ji and Shree Prem Swaroop Swamiji

I am Yogita Harne from Vadodara, Gujarat presently working as CCA HEAD and HOD Mathematics at ATMIYA VIDYALAY which is a day-cum-residential school managed by YOGI DIVINE SOCIETY, affiliated to CBSE Board. I am also heading my own coaching center named ‘Horizon Concept Learning’ where I help in shaping children’s mind to accept better learning and set their future goals.

My areas of expertise are Mathematics and Physics. I have completed B.sc IT + Electronics and B.ed from DAVV Indore and M.Sc Mathematics from Kalinga University Raipur. I don’t believe in scores, instead I strongly believe in the forming of creative minds. I work towards developing interest and curiosity in the young minds.

I have presented my work along with students at

1. CBSE Sahodaya National Conference in Art Integration and Experiential Learning which won accolades by all the CBSE Officials and Educators present.
2. CBSE Regional Level Science Exhibition 2022-23 where I mentored students in preparing a Science Project based on “Toy Technology” under Transport and Innovation 3E tech, a concept based on Efficiency, Endurance and Ecological Aspects.
3. International Conference at IIT Delhi on Reimagining and Rebuilding K-12 Education where I presented my work on Multidisciplinary Education.
4. I am also associated with writing platforms named, ‘Like Your Quote’ and ‘Nojjoto for Poetry Writing’.

“The means of Education is not to cut down the jungle but too irrigates the desert”. For me teaching is my true calling and passion which makes me complete. I am like a software engineer who is handling a live project- her students. And each one of them have a different coding language and understanding level but I am coding and decoding them for their best future. I am like a musician who has worked on the rhythm and synchronization between my student’s dreams and reality so that the music of their life will be beautiful.

I am a young entrepreneur owning a book store named READERS GARDEN BOOK SHOP, in Vadodara. To conclude, I am an individual who has grown in every way over the years.

My heartfelt gratitude to

- Secretary of Yogi Divine Society, Mr. Jayant Dave Sir
- Principal, Mr. Dushyant Patel Sir

for all the years of guidance and advice you have bestowed upon me. Under your guidance and mentorship I enhanced my skills and talents.

DR. VISHU V

My Signature to My Autograph.....

Dr. Vishu V, Associate Professor by profession who has done her doctorate in Computer Science and currently works in the Department of computer Applications, SRM Institute of Science and Technology, New Delhi NCR. She has more than 17 years of experience. Three years she explored the world of software and landed her career as an educationist. SRM IST, Delhi NCR believes Education is all about creating an environment of academic freedom, where bright minds meet, discover and learn and the organization supports the growth of students and employees in the right approach.

She started her journey of making her signature into an autograph from Fr. G.K.M Higher secondary school, Wayanad. She started her dream of touching the sky from the same school. She did graduation and post graduation with top most marks and ranks from different parts of southern India.

Her initial career was in software development and continued for three years. Teaching is always a passion for her and finally ended up as an assistant professor in Coimbatore Institute of Technology in 2009 and then moved to SRM. She has more than fifteen years of teaching experience. Her research areas are Radio Frequency Identification Systems with intelligence and data security. She published several research articles in reputed peer reviewed journals. She has been the resource person in national and international programs on various technical topics. She has done many projects in RFID technology.

Achievements

- Innovation Ambassador for Innovation Council (Ministry of Education)
- Editorial Board Member
- Resource Person in National and International programs
- Patent holder in data security
- Game CD release by students – Guide
- Paper Presented and Published in international Conference – Singapore
- Best outgoing Alumnae
- Rank holder
- Research coordinator
- Lifetime membership in Anita Borg Institute for Women and Technology
- Lifetime membership in Institute for Engineering Research and Publication
-

She has a wide vision of bringing the dreams into reality. She always wants to become a live example for all those girls especially from villages who want to touch the sky with the help of education. Let all the children land on their dream role and make their signatures.

VANDANA S

Vandana, 39, Women Entrepreneur-
Vconnect Services

Vandana is a visionary and trailblazer in her field

Throughout her career, she has demonstrated a strong work ethic and unwavering determination, which have helped her overcome numerous obstacles and achieve great success.

Born and raised in Gurgaon, Vandana developed a passion for Corporate Sales at a young age. After completing her education, she quickly rose through the ranks and established herself as a leader in her industry.

With her innovative ideas and groundbreaking solutions, she has made a lasting impact on the lives of those she serves and has set a new standard for excellence in her field. Throughout her career, Vandana has received numerous awards and recognition for her achievements. However, she remains humble and always strives to do better, both for herself and for those around her.

In her free time, Vandana enjoys listening to music and spending time with her daughter. She is also a devoted mother to her baby Vanchi and a proud member of her community.

While giving birth to her baby girl, due to some goof-up done by doctors, Vandana suffered multiple organ failure and remained in ICU for a month. Though she survived but lost her kidneys and is on dialysis twice a week. Despite that she works the remaining five days with all energies and dedication.

Vandana is a true inspiration and a shining example of what can be achieved through hard work, determination, and passion. It is with great honor and admiration that we nominate her for this award.

SIMA AGRAWAL

The Story of how I began Trisha Creations!

The Second inning of my life began after my husband passed away and I was here with two little children - thinking of their future, coping to come out of this situation and managing all the things that came along the way. It took a lot of strength & patience within me to find a way out.

Once children are in their adolescence phase, answering their questions and shaping their future were my top priorities and it was extremely challenging

My faith towards creating my own destiny started with my new venture - Trisha Creations, with the simple tag line saying 'Wearing Happiness.' With the confidence to build a successful business, upgrading and adapting myself with evolving situations, and achieving every milestone- the appreciation I attained from my entire family & friend circle enabled me to do justice with my dreams and work harder towards my goals!

As I began my journey, my father was my biggest support pillar, who held my hand & taught me again to walk in this new path of life. Both my brothers day in and out took care of every single need and of-course my mother who was always there for any emotional support I needed. My husband's childhood friends stood with me for little and big things. Both my family and friends created a good support system, the first step to build my castle again!

Grooming both my kids to become who they are made me a proud mother and pushed me to do more. My faith towards creating my own destiny started with my new venture - Trisha Creations, with the simple tag line saying 'Wearing Happiness.' With the confidence to build a successful business, upgrading and adapting myself with evolving situations, and achieving every milestone- the appreciation I attained from my entire family & friend circle enabled me to do justice with my dreams and work harder towards my goals!

I was very keen to make trendy outfits and build my brand, but how to make this dream into reality was a big question! Im now blessed with the most supportive & creative team who I work with to create the most trendy and contemporary outfits with value for money.

With immense support and belief from my kids & family I was able to setup my own showroom & display my products. My daughter & her friend helped me showcase all this on social media and made me think towards brand building and marketing my page to increase popularity. My inspiration, actions and opportunities have made me reach greater heights and helped me grow & flourish both personally and professionally.

MS. SHIKHA JOSHI

Jo dusaro ko aage kare wahi Aagewan “

This statement is my inspiration to work for poor women who work hard and contribute to their families. And their hard work also contributes to the GDP of our nation. But their work is not recognised by their own families. They are invisible workers who never got any opportunity to build their skills, are always paid less than men, have no secure work, and they don't have any coverage of social security.

'Self employed women Association' called SEWA (national organisation) works for the socio-economic development of poor women workers who earn their livelihood from informal economy.

Due to my work, informal sector women workers got their identities as workers. They received coverage of social security, livelihood opportunities, avail basic infrastructure, economic empowerment, ownership in family assets, and respect of their families.

I helped unionise and mobilise construction workers, street vendors, agriculture workers, and domestic workers so that they get their rights and recognition as workers and raise their issues in front of policy makers, employers, etc. I conducted research and surveys on these burning issues and presented them in various National and International workshops organised by ILO, WHO, UNICEF, and State and Central Government.

I also represent issues of women workers from informal economy in front of National and State government committees, and also at international forums.

I founded a industrial cooperative 'Rachana Mahila Grah Udyog' in 1995, which supports women in owning their small businesses, help them by providing a market for their products, and give them credit for purchase of raw materials.

During 2010 to 2012, I founded 3 credit cooperatives for their economic development. This credit cooperative provides saving and credit facilities to poor women. They are also share holders of these societies.

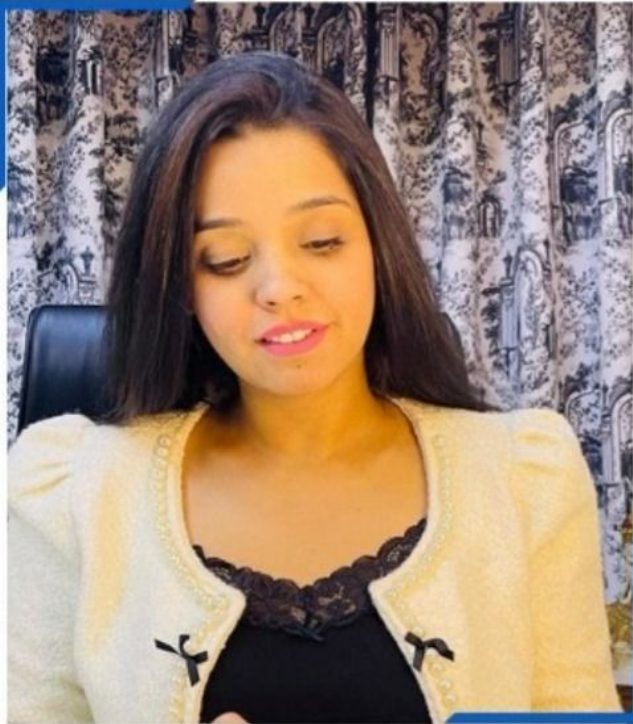

In 2022, I founded 2 farmer producer companies for small marginal women farmers, which provides support in buying seeds at a decent price and help them to sell their crops at a good price.

Position within SEWA Organisation :

- General Secretary of SEWA Madhya Pradesh since 2006
- Secretary of SEWA Bharat since 2009
- General Secretary of SEWA Bharat since 2022 (SEWA Bharat is the national federation of SEWA organisation in 18 states)

KANIIKA SINGAL

When we talk about privileges of Indian women who are married we find that all have different set of challenges and advantages. Well, I am no different. We all come with our set of challenges and advantages. The biggest advantage which I have is the tough time which I faced during my schooling. Having met with an accident at a young age, I suffered a lot as I could not go to school for good time. Parents shifted me to a neighborhood school. The peer group were not so great and same was the case with teachers. The atmosphere of the house was also not that great after that accident. That was time when I first made a promise to me that whatever be the circumstances I would always look out for opportunities and would always strive for the excellence.

I followed my mantra after that. I completed my BBA and then got married in a 'Baniya family'. But the persistence to achieve something good did not allow me to stop. I completed my Certification in Gemology from Gemological Institute of America. Further I completed my training in Communication Skills from British Council and then masters in Neuro Linguistic Program from American Board of Neuro Linguistic Programming

Now coming to challenges. The biggest challenge was to build career without going out of the house. I am sure that many of us would be facing the same challenge. I had to explore opportunities to fulfill my dreams with all the limitations. I was constantly looking out for all the opportunities – in every talk, every conversation, and every post, almost everywhere.

Covid gave me this opportunity. This was actually blessing in disguise. I used to teach my daughter at home and had to join online classes with her. My participation was recognized by my daughter's teacher. I was told that I should pursue teaching phonics and soft skills to students as kids to whom I guided during these classes were able to comprehend very well. I took this opportunity with both the hands.

The map was clear now. I would train students and others for communication and soft skills and this I could do without going out. But how? I wanted to do this in a very different way – an innovative way.

Innovation or doing things differently is definitely a key to future success. But in order to perform things differently we first need to answer the fundamental question of "WHY". "WHY" we need to perform differently or what are objectives which we want to achieve? Until and unless we don't know the reasons to this "WHY" we won't be able to design or plan the "HOW" of the act or "HOW" to perform differently and thus won't be able to achieve the success or the desired goal.

Taking clue from above, I incorporated the best practices, involved all the learning techniques to have long lasting effect on the lives of learner. I am confident that with all my conviction I can make this world a different world. To conclude, I would like to share my mantra for perseverance and that is 'Naah to hai hi... kya pata haan ho jaye'.

ADITI SRIVASTAVA

I believe making efforts is the only thing in control, results are dependent on a lot of factors

So just keep stepping forward

For the past decade I have been working in the skill development industry managing end to end Employee journey in an organisation from skill and knowledge aspect

Starting from new hires communication and process training to know specialising in behaviour training and business training for Leadership

I have worked with close to 30 companies in 5 different industries: International Travel, Automobile, Retail Fashion, Equity Research and Healthcare

It required a lot of self learning. Ensuring everyday an hour is spent in my own research and development. Identify personal training needs and getting those learning programs and certification for myself

Currently I am a certified POSH Trainer, Life Coach and undergoing Clinical Psychology and Master Trainer certification

And also future plans of completing executive program in employee communication

One of the badge I wear in my career is to built a non-medical team for patient communication training for PAN India surgeons and also now expanding internationally

The journey is still going and with that the zeal of developing my skills and others is just getting higher.

Pristyn Care

APARNA PRASHAR

"COMMUNICATION AT THE CORE."

Aparna Prashar, Senior Vice President, Design and Brand Communication at Blue Pebble Design Studio has forged a successful career across multiple sectors by connecting and communicating. Starting her career as a TV Journalist for a news agency - meeting celebrities, cricketers, politicians and business leaders was all in a day's work. But, one day she decided to move to the corporate side of communications. Joining then the leading airlines of the country, which transformed the low-cost flying, Aparna scripted her journey towards brand building and corporate communications.

Her ambition, coupled with zest to do more enabled her to work with a German based IT major in global communication profile. The role provided her a platform to communicate and interact across various geographies. "A small stint, but my learning curve was huge. I was able to widen my communication portfolio across various verticals within the organization such as HR, Marketing and Internal communications", says Aparna who managed communications for four countries under her portfolio.

As a mother of six-year old twins, a short sabbatical and a few consulting roles later, today Aparna is charting the design communication strategy for leading corporates in the country.

Aparna explains - "I joined Blue Pebble, a start-up over 5 years ago. This meant I got the opportunity to build my own team, create processes and share my years of experience and knowledge with the young minds. Today, I lead Brand and Design Communications team where we together as a team, take pride in transforming workplaces across the country through power of design and communication". She further explains, "This was my first stint on the agency side wherein I was interacting with brand and marketing teams of fortune 500 companies. The wavelengths matched, I exactly knew what was the brief and that got us the first mover advantage in the spatial branding industry - which is still so nascent and unorganized in India".

"Her contribution to the growth of Blue Pebble has been incredible. She is the creative think-pot, research guru and full of energy and enthusiasm. Her passion and dedication is commendable", says Nalin Gagrani, Founder and Director, Blue Pebble. Her knowledge and conviction about her work, has made the organization win many prestigious projects.

Aparna was the first woman employee at Blue Pebble and today as part of the leadership team, Aparna's focus is to bridge the diversity ratio in the organization, recruit younger talent and give them an opportunity to grow along with the brand.

Aparna epitomises a modern Indian woman with a strong commitment towards work-life balance. As a task master at work who looks at everything with a telescopic lens, her leadership style is very methodical, strategy focus and result-oriented.

ANKITA JHAKMOLA

"She accumulated small but consistent habits that ultimately led to results were unimaginable when she started off"

Ms. Ankita Jakhmola is a lawyer and an accomplished academician by profession. She completed her graduation from Bharti Vidyapeeth Deemed to be University, Pune and is a Gold Medalist in L.L.M. - Criminal and Securities Law from Institute of Law, Nirma University, Ahmedabad. She has pursued & completed her Certificate Course on International Criminal Law from Case Western Reserve University, Ohio in U.S.A in 2021. Besides, she has to her credit various publications including the UGC CARE Journals. Currently she is pursuing her Ph.D. from Rajiv Gandhi National University of Law (RGNUL), Patiala. Back in the year 2019, she founded Legally Bharat as an initiative to build an informed citizenry. Through this page she has rendered free online legal advices, mentored around 1000+ students pan India who were previously struggling with their choice of careers, conducted quiz competitions, and provided cost-free study notes to various students who would reach out to her.

Apart from her daily working schedule, she spends minimum 2 hours on free mentoring programmes and in acknowledging the on-going challenges of the people who are connected with her on Legally Bharat. Ms. Ankita has always been inclined towards addressing women's safety, ensuring true spirit of empowerment amongst women and providing free of cost solutions to legal issues related to mental harassment, sexual or physical abuses amongst women. In the year 2021, when the second wave of COVID-19 gripped India, Ankita and her group members were in the news headlines for being known as the superheroes of the State. She emerged as one of the most active volunteers in the State of Uttarakhand, whereby she arranged plasma for more than 250 people in the state with the help of other active volunteers. Not only this but at the age of 16, Ankita initiated a formation of a social group which was popularly known as Girl Rights Organization - Kali, whereby the term Kali depicted the Indian Goddess who was an epitome of ultimate power and destruction of the bad. Through this group they filed various complaints to the jurisdictional Police Stations & helped the police to identify and cease substandard confession pages on Facebook which posted derogatory comments for girls and women of Dehradun. These acts of her disclose her mindset and her desires to work for the society, specifically the women, at large. Later, in her masters, she chose to do an in-depth study on Child Sexual Abuse whereby she once again majorly focused on the girl victims of such abuses who never got a redressal. Her unmatched proclivity of extending support to women in distress has always been a talk of the town and it gives her motivation to do more and better. Currently, Ms. Ankita is working on the entitlements of women prisoners of Uttarakhand and she will be physically verifying her data with regards to the administrative challenges in the women cells and prisons for framing her informed and active suggestions to the State Government of Uttarakhand. We appreciate her willingness to mentor so many young law students as well as law graduates and acknowledge her motivation towards the upliftment of the society. We wish her all the best. You can reach out to her through her page named @Legally.Bharat on Instagram or email her at ankita@ablawchamber.in

PRIYA KAPUR

Known as The Glocal Entrepreneur donning multiple hats is Priya Kapur, a dynamic achiever who is multifaceted and successfully so.

After completing her graduation in Mumbai and further aesthetic training with City and Guilds, UK, she set up her first venture – Priya Kapur – Makeup & Hair in 2005. She authored her coffee table book 'Bridal Diaries' (2013), while designing looks for editorials, celebrities and brides.

While grooming lay the foundation for this path, she added another dimension to her business disposition with her jewellery venture. Not content with consolidating her position as business woman with a successful stint of over a decade in the world of grooming, she founded 'The Glocal Trunk' (TGT) an online fashion Jewellery retail platform (e-commerce – start-up) under her company Glocal Trunk LLP in 2016.

The Glocal Trunk (TGT) is a home-grown Indian jewellery brand borne out of co-founder Priya Kapur's aesthetic vision. It is a fashion jewellery retail platform, which creates a globally sourced local high-end bazaar experience for all types of jewellery.

The brand says it strives to discover, care and curate a sought after collection of styles, stones and metals from international jewellery designers and manufacturers from different cities like Paris, London, Greece, Milan & Istanbul to name a few. The Glocal Trunk's CSR initiative TGT Growth Buys is a special non-profit platform on official website for bringing out the talent and creativity of women artisans and differently-abled individuals by giving them a distinct category online to enjoy sales of their handmade & vocal for local products created by them.

"Our first concern is customer satisfaction followed closely with our meticulous curation of in-vogue and upcoming international fashion trends and jewellery pieces. Quality versus quantity is our motto, hence we aim to stock limited fine pieces in each design to give our customers a unique experience. Our Signature & High Street jewellery and accessory ranges are available exclusively online or with select stores. Our one of a kind collections are designed by celebrated locally sourced global designers and are carefully selected to meet the demands of our 'Glocal' clientele", says the company founder and CEO.

TGT recently launched the 'Party Edit Collection' and several new additions for the holiday season and Valentine's Day. Each piece created with the finest jewels.

The brand has been a go-to option for many women from India & worldwide since its inception in 2016. Receiving a grand welcome, the brand is humbled by the appreciation of returning customers. Their vast variety of jewellery online, choice of collections, their customer care and affordable pricing have been their USP.

Priya balances her responsibilities in the professional and personal sphere quite effectively. Inspired by her mother's humility and her father's diligence, she believes she has found the potent formula for success. Striving to build a successful home while scaling her business, Priya believes is the perfect way to lead a balanced life.

Manifesting the vision of developing TGT as the trusted go to destination for all fashion accessories, while maintaining the existent quality and price points, she's now working on another pet project under the company umbrella.

Following the philosophy of Winner Never Quit & Quitters Never Win, Priya asserts that her journey has only just begun. Creativity has no limit and there's always a way to make your dreams a reality – she propounds.

**The Glocal Trunk**

**PRIYA KAPUR**

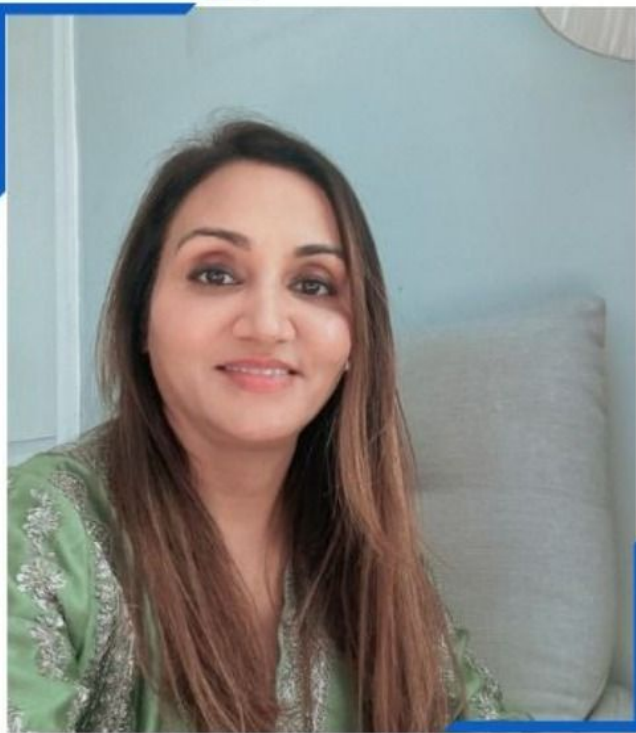

MS. SUSMITA MASCHARAK

APJ Abdul Kalam once said "You have to dream before your dreams can come true." Mine was one of the many lives that I think is running parallel to this quote. 1991, that was the year, T for Toy became T for Teacher for me. People regard Humanities as an inferior field, one in which you mug up ramblings of the past and in exchange you get a meagre income. But for me, the numbers never were at play. I was attracted to the whole teaching learning process just like 2 oxygen atoms to a carbon atom. These dreams started taking shape when I got my first teaching job in Kolkata at Shree Jain Vidyalaya in 2000. The first batch, the memories, the laughs, the telling offs knocking so loudly at the doors of my brain as if it were only yesterday. But my god, 23 years! There was a person named Susmita Bhattacharya at the start of the century. But, that person is gone now, much like mergers and amalgamation in Investment Banking, the different cities have changed me. Yes the different cities! The first stop in this ride is Raipur, Chattisgarh. Holy Hearts Higher Secondary School was the first interstate school I chose to teach and to learn. The hearts I chose to nurture and the thoughts I chose to shape were holy indeed. But, the history that I taught to these

middle and high schoolers? Not so much. Courtesy of Mr. Right's transfer, inculcating the strength of the Raipur steel, we move on to our next destination, Bhubaneswar, Odisha. It's as if the stars were speaking for themselves. Not able to see his creation in distress, the holy God offers me a job in St. Xavier's School. Again, the history I taught was far from perfect or utopic.. it was rather dystopic, but the school, the environment itself was as if to make these gory facts into a fairy tale. Now much like the Britishers, we'll take the resilience of the heritage sites of Bhubaneswar and head on to Jamshedpur, Jharkhand. With an infant in the house, the very need of going to the job was heart wrenching. But, Carmel College made it somewhat easier to bear the pain and move on. The laughter of the children, their sleepy faces in history class, the witty jokes , they made life easier. Even though I wanted to spend more time in these classrooms, fate had something else in mind. Keeping my seniority in mind, I started looking for a transferable job. And in DAV PUBLIC SCHOOL, Bishtupur I found one. In this school rather this institution I found my big break. But that's a little later. As for now, I would like to focus on the merry Jamshedpur days. The school was all but one aspect, but the city life in itself in Jamshedpur was pretty wonderful. Learning from the steady growth and development of Jamshedpur, I realized it was time to step up to the next level. But, accompanying us on our journey to the capital, was my nonexistent transfer letter. I was made to start from scratch. Some of the perks of having to leave mid session. But courtesy of the erstwhile principal of DAV PUBLIC SCHOOL, SECTOR 37, FARIDABAD, I was working on probation straight away. In this institution, I found my wings to fly. Starting as primary English Teacher, I'm now a certified master trainer at the district as well as Haryana Zonal Level and teach SSc. from class 6-10. These 15 years at this school have added more to my life than I could ever imagine. So from Susmita Bhattacharya, I'm a new person now. Susmita Mascharak , ignoring the surname change, I'm not an individual anymore. I'm my student's doubts, my son's laughter, my colleagues' hardwork and the peace and tranquility of a white dove. The topographies, from the Plateaus to the Plains, one would assume that my dreams are still on halt on account of my nomadic past, but the dreams that I dreamt were nowhere close to what I have achieved today. So, I guess this turbulent but glorious at last story of my life provides justification for the appreciation of such feats. Kids nowadays are asked what they wanna be when they grow up. But, the real question they should be asked is who they wanna become when they grow up. As for me, who am I ? I'm Susmita Mascharak.

NIDHI GOEL

"When you trust in God, go with the flow" (for it is his way, I believe). Curious, energetic, athletic, observant and a quick learner ... I have been from my childhood... mom and dad say! I was literally like the apple of their eyes. A child that grows up in the nurture of love and freedom, grows into a fearless and confident adult, who I believe I am today. I aspired to be a doctor and a fashion designer. Cracked BHU, a coveted university of the time for medicine to onboard the journey to being a doctor. However, fate had different plans and I pursued bachelors in science. Post BSc, my fashionable and adolescent self directed me into fashion designing. Life took a sharp turn and I got married at 21, had my first baby at 22 and the second at 26. My overambitious brain had now accepted motherhood above everything as the most beautiful phase of life. Designing was still my passion, so I pursued jewelry designing and I

was loving it. Life felt like a beautiful adventure that I had set myself onto. Until, it all came to halt for a brief moment when a loss in my life tore my spirits apart. It took me a while to reconstruct myself, but I only emerged stronger. This new phase drew me into the mystical world of occult sciences. I got absorbed into the power of numbers, planetary energies, energy exchanges and lives based on it...numerology. Yes, I'm happily and proudly a numerologist today. I help people attain peace, health and learn positivity. I share happiness and that's my biggest achievement. When people come to me, they turn to me with hope and to keep their hopes alive and make them believe that it is nobody, but them who can achieve all that they desire with a little help of stars, is what motivates me to wake up every morning. For me life has been a glorious journey, a course of learning and achievements. I've always done what I've enjoyed and now I'm doing what I thoroughly believe in. From cracking PMT to being a Bachelors in science, from a fashion designer and jewelry designer to being an accredited GIA jewelry professional and now finally a numerologist! I'm still a young girl on the inside, a conscious eater and a family oriented person. My mornings start with a dose of detoxification of the mind and body, supported by amla and lemon juice followed by yoga and meditation. My world, my kids and my husband, make me feel the wealthiest with their unconditional love. Painting and music are still my vent outs. Dancing continues to energize me and excite me.

BALIVADA SUJATA

Namaste, "Actions speaks louder than the words" . In fact, my dream has come true. I am Balivada Sujatha from Katni, Madhya Pradesh, but native is Visakhapatnam, Andhra Pradesh. From past 20years I am associated with Women's Welfare activities and past 2 years I am associated with United Human rights council and also associated with different community activities . My dream is to create awareness about hygiene, health and education. We conduct medical camps and cultural activities with all the

women and children in my region. If you are outside of my region, I am always available via phonic conference to provide help and give advice to the needy. THANKS TO ALL WHO SUPPORTED ME IN MY WELFARE WORKS, DIRECTLY OR INDIRECTLY.

Specially my Husband B.V. Rao IOFS and my both sons Sai Bharat and Sai Rohit. This award motivated me to do more welfare work until my last breath. Thanks to all Jury members. Congratulations to all my co-participants

KIRAN SWAMI

Kiran Swami is an author of Ultimate Happiness mastery book and this book is also a winner of golden book award 2023. Now a days happiness is a challenge for most of people. In other words people are living under stress and depressed. She has been teaching in government school since 1996 and feels that students are facing a lots of problems due to lack of life education even teachers are also not able to guide them how to choose their career and how to handle failures in life. We are failed to make them understand that there is no failure only feedback is there and we are to learn from feedback and get succeed.

If we teach students some techniques with their schooling it would be amazing to live a fulfilled, happy and healthy life.

Every human being desires to be happy. Happiness is a virtue, a state of mind that reflects on the inside when one takes up the challenge to connect with the inner self. Embarking on this journey is surely a challenging one, but along the way, it creates a lot of room for positivity and gratitude in one's life. When an individual lives a meaningful life, he or she attracts happiness, and this law of attraction serves infinite abundance when applied correctly.

The universe is full of endless possibilities, and mastering ultimate happiness is no cakewalk. However, if one is committed to achieving this joy, no force can stop it. The book "Ultimate Happiness Mastery," written by Kiran Swami, is the ultimate game-changer in an individual's pursuit of achieving happiness.

Kiran Swami is a 47-year-old NLP coach, law of attraction coach and the author of the book Ultimate Happiness Mastery. She hails from Bikaner, Rajasthan, and devotes her time to multiple projects in order to lead a meaningful life. She has been working as a primary school teacher in a government school since 1996 and is fully committed to imparting quality education to her students. Her vision is to provide life education to students so that they take responsibility of their life and can live their life happily and wisely. Her intention is to serve the society and for that this book is written and it is a happiness tool to carry and it is totally for charity.

As a NLP and Law of Attraction coach, she is also vested in teaching people meditation in order to lead a stress-free life and achieve happiness. In addition, Kiran is also associated with an NGO named Tathagat Foundation in Bikaner. She states that her recent book, "Ultimate Happiness Mastery," for leading a stress-free life is a guide that enables one to rethink and reprogram one's mind and discover the secret to achieving happiness.

She has been a happy being since childhood and loves to spread happiness and positivity all around. Belonging to a very simple family background, Kiran's life was full of hardship, and she had to start teaching mathematics at a very early age to support herself after her father passed away. She completed her schooling and BSTC and managed to get a job in a government school, after which she started teaching professionally. After a few years of leading a normal life, Kiran lost her husband too and experienced unbearable pain, which guided her on the path of meditation. This painful experience changed her perspective about life, and she came across the law of attraction and its effects. Kiran's curiosity led her to learn about the power of one's subconscious mind and seek training in NLP from Yogendra Singh Rathore, the Law of Attraction from Ashok Pillai, the Golden Inspiration Gurugram, and Silva Ultra Mind ESP (USA) from Saai Nirmala.

Her journey of embracing life as it is and spending thirty-five years in a limited perimeter of a 3-4 km area, entirely dependent on her family and husband to go anywhere in the city, made her mind-set fearful. Practicing NLP and the law of attraction gave her a lot of strength and courage, which ultimately led Kiran to realise that no matter how adverse the situation is, there is no fear and one can achieve whatever one thinks and believes.

Kiran Swami's book "Ultimate Happiness Mastery" helps people realise that the ultimate power lies in their hands, and the universe provides for everything that a human being desires. It describes the beauty of the universe as such that it provides for infinite possibilities, joy, and abundance. Through her book, Kiran Swami wants to spread hope, and she believes that success is different for everyone, so for her, it means bringing a smile to the faces of people who have lost hope by being the person who can spread light.

YOSHITA DALAL

Yoshita Dalal
Foreign Language Trainer

Profile

Expert foreign language university professor with more than 18 years of experience teaching at the college level. Distinguished record of publication in academic journals all over the world. MADHU RANDHAWA

Born in Khanna, district Ludhiana, Punjab in a family with active participation in the independence movement of the country. I attended city government school and went on to pursue bachelor and masters from Punjab Agricultural University, Ludhiana. Further, went to do Master of Philosophy from Panjab university, Chandigarh. I worked as lecturer and retired as Vice Principal from HMDAV school where most of students were first learners from their respective families.

Students always complemented me for my extensive concern and compassion. I got along with my students and have always been appreciated for being just and unbiased, promoting fair and equal opportunities in her classroom without boundaries of caste, class, status, and academic biases. I always grew

along with my students and tried to do every necessary intervention to enhance learning experience for my student. My style of learning has always been more practical, involving day to day life experiences and the world outside textbooks and classroom. My focus was on preparing my students for the real-life ahead and how they could apply the concepts they learn at school to their lives. I indulged into listening to their personal problems and trying to help social issues they are facing. For me, the last benchers were as intelligent as the first benchers, and I refused to judge them based on one single parameter. In my teaching experience, many of my students have fought all the odds in their lives and succeeded despite their circumstances. I feel proud to have contributed to many such stories. I always believe in trusting young people for their ideas and worldviews and helping to motivate them achieve their dreams.

On my retirement day, most of my students from the last 25 batches came to participate in a function at Ghalib institute and expressed their utmost gratitude which I think is the greatest award for any teacher. We are living in a very challenging time with heightened competition and increasing struggles. My advice to my students is what I call the "Ant philosophy". Ants never quit. Have you noticed how ants always look for a way around an obstacle. Never give up and keep trying to look for alternate routes around your path.

VEENITA SOHARU

Veenita Soharu: An Intrinsically Inspirational Lateral Minded Legal Leader Businesses these days see a lot of changes not only due to the evolution of technology but also because of ever-changing compliance guidelines. This ever-shifting landscape throws up a lot of challenges for companies & businesses which in turn becomes the breeding ground of Legal Issues in the future. While one approach of the business could be to be reactive to such issues and spend a lot of time, resources, or energy in managing such infractions OR be more proactive and create a robust framework that can not only throw up early red flags but also strike at the root cause of the potentially dangerous issues & situations. This requires an able hand to guide the business through this unknown minefield with assured comfort. It is in this space that an intelligent lateral thinker – Adv Veenita – who along with her team of Tech-Oriented Team of Lawyers, can be a real asset. Her firm can be any company's legal advisory partner, hand-holding & advising them precisely in complicated matters while also guiding the management to better manage the Legal issues right from Policy to Dispute Resolution. Adv Veenita is a Founding Partner in the Gurgaon-based law firm, TSA Legal (www.tsalegal.com), and has more than 18 years of experience. Veenita's core expertise lies in Corporate Governance, Human Resources, and Legal Compliance for MNCs and Startups. She has helped Global Businesses in aligning their Indian Operations with requisite compliances by Designing, Drafting, and Executing the most robust Policies in Employee Management, Contract Management, and Labour Law related issues. She holds command over Labor law compliances including ESI and PF benefits, Minimum wages, Labor Laws for registration, licenses, renewals and the Contract Labour Act. etc. She has been awarded by various corporates for which she worked, for her innovative approach while successfully managing

sensitive corporate issues efficiently. TSA Legal is a modern law firm that helps new-age businesses especially the ones focused on Technology, IT, Mobility, FMCG, Pharma and Artificial Intelligence. It offers professional services in Business and commercial law, Environmental Law, Intellectual property rights, International law, Artificial intelligence, cyber law, Litigation and arbitration, consumer protection, etc. Why do Companies Trust TSA Legal? TSA Legal has created its own niche based on its core competence. The team consists of lawyers with educational backgrounds and experience as engineers, technology specialists & domain experts. The team is thus well-versed in Technology and Law (India, Europe & Americas). Moreover, the team keeps itself updated on new technologies like Artificial Intelligence, Drone Technology, Bots, Pharma, Electronics etc., and integrates that understanding with the legal issues related to it. This helps the team in advising its clients (which are mostly in New Age Tech), in creating legal frameworks in their systems to secure not only the technology and the operations but also the business. Frameworks like policies, instruments, agreements, back-end, etc. need to be aligned with the possible legal risks and their mitigation plan. Apart from the framework, the team also creates and delivers various important trainings like PoSH & ICC, Cyber Law, Cyber Security, Data Sanctity, Email communication, HR Sensitivity, Supply Chain Risks, Social & Governance Best Practices and its Legal Implications, Social Media in Professional Set-up and implications, and many more.

Clients appreciate this approach as they know the team understands technology, as well as the law in equal measure hence, TSA Legal is trusted to advise them on key issues. Engagement Journey with Clients: TSA Legal team works with the clients from the very initial stage by getting involved in creating Management Systems, Framework(s), Policies, Mechanism for integration, Checking Mechanisms, Legal Training and implementation of such frameworks with Operations, Risk assessment, Aligning the operations with various Guidelines (Country wise), and of course the dispute resolution (internal as well as external). The team gets involved in various negotiations on behalf of the clients and represents them at various forums (domestic & International) as well as where the client requires it. Its service modules are designed in a way that the Startups do not feel the pinch in their pocket while getting access to a pool of experts.

The core belief at TSA Legal is to bring harmony between Technology and Law while giving access to the client to a pool of expertise in one place. A proactive approach by its team and dedicated resources working on issues highlighted by clients is another plus that its clients appreciate. All in all, it is a knowledge-sharing business. Achievements of TSA: TSA Legal was recently awarded as 'One of the Best Upcoming Law Firms,' at a Legal Conference of South Asian Countries held in Singapore (Nov 2022). Adv Veenita's initiative was covered in Insights Success Magazine where she was awarded as one of the 'Influential Women Leaders In Business 2023' Business wise the firm is serving clients in India (Delhi NCR, Hyderabad, Bengaluru, Nagpur, Aurangabad, Mumbai, Goa, Ahmedabad, Ludhiana, Jaipur, Vishakhapatnam, & Chennai) & Abroad (Dubai, USA, UK, Ethiopia, Ghana) & will be expanding its reach to other industries & Geographies in Global Markets

She has been an inspiration for many and her unstoppable attitude guarantees that she has many more achievements coming her way in the future. Shriya attributes the success coming her way to the blessings of her parents, family, friends, colleagues and mentors, who have been pillar of support during her journey so far.

Her ultimate belief is- Success is no coincidence but instead a culmination of perseverance, hard work, learning, sacrifice and most of all, love of what you are doing and passion to do that.

MS. GAZALA NADIM FAKIH

My Self Gazala Nadim fakih belongs to middle class family and married to Mr Nadim Fakih and blessed by 3 kids I am happy in my life with my family and kids. But suddenly my husband business drop down and we suffering from many crisis. It is very difficult to survive so I started my own work. I am Fashion Designer and Artist so I decide why can't I start my own Business? My Husband always support me to move forward in my life. He always guard me and all credit goes to my husband while I am going better in my field many ladies inspired by me and coming to ask some help and to support them . But I can't able to help them with financial support. But I decide that I will give skill to all those ladies. My personal vision and aim not help them by giving money but helping them life time by giving skill. By skill they will able to stand their own and they can earn money to the family. I am going better and better by day. I buy my rented institute. I teach 80 to 100 students in a day and it was going very smoothly and I started my own NGO by all those ladies who are willing to do something in life. But suddenly lockdown pulled me down. Not me but all those ladies who are attached with me. But I never give up for this situation. Yes it's a hard time

to listen other but we can't help them because our financial status. So I decide we have a skill in us and why can't we start work from home. So we started online Cake class Tailoring class. In lockdown we can earn only this two course without investment and without rent. But after lockdown many of them come to us for help. And that time I decide why should work for poor people only. Because In lockdown most of NGO and organization are fully helping for poor but unfortunately middle class was suffering most, they can't able to pay fees and can't able to survive, they are feeling ashamed to take help from someone. And their is no chance to earn money. So I started skill development course not just for poor but for middle class too. After lockdown my first batch near by 80 students just in beautician course 80 to 100 students in tailoring. We started many skill classes as student stamina and confidence. Every person have their own talent and our mission just encourage and helping them. We started all classes like Fashion Designing, Cake Making, Tailoring, Beautician, Micrame Making , Aari Work, Computer Class, Mehndi Class, Cooking Class, Soap Class, Juice Class. So many classes we started all this course be simple to other but it is valuable for middle class.

Today itself most of them are fully able to earn by their own. I started work for Tribal children. Many ladies helping me to take free tuitions for Tribal children. We take free Yoga Classes, Rangoli Classes, Food, Cloths, Toys, Books, Distribution for Tribal. We organized seminar for ladies and Free Computer Classes. In the month of March, we organized woman day function. We had done work for Mahad Flood In Maharashtra. We arrange a Bus and 30 Bike Mechanic, including Plumber, Electrician, Gas Mechanic and we arrange household utensils and Food. My aims to encourage all the ladies. Personally I coach to them in every field. Explanation and working is my passion, and I believe in hard work, My work is my passion. All my ladies are able to do work from home.

In my institute all types of women are allowed. No differences to anyone. In government project their are a age limit but in my NGO there is no limit for age because talent have no age. Every women have potential to do work but sometime they are don't know their stamina and potential, My future plan is to start some big business for my all loving ladies. I feel proud when they called me 'DiDi' small to aged all called me 'DiDi'!!!

MS. RASHMI BHARGAVA

Sometimes the inspiration you need to achieve your dreams can be found in a few simple words of wisdom.

That is exactly what happened to our dear Ms. Rashmi Bhargava. Over a cup of tea in the balcony with her husband Pradeep, who made a very simple remark in 2005—Rashmi there is now a lot of scope in Outsourcing of HR Processes.

And there and then the idea of starting an HR Consulting firm occurred. She was the Head of Group HR with Crompton Greaves Elin and her husband was heading a media house. He said he would quit but she said she would as she will never be the CEO of an MNC. She launched De Novo HR consulting and since then there was no looking back. Rashmi Bhargava, the CEO of central India's largest HR consulting firm De Novo consulting. De Novo Group is one of the largest HR Consulting firms working with more than 14 sectors of industries including the Government sector.

She has been undertaking consulting and organization capability development projects in the areas of leadership development and personnel effectiveness. She also actively works in internal capacity building of L&D teams and training hubs and is an International Speaker.

Mrs. Bhargava believes, there are times when you need to change the course of your goals too.

She grew up in South Delhi, India, and after Senior Cambridge, completed her Graduation in English literature from Lady Shri Ram College, and Post-Graduation in Import Export Management from Indian Institute of Foreign Trade. She is also a diploma in training and development from ISTD

When she got married she relocated to Bhopal, which was a completely new place for her. She made all her efforts and could not identify a single product to export then.

However, she refused to give up and changed her focus and specialized in HRD after her marriage, and soon joined the Human Resources profession and became one of the most well-known faces in the industry.

Mrs. Bhargava founded De Novo on a singular founding principle of making new paths for all who came in contact. She and her team focused on responding with speed, quality, competitive pricing, and customer orientation. It's an integrated HR consultancy managed by professionals, who have rich industrial experience in Telecom, Power, Oil, Electronics, Media, NGOs, Banking, Consumer durables, FMCG, Real Estate, Education, and Insurance industries, etc.

Her constant smile tells us that she percolates happiness across—as she is a happiness coach and is expert on topics like self love, team building, personalized training, need based training and Experiential Learning

But she feels behind every successful lady there is a man and for her it is her husband, Pradeep Bhargava, who is the President of De Novo and her total support system.

Recognising her talent she has been awarded

1. National Award as the "Best Outstanding Women Trainer" 1997 at New Delhi by ISTD on presenting a paper on Training to Avoid Redundancy in Organizations.

2. She has received, the 'Super Achievers' award for 2010 by the Indra Group of Educational Institutions,

3. and the Achievement Award for doing excellent work for skill development in 2014 by the Minister of Skill Development.

4. Additionally, she was awarded among the Top 10 thinkers of the country in 2015, and

5. Yes Bank's Rana Kapoor award for Women Entrepreneur 2016.

6. International Appreciation Award Bestowed by SWEEP International

7. Received the Women Leader in Business - Corporate services 2020 by the Indo Global SME Chamber

Member - Club Literati

Her philosophy in life is : Nothing is impossible,

There's magic on the other side of fear because I am strong, I am confident, and I am unstoppable- and that is Rashmi Bhargava our recipient of

MS. RICHA GOYAL

Ar. Richa Goyal

An Architect and Interior Designer by profession, a professor by passion, a learner by choice, a mom, wife, daughter and a family person by heart. Leading these small roles grew up in this beautiful journey of life.

I completed my architecture in planning in 2014 and kick started my carrier as a professor at Apeejay Institute of Technology where I got a chance to shape the young minds with creativity. In 2020, during first lockdown I was blessed with a child and due to medical condition had to discontinue my full-time job. So I started my Interior Design firm with my husband with the objective of bring in creative designing, technical and financial viability to the projects. My father Sh. Vinod Goyal being a businessman in construction industry for past 40 years always taught me 2 things before starting on the business: 1) Don't compromise on quality 2) Never put in money from your own pocket. Today we have delivered more than a 100 residential and commercial design projects in last 4 years.

Apart from this during our interior journey we found that there is a very crucial gap of timely delivery and handovers to the customers by the builders in NCR. Simultaneously it

created a curiosity within me to understand where the real estate industry is lacking and how can this gap be minimized so that the end user which is the consumer does not suffers. This led me to enroll myself in Phd at School of Planning and Architecture, New Delhi. I started my research journey as a Phd Scholar on the topic of 'Real Estate Regulations' in 2021.

Also Being a part of an NGO, Sankalp India Charitable trust helped me discover the underprivileged sections of Society. We have upgraded government schools where there was lack of basic infrastructure facilities like blackboards in classrooms, toilets, hygienic water booths, classroom furniture and many more. I used to take classes in Orphanages in Noida where I taught Maths and Science and in turn learned some great moral values from children. We also went to Juvenile Jails to understand the mindset of the young minds and learn where the things have gone wrong and study the matters indepth. This made me realize that how blessed we are. Because in our daily lives we don't have time to focus on societal issues as we all are running to earnour bread and butter. We have different priority list. But seeing other side of world give us an insight where do we stand and what all we need to work on.

In this journey of multiple exposures my life is also connected to a spiritual aspect as my we follow meditation and spirituality and stay connected to Indian roots. This helped me turn my focus to observe the things which gave me the strength and positivity to bring out the best in me. Getting along with good experiences and learnings my mind started to believe that to be happy we need to serve the society. Every person around us has a direct or indirect contribution towards shaping us, our family, our world. Behind all this the best person and my inspiration 'to serve' was when I observed my grandmother leading the same roles, (infact more than these) in such a balanced and unconditional way without complaining because the sole motive was to bring prosperity, positivity and happiness around.

I believe this is just the beginning and 'Iam still Zero' because there is still so much to do where I can give my inputs to make a better world.

God has been so kind that amongst so many we are the selected ones where we have the opportunity to add on something to the society. Let us take up atleast one task/goal in our life where we can contribute and help people to become more prosperous, blissful, healthier and happier.

Atlast may the blessings on my Grandma Late Sh Satya Devi and my Spiritual Master and Guru Swami VishvasJi keep pushing me, make me stronger and grant me wisdom to keep going in best of my abilities.

SHOBHA KAPOOR

Shobha Kapoor, Director - Media & Communications,
Sesame Workshop India

Shobha Kapoor is deeply involved in development sector focussed on children in India . She has been actively working with children in slums of Mumbai , UP, Bihar, Meghalaya and other parts of the country . Ms Kapoor has wide experience in working with children in violence affected areas of Jammu and Kashmir and North East . She has been associated with various state level Anganwadi projects with children, their parents and Anganwadi workers.

Shobha has been associated with Galli Galli Sim Sim TV program focussed on overall child education in the country that is broadcasted on Doordarshan across 13 states in 7 languages . She has been instrumental in translating this program in various regional languages including Kashmiri.

Early Child Development especially with the focus on mental well-being, health-hygiene, toilet usage and education for the age group 3-8 years has been the core

area of work for Ms Kapoor, these initiatives are also aligned with Govt of India's initiatives such as Swachh Bharat, National Mental Health Mission.

She has worked on putting high quality education children's content on YouTube and further distributed to remotest part areas through state government channels such as Diksha and through bilaterals like UNICEF. Her competency lies in development and producing IEC materials relevant to state needs.

She brings with her over two decades of experience in the development sector and community work focussed on development of children. Shobha has immense contribution in child development sector from Kashmir to Kanyakumari and worked for children in many border areas of the country . She is a true patriot at heart and strong believer in the idea of India. She has recently been awarded with Kargil Gaurav National Award -2022 for her accomplishments for women and children

MRS. SUPREET KAUR

Mrs. Supreet Kaur has been associated with various CBSE schools as Principal, Headmistress, Incharge while she started her career as a Nursery Teacher. She has 20+ years of experience as Trainer, Administrator & Educator. She has also conducted teacher training workshops in various schools. Currently Mrs. Kaur is running her own school in the name of Strings Foundation. Strings Foundation was founded in 2018, it has classes till Upper Kindergarten while expansion plans are lined up till Class V primary level and making it a CBSE affiliated school. Trust in the name of Golden Sunrise Trust has already been formulated in February 2023 which is the first step towards it. She is contributing in promoting inclusive education system in India. Inspiring the world... She firmly believes in learning and innovating which has helped her throughout than may it be career or life. She has done commendable work on child behavior and development. Her expertise and experience in education and upliftment of children towards developing their own selves have helped many parents. She has conducted various training programs on spirituality, meditation, empowering self, parenting, and their power to nurture children. Mrs. Kaur is also widely

contributing in writing books on activity-based learning which helps the child learn at a faster pace and creates a lasting effect on his mind. She has been into curriculum development, creative teaching and training, skill development of teachers creating innovative teaching aids etc. She believes in creating strong value base, spiritual base in children so as to uplift humanity. Emotional Intelligence is a very important part of handling life with ease. Ms. Kaur has developed a curriculum which is executed by well trained teacher educators of Strings to enhance the EI/IQ levels. She firmly believes that transformation starts when inspiration begins... "Everyone has inside of him a piece of good news. The good news is that you don't know how great you can be ! How much you can love ! What you can accomplish ! And what your potential is !" - Anne Frank (aged 14 years) from 'The Diary of a Young Girl Echoing the same sentiments, at Strings, endeavour to raise happy, positive and balanced students and guide them to realize their highest potential. She is committed to providing holistic education to the students under her care and in moulding them into learners for life.

Her aim isto create curious, enquiring minds who eagerly explore ideas and concepts and can communicate them confidently and effectively. By providing them varied experiences and perspectives, she hopes to develop students of Strings into global citizens who appreciate differences and will nurture the planet and create a peaceful world. She has integrated values and morals into the everyday curriculum which validates the emphasis she lays on creating principled citizens of the country. An amalgamation of the traditional with the modern, Strings stands as an institution of excellence where children learn and grow in the happy environment of the school everyday. To add-on she is motivating many through her YouTube channel Live a new life! Which has helped many to regain confidence and face life situations. Along with that she is into the social work of making this environment a better place through tree plantation movement. She is a Reiki Grandmaster and a intuitive Tarot Healer too...Her personal mission is to touch and heal as many lives as possible through healings, spiritual upliftment and right education.

MS. GURBINDER KAUR

Greetings Of The Day! First of all i would like to thanks Women Leader Forum 2023 to selecting me for this prestigious award held on 01-04-2023 in New Delhi & also give me chance to participate in Asia's biggest Women Dominance conference 2023. She lives by the philosophy that "Everything is theoretically impossible, until it is done and that everything can attain perfection especially in the scientifically realm.

SWATI KAPUR

"Educating procreates earning. Educaring procreates learning".

Swati Kapur

As we move further in the 21st century, I dream of the world where education is about giving students the skills they need to succeed in this new world, and helping them grow with the confidence to practice those skills.

Being an educationist, with an experience of more than 17 years, I have seen the transformation of our education system. Sometimes, I ponder over the question that whether this education system facilitates the drift in the needs of our children or not. It is certain that in the present scenario, our children need something more than just educating. 'The Educaring Approach' believes parents and caretakers must have respect for children and trust they are natural inventors,

explorers, problem-solvers and creators. Educare means to train or to mould. It is based on respect. According to Magda Gerber, "We not only respect babies, we demonstrate our respect every time we interact with them".

Teaching and learning are at the core of human civilization. Even before the formal word was invented, there were teachers and students around. Individuals learnt from individuals. The tradition carries on into the second millennium, but great innovations and pedagogies are refining and evolving teaching-learning experiences. Activities such as mock play, free play, doll's play, sensorial play, nature walk etc. foster the process of learning instead of simply rote-learning information.

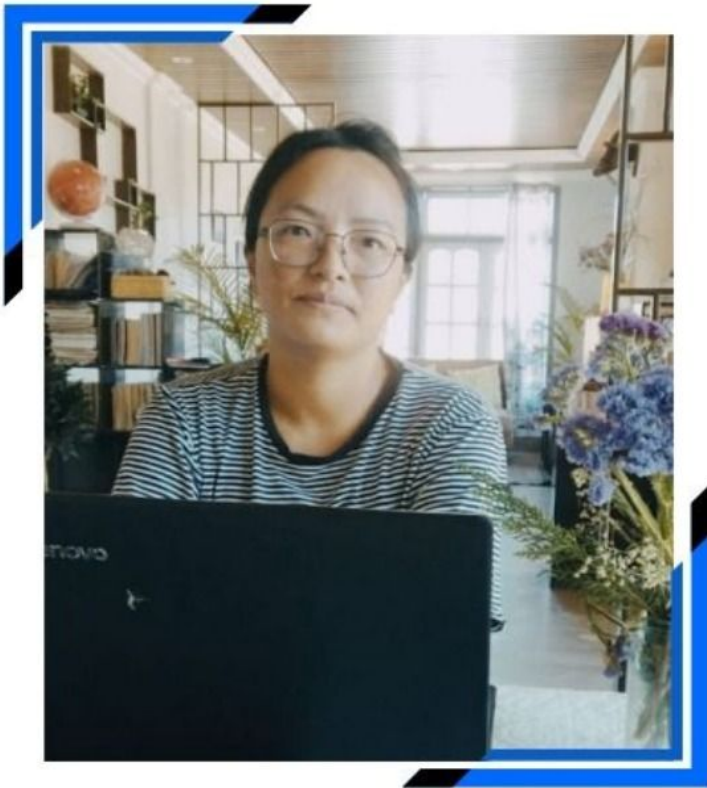

The New Education Policy 2020 states that the teachers are the frontline providers of quality education. They represent the key vehicle towards a progressive, educated and prosperous society. Therefore, various means to facilitate 'educaring' are suggested in the NEP 2020. It mandates that learning should be holistic, inclusive, enjoyable and engaging.

I am sure that the educators across the globe are working tirelessly to raise 'Gen Z' and 'Gen Alpha' as better community members.

"Educating the mind without educating the heart is no education at all".

-Aristotle

MS. K. LALMALSAWMI

K.Lalmalsawmi D/O K.L.Ramthlenga was born and brought up in Mizoram. From Her Childhood she is more passionate to serve poor, give better chance to uplift their socio-economic status and to help them in settlement of their source of income. She enters to KrishiVigyan Kendra as a Subject matter Specialist in 2008. As The objectives of the KVK is 'To work as Knowledge and Resource Centre of agricultural technologies for supporting initiatives of public, private and voluntary sectors in improving the agricultural economy of the district', she got a chance to help and work for other peoples.

When she enters to a service in 2008, she got posted at N.Vanlaiphai, Serchhip District, where most of the people were lived under poverty and their main occupation is farming.

The District was blessed with natural resource with Gooseberry fruits. It was naturally grown in a forest and about 2/3rd of fruits were wasted due to unaware of value addition and processing of gooseberry fruits.

She focused on Gooseberry processing, KVK conducted Training for Farm women and rural youth on processing of Gooseberry, after trial and errors, one entrepreneur was established gooseberry processing enterprise in 2013. Soon in the year of 2023 another 39 entrepreneur were set up for gooseberry processing enterprise and N.Vanlaiphai village is well known in the name of Gooseberry within the state of Mizoram. Moreover, one of the entrepreneur got Best entrepreneur award from Government of Mizoram.

Till now, she focused on entrepreneurship development based on value addition of fruits and vegetables. She has always been very effective at influencing her co-workers to work productively. Being a mother of three little kids and having a job to run work is not an easy job. To achieve work life balance was way too hard, with great powers comes great responsibility, and she is giving the best shot to make it for others life.

SRIDEVI RATHEESH

I'm Sridevi Ratheesh born in the city of Joy, 'Kolkata', in the month of December. I had a great association with versatile teachers who had always inspired and motivated me to be the person I am today. During my academics I had the privilege to meet people of different age, different mindset as well as people with different cultural background which created the urge to be a facilitator in language and literature. I know 6 different languages of India namely Bengali, Malayalam, Tamil, Hindi, English and Gujarati. I have worked in a the banking sector initially and then started extending my services as an English facilitator in the educational sector. I have 14.5 years of work experience in the teaching profession. I am pursuing my PhD in English Literature with

Sree Venkateswara University.

At present I facilitate students in the school as well as in the corporate sector. Teaching has remained my passion ever since my start up in career. I find it a great social responsibility being an English facilitator in Sree Sarada Vidyalaya, mattoor, Kalady; as it is a divine affair to mould students to bloom out their inborn talents and make them realise their values as true citizens of India.

NAMRATA MODI

For over 23 years, Prevest DenPro Limited has been a leading manufacturer of dental products delivering high quality products to clients across India and around the world. Founded and managed by A dynamic husband and wife team, Prevest DenPro Limited is the only Dental company listed on the stock exchange, a testament to its exceptional growth and success.

Through her Leadership, Innovation and commitment to excellence, she is inspiring the next generation of women entrepreneur to pursue their dreams and make a difference.

NAVJYOT KAUR

I (Navjyot kaur)Stand for honesty , equality, kindness ,compassion,treating people the way you want to be treated and helping those in need. To me ,those are traditional values.

As a Entrepreneur who are handling IELTS and IMMIGRATION institute (SSJ EDUCATION SERVICES) After Completing my Double Masters and Diploma in(INTERIOR DESIGNING). Started job in 2007 as a TEACHER till 2016 I have taken adventurous decision and established SSJ EDUCATION SERVICES with help of (BETTER THINK TCY ONLINE) @ ZIRA city of Punjab which paves the way for many aspiring students to go in foreign countries and get success . After getting success in those Area i have started branch at my own Area DHARAMKOT Distt Moga and here too I earned same name and fame in same business .Being Women i have also face so many difficulties but I never look back and problems

did not heavy on me .

Beacuse i believe feminism is not about making women stronger. Womwn are already strong ,its about changing the way the world percieves tat strength..

I m always ready to help women andpoor girls in different ways by giving them free education and via counselling to make themself free from mental stress.

In 2019 i have marked a new milestone by opening a Restaurant named & as well BAKERY AND RESTAURANT AS name of NAVJYOT PUNJABI BISTRO AND BAKERY at ZIRA & DHARAMKOT. This is the heaven place at small town where female can sit and enjoy food safely at night too .

In my words " I want to build a community were women of all races can communicate and continue to support and take care of each other . I want to give women a space to feel their own strength and tell their stories. That is power.

She never compromise with her ethics. She is committed & dedicated to her skill After Covid'19. She convert her working style as a therapy, stress management through Art & Skill.

She says with gratitude I can't forget my Guru Shrinivas Shinoy who had light on my path of Art. my Grandma gave me courage. Father Ghanshyambhai Dave always provided moral support. Mother Bharatiben is my Inspiration. Lovely sis Jugta is ever with me. Brother Ishan Dave encouraged me. Each steps of cultural journey makes Golden point by Best friend life partner Dharmendra Pandya. Also thanks to my colleagues & students. Very much thankful to Global Umpire. She Believe in Self and Respect others.

PARAMITA ROUT YADAV

I was born and raised in Durgapur, West Bengal. I have done my Masters in English and B.Ed. I have also completed MBA in Human Resource Management. I came into the education industry by chance when I was doing my MBA, suddenly one day I came to know about a vacancy in the Academics Department of Zee Learn Ltd in Kolkata. I posted my resume and I received the interview call. I had to face four rounds of interview and I remember my telephonic conversation with the then All India Head of Academics of Zee Learn Ltd., Mrs. Nitya Ramaswamy, who told me that children need to be handled, they should be taken good care of, which I still follow today. But unknowingly that chance gradually became my choice and now I think I am born to be an educator. After working for 7 years in Zee Learn Ltd in Kolkata and North India, I relocated back to my hometown in Burdwan, West Bengal as there was no one to take care of my baby at that time in Delhi.

When I joined Burdwan Holy Child School as Vice-

Principal, I took it as a challenge as this school was in a very bad shape with less number of students; no discipline was there among teachers and students. But then over the years, with the cooperation of the Secretary, Mr. Samir Rout who works day and night for the upliftment of the school, the Administrator, Dr. Amiyanimai Chaudhuri, and above all with the cooperation of my teachers, I have been able to raise the name of the school in Burdwan town. When I joined the school, there were only 260 students approx but now we have around thousand students. The school has been affiliated to ISC (class XII). Now the students have a huge playground to explore and we have introduced many extracurricular activities for the students like karate, kabaddi, football, cricket, yoga, gymnastics, chess, quiz, debate, rangoli competitions, etc. The students also celebrate food fiesta in the school every year. Exhibitions on science, literature, arts are held every year. My students participate in Olympiads and come up with really great results.

I have achieved the Best Principal Award from Institute of Scholars in 2020 and in 2022 my school received the Best School Award for Providing Quality and Affordable Education in West Bengal in India K-12 Summit.

Everyday is a new challenge for me as though I have been able to make this school as one of the best schools in Burdwan, still there is a long way to go as my dream is to make this school the best in West Bengal and with all the cooperation and blessings of God, I will surely be able to achieve it very soon.

Paramita Rout Yadav,
Principal,
Burdwan Holy Child School.

PROF. (MRS.) JYOTI RANA

Prof. Jyoti Rana is presently working as Dean – Academic Affairs and Dean-Skill Faculty of Management Studies and Research at Shri Vishwakarma Skill University, Haryana-the first govt.skill university of India. She also received 'Good Governance Award' for implementing Industry integrated dual work model in the university by Hon'ble Chief Minister of Haryana.

MS. PUNARNAVA SAHA

Ms. Punarnava Saha (Nava) has over 20 years of enriched experience of setting up and scaling up processes/departments and businesses across legal, compliance and operations spectrum.

Nava was one of the 'first few' people in 2003 who learned, understood, and laid down a process of handling and monitoring accounts for American clients while working with Citigroup. Her experience in banking and finance industry got further enriched when she went on to work for one of the largest NBFCs in India. She then was entrusted handle complex legal issues for the joint venture between greatest financial institution of India; ICICI bank and Prudential – one of the largest insurers globally.

Nava first came to Vadodara in 2011 and started AIS (one of the biggest BPOs in Vadodara, India)

and established, managed and scaled up the company's India operations. In August 2020 she started another BPO ; ARCHER Transnational Pvt Limited with 20 employees and grew 10 times in a span of single year and ARCHER India now has 230 employees.

Her zeal for continuous process improvement with changes in technology and adding value to business and clients has brought her remarkable laurels in the outsourcing sector.

Her expertise lies in strategizing, planning, designing, and managing complex processes supported by academic background of law and her client centric approach.

Her academic credentials include Masters in Business Administration from ICAI- Mumbai and her Bachelors in Law (LLB) from Ranchi University, India. She is also qualified as a Company Secretary (Intermediate) – ICSI, New Delhi.

In her off time, she loves to read and deliberate on topics of self help, personal development, cooking and travel besides designing jewellery; purely as a hobby.

RUCCHII KANWAR

I'm Ruchi Kanwar , an Author , Certified NLP coach(power of visualisation)and An Anchor/Host on Disha Tv along with many fashion shows and corporate functions.I'm also a proud Founder and owner of my own Skin care brand Crafty souls which offers a wide range of bath and beauty products along with aromatic candles and Resin work . I've also been teaching various vocational courses on Decoupage, Calligraphy , Graphity, home decor items and personal grooming. I've bounced back to a lot of adversities in life to complete my journey from taboos to talents .My mantra in life has always been to " Think less and do more" , Happiness is living in the moment , following your passion and grab on every opportunity that may come your way! After coming a long way in my entrepreneurial journey, I would like to share my years of knowledge and experiences to empower

other women in becoming financially independent and confident . My vision is to expand the knowledge , skills and emotional capacity required to start ones own business and thrive with brilliance in the market through both live as well as televised training sessions along with one on one guidance and help whenever needed. Just like me there are several women who must have suffered various adversities of life in different ways and wished to bounce back to the social, emotional, financial and mental challenges thrown at them .As it said where there's a will there's a way..Today God has blessed me with his gracious love and I am able to help several women in establishing there own identities by teaching them various vocational skills under the Umbrella of Agrima Foundation based in Bangalore.

This project is a tribute to my eldest daughter who left for the heavenly abode in 2012 and thus We have named the program after her as " Sahiba Skill Development Program".I also help women to become financially independent by selling products made by me under there brand name to feel the sense of entrepreneurship. As It is said that every person has to go through his own share of joys and sorrows however I do believe that "The success of anything on this earth depends largely on your efforts,honesty, dedication,trust,care, and affection".I visualize to impact millions of lives by imparting my knowledge,skills,motivation and help others to become Entrepreneur . I always say that "Entrepreneurship is a lifestyle where you are your own Boss"! It would be my honour to be a part of Numerous Successful and inspiring stories in the future !!

Gratitude

Dear Ruchi Kanwar,

We are happy to offer you the position of WICCI President of the Haryana State council for Economic Empowerment Council.

SANJHNA NAYARR

I am a blogger, author, Podcaster, Psychic medium, Rune and Tarot counsellor, Art therapist, Tasseographer, Graphologist, Crystal Healer, Aromatherapist and Energy Healer and I am strongly committed to spread positivity & guiding people towards emotional, mental and physical healing & growth. Married into the Olive Green, I have coupled all my gifts in the development of my fellow soldier families and the general public, specially empowering the fellow women and young girls. I am the founder of Safroneya, the journey within. A Holistic Wellbeing Centre. I started The Safroneya Drive which is an initiative started for the young girls and women, to educate women about menstrual hygiene, introducing them to the world of Menstrual cups. We believe that wherever you are in the world, you shouldn't have to worry about access to safe period care. Through our drive we enable these women free

access to menstrual cups and spend rest of their lives by being Period Happy. Being a rape survivor, it taught me to fight the social stigma of being a societal disgrace to standing up for many such young girls and women who either were victims of human trafficking or were rescued from sexual abuse. I closely work with them and also work with the children of sex workers with the help of various healing therapeutic tools like energy healing, art therapy, sometimes dance classes.

It's an underworld which so called normal people dread to live or even think about. A student for life, I am currently pursuing my PhD in Tarot and divination, National award winner in Bharatanatyam, I represent projectbaalikavidya from the south zone , I also am the National President for Jewellery and Gems Council, WICCI (Women's Indian Chamber of Commerce and Industry) and Assam State Chair, G100 Oneness and Wisdom. I believe that Union with oneself should be the prerequisite to recognizing and realizing of one's dreams. I dare to Dream big and stay grounded!

SHUBHANGI JHA

I am soft skills and employability skills trainer based out of Delhi. I have been actively conducting training intervention and workshops for various educational and corporate institutions to upskill the learners on various 21st century behavioural skills they need to excel at workplace. I have conducted more than more than 5000 hours of training on various topics including communication skills, personality development, GDPI preparation, workplace etiquettes and Customized campus to corporate training among others.

I come from a very humble background where both my parents worked relentlessly to provide for me and my younger sibling the best of everything they could. After finishing my education from Delhi University, when I set out to build my career, I found myself at a very strange unexpected crossroad. Even though I performed excellently in academics all my life, I found it extremely hard to find a footing in the world out there. Quite young and naïve then to understand what did I lack. I wasn't employable enough no matter how

qualified I was.

My passion for helping others stems from my own struggle to find employment despite my excellent academic performance. It was only many years later after many more professional development courses, when my destiny brought me in training and development industry, that I realised the importance of being skilled for the career we all aspire to have for ourselves.

In these past few years while working with people from all range of backgrounds, one specific group I have worked most is, 'youth' on the verge of transitioning from their academic life to professional life. These young souls just like me find themselves confused and clueless about the next step they should take to kickstart their careers. Unfortunately our education system doesn't prepare us enough to tackle real world situations in school. What I mean to say, we extensively lack on relevant behavioural and life skills among the overmentioned group even though we belong to a country of brightest minds. I have come across so many talents getting wasted just because they couldn't communicate effectively and lacked courage to put themselves out there.

Henceforth, I have made it the my mission to contribute to bridge this huge gap between skill and knowledge among today's youth and do everything I can in my capacity. All we need is to plant the seed, rest will eventually fall into place.

It would be total injustice to not mention my support system. My family specially the women to set the bar for me. I have grown up seeing independent decision makers and massive part of my resilient personality is because of these powerhouse women in my family. Apart from my family, I have been lucky enough to have few precious friends who I met during my professional journey who have been my pillar of strength and biggest critics as well.

In conclusion, my journey as a soft skills and employability skills trainer has been nothing short of fulfilling. Having faced similar challenges myself, I am determined to contribute towards bridging the gap between skill and knowledge among the youth and prepare them for the real world. It brings me immense joy to see the impact of my work on individuals and organisations, and I will continue to strive towards making a positive difference in people's lives.

SHWETA KULKARNI

Hello I am Shweta Kulkarni, founder & director at Masterful Services Pvt. Ltd. Please visit www.masterfulglobal.com As an individual I have always been on a journey of reaching my personal best which has given me opportunities to learn about myself and become a better person every day at everything that I do. You can get in touch with me for all mental fitness services like soft skills training, mindfulness sessions, workplace happiness & well being sessions & Design Your Life sessions; email us at masterfulglobalservices@gmail.com

SRI. RANGA TANJORE

It is respectfully submits that Thiru.L.Ramanujam who is known for his quite adorable works in Tanjore paintings, wherein he belongs to Srirangam, Trichy District. The aforesaid L.Ramanujam from his childhood itself learnt the Tanjore painting Arts for about 60 years.

He trained several students and maintained the Rental Arts Gallery with impeccable records.

He trained more than thousand number of students all over the world, wherein they are also shining as a excellent artist.

Appreciating his works and records, The Tamil Nadu Government awarded him "Vaazhum Kaivina Pookkisham" Further, he obtained various honourary awards for his work.

He taught all his art nuances to his elder daughter R.Lavanya, who succeeded as his heir in the Tanjore painting works. She learnt The Tanjore Painting Arts from his father from her childhood itself.

Her father played a both roll as a teacher and as well as Father and taught her all his experience in Tanjore Painting Art Following the Legendary foot Steps of her Father, she is now successfully running the administration of Sri Renga Arts and creating world class students in Tanjore Painting,

As like as her Father she is also awarded with various titles. While things remind so award is now given to her in Delhi. More particularly we felt happy that more specifically the award is given to Mrs. R. Lavanya from Srirangam, Tamil Nadu. Further it is a great honour for selecting Mrs.R.Lavanya as Iconic Women.

Therefore, we express our gratitude and regards to the Group and committee nominated Mrs.R.Lavanya for the award which is going to be given in Delhi.

SWARNA LATHA

My journey as a female entrepreneur began in 2003 when I started my career as a marketing person. I was young, eager to learn, and excited to make my mark in the industry. I started working in publications, but it wasn't until I joined Genpact that things really took off for me. For six years, I worked in the Hiring department and as an Executive Assistant, rubbing shoulders with the top brass of the company. These were the people who knew the ins and outs of the business and had the skillsets to make things happen. They became my mentors, and I learned from them every day, soaking up their knowledge and experience like a sponge. As I moved on to other organizations, I took with me the lessons and values instilled in me by these VPs, GMs, and Directors. I became an approachable person, someone who could handle any role thrown at me with ease. I was a chameleon, adapting to my surroundings and learning on the fly. But eventually, I knew that I wanted to do something more. That's when I started AI Hawks Software Solutions, an organization that makes automation a part of our daily lives while also promoting gender equality and empowering women. We're located in Hyderabad, and I couldn't be prouder of the work that we

do. At AI Hawks Software Solutions, our goal is to make the world a better place by using technology to create positive change. We specialize in using automation to simplify our daily lives while also promoting gender equality and empowering women. As a Life Transformation Coach and Director of my company, my primary focus is to help people achieve their goals in their personal and professional lives. We are committed to providing great opportunities for everyone, regardless of gender or background. We firmly believe that everyone deserves the opportunity to succeed, and we are dedicated to doing our part to make that happen. Our commitment to gender equality and empowering women is at the forefront of everything we do. As a female entrepreneur, I understand the challenges that women face in the business world. But I also know that with hard work, determination, and a supportive team, anything is possible.

At AI Hawks Software Solutions, we are constantly striving to expand our reach and take on new challenges. We are proud of the work that we do at AI Hawks Software Solutions. Our commitment to gender equality and empowering women is at the forefront of everything we do, and we're constantly striving to make a positive impact on society. As a female entrepreneur, I hope that my story inspires other women to pursue their dreams and make a difference in the world, one line of code at a time. In conclusion, I firmly believe that technology can be used for good, and I am dedicated to using my knowledge and expertise to make a positive impact on society. As a female entrepreneur, I am proud to be part of a growing movement of women who are using their skills and talents to make a difference in the world. By working together, we can achieve remarkable things and create a better future for everyone

UPMA ARORA

Hello! I am Upma Arora. I am currently serving as a District Development and Panchayat Officer (DDPO) in Palwal, Faridabad. I was born and brought up in Rohtak, Haryana. My journey to become an HCS officer has been full of hard work, dedication, and perseverance.

Initially, having a teaching background, I pursued a master degree in Mathematics to become a teacher. However, my aspiration to dream big and my passion for social service, particularly for women empowerment, led me to go for administrative services. Having a different stream and academic background, I had to face lots of challenges during my journey, but my commitment was never wavered. I am proud to say that I cleared HCS exam in 2011, which was a significant milestone in my career. Since then I am serving my state and its people with utmost dedication and passion. I firmly believe that education and the right environment are essential for the growth

and development of women. Thanks to my parents who trusted me and provided that environment, and I am committed to promote the social welfare and empowerment for marginalized communities, particularly for women. Time and again, I have been appreciated and awarded by the government of Haryana.

I want to inspire and encourage all, especially women, to believe in their worth and pursue their dreams with dedication. Women also have the potential to achieve great things if given the opportunity and support they need.

My hobbies are reading books to broaden my horizons and gain new perspectives; gardening to connect with nature; listening soothing music to de-stress; and healthy and organic cooking to live a better life. I believe in learning and growing. One of my all-time favourite lines from Robert Frost's poetry are "The woods are lovely, dark and deep, But I have promises to keep, And miles to go before I sleep..."

My story is a testament to the fact that hard work and determination can overcome any obstacle. I hope to continue serving my state and its people, and inspire others to do the same.

VIDYA MATHEW

"We must believe that we are gifted with something and that we can attain what we desire if we put in the right effort, at whatever cost. Women in India believe this, however, face roadblocks due to Harassment in different forms illegal and discrimination and this harassment is continuously increasing although laws are present in our society. We at Vdiya Inc firmly believe that each and every individual would perform better if they are aware of the existing laws in our country

From bored to passionate, from stagnant to active, from discouraged to excited. Believe me, it isn't dependent on external assistance; it is all about inspiring yourself and achieving whatever you want to achieve whatever you want anytime and anywhere. All that is needed is a safe and supportive environment which we at Vdiya Inc actively support.

Let me tell you I got to know with my first job itself...What I want out of my life...I wanted to be a trainer and a coach who can add value to making lives better. I had no inkling that I will be empowering women around me to be Stronger and safer.

It had never been an easy journey though. As a career woman and another and taking the courage to keep our good heads on our shoulders in the face of hardship was not easy. 25 yrs. of practice, learning-unlearning and relearning, self-motivation, determination and taking action on time, have made me what I am. Theatre, sketching, and reading books has kept me going through this journey.

During this journey, of 2 and half decades of training and coaching, close to a decade and a half has been dedicated to supporting and guiding women from all walks of life, to be able to speak for themselves against harassment

It all started with stories which stopped a lot of capable and skilled women to move ahead in their professional journeys because of being harassed or molested.

We cannot deny the fact that there is a "gender gap" in our country and such a great divide contributes to the condition of poor women's health, their participation in the economy, low education levels, and lesser representation in politics. In this situation, women in our country also experience violence and harassment but are scared to respond to it appropriately.

We at Vdiya Inc strongly believe that we need to take a long-term and comprehensive approach that identifies and protects women and also provides equal human rights. Hence over the last 15 years, the mission has been to create awareness about harassment through campaigns and training programmes in which we provide information and education about harassment on a regular basis to maintain a healthy environment.

When the circulation of information, communication and guidance about harassment takes place, it strengthens individuals to break the silence which often surrounds cases of harassment. Information sessions, personnel meetings, group discussions and problem-solving groups prove very effective in the way of coping with violence by means of procedures and staff development programmes on sexual harassment at work.

When it comes to the role of women in our society, each woman needs to feel Safe and confident so that she can achieve more through her everyday activities and focus on talents and interests that could be hidden for years because of fears and stereotypes

It is important to emphasize this idea one more time: Indian Women have inner strength, and their power is in the actions that they do every day however there is a general lack of awareness of the safety laws existing in the country. For the last 14 years, Vdiya Inc has been actively evangelising about the laws which empower women as a result, women can change the world this way. We implement training awareness programmes and speak about anti-harassment policies to ensure a healthy environment for women to work and study as it provides protection and support to those who are harassed.

With all these efforts we have seen traction in the confidence of each woman who has participated in our workshops

We believe that each woman can make a contribution to the development of society without fear while believing in her powers and focusing on her talents. In this case, such a contribution cannot be overestimated because the woman's impact is significant.

My clients, well-wishers, and their ongoing belief in my business inspires me to build their confidence and make this world a better and safer place

This isn't the end goal, but the beginning of the new journey. It has motivated me to do better and my best is yet to come...Hence what's NEXT will always be the driving force within.

DR. KHUSHBOO BINDRA

The modern world is being run by women and Dr. Khushboo Bindra proves this. Dr. Khushboo Bindra is the Director of 'My Dear Cosmetics Pvt. Ltd.' And 'Kamakshi Ayurveda' with popular brand NATURAL & NATURAL'S. This young woman is full of positivity, determination, and passion to find innovative solutions for the development of the nation. Her immense confidence has been reflected in her every decision that has boosted the reach of the company to new levels. Life has been testing her throughout her journey but she stood firm with her humbleness and dedication to overcome every obstacle. Despite deeply suffering from a tragic loss from her father's sudden demise, Dr. Khushboo Bindra stepped up for everybody. Her resilient spirit continued the legacy of service and became the youngest director of her firm. Under her thoughtful thinking and dynamic leadership, the business became more involved in supplying quality products to defense and police canteens along with many central and state government departments. Besides being the backbone of her firm, she holds an MBBS degree from the prestigious Cambridge University recognized MAHSA University. Her bright academic career is decorated with multiple internships and

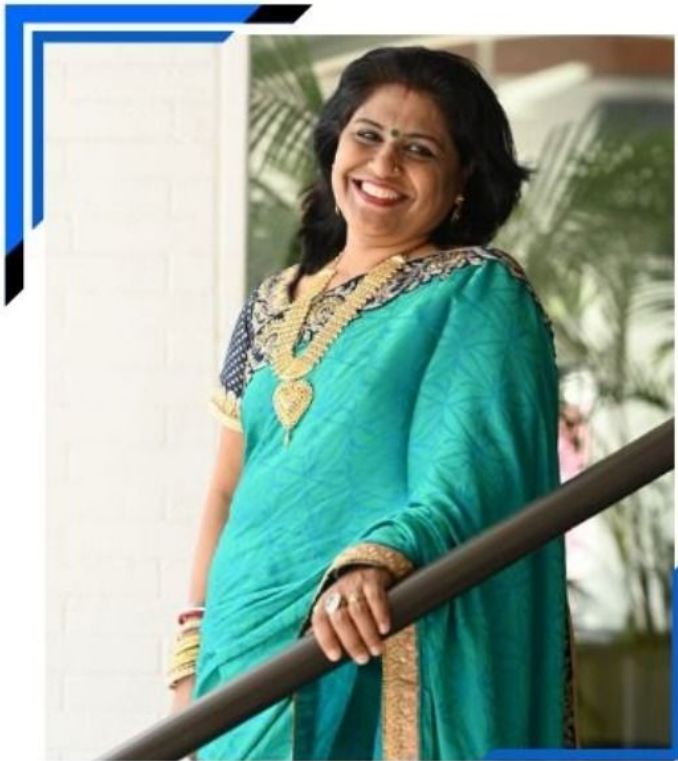

research works from Oxford University, WHO, and Stanford University. Dr. Bindra is a visionary and plans to open a world-class hospital that offers upgraded medical facilities and the latest pieces of equipment.

Being committed to the betterment of society, she has been active in social work and takes pride in bringing the required change. She has advocated the importance of women's education and equal opportunities in many villages and rural areas. People are amazed to see her influential talks and vibrant personality at such a tender age. This remarkable woman is highly admired by young girls for her strength and determination to overcome adversity and achieve greatness.

She aspires to upscale the current business scenario to meet the international standards of the industry and is boldly marking her presence in the local market, various government departments, authorities, exports and also in all ecommerce platforms. This young woman believes in creating opportunities rather than waiting for them and is emerging as a forbiddable employer for skilled professionals.

JYOTI KUNDU

Mrs. Jyoti Kundu (Lecturer - S.I.C.E.S High School and Junior College, Ambarnath) - Thane- India

Mrs. Jyoti Kundu is a lady with a fighting spirit who fought along with her positive approach and made herself stand against all odds. She has done her Master's in Life Sciences (Pollen and Aerobiology) from Ramnarain Ruia College, Matunga, Mumbai, and her Bachelor's in Education from SDT Kalani College, Ulhasnagar, Thane. Presently, she is working with S.I.C.E.S. Jr. College for the last 25 years. Before joining the college as a professor she was working at Fatima High School, Badlapur for 2 years. She is also a profound Mind Programming Coach and has trained more than 5000 students and parents in holistic development.

A story of her spirit of never giving up took place when the little girl aspired to fulfill her dreams and had the deep desire to serve society in all possible ways. She was a child, who at the age of 9 in March 1985 was diagnosed with juvenile diabetes which shocked her and the whole family. At that time, she was residing in Nagpur and was studying in Kendra Vidyalaya, Ambajhari. She was a very bright student and was outstanding in academics. She is always grateful to her school principal Mr. Mohanlal Sharma, who was the backbone during her journey in school. Her teacher Mrs. Sita Gore was her guiding force from her school days and even today. Her music teacher Mrs. Bhoje always appreciated and encouraged her every time for her participation in all extracurricular activities. All her teachers who taught her from standard 1st to 10th played a very important role in building her to where she is today.

Dodging between health and hospitals, life and death- many can be solved and many suicidal cases among youth can be stopped.

Uncertainties were thrown in front of her and her family but still in midst of all these, a hearty smile on her face never went off. Her school summer vacations, unlike her friends, were spent in the hospitals taking treatments but as her cheerful persona always was, she was never used to lying down fully on the hospital bed. Many a time she used to play around the hospital making everyone around her happy and cheerful. With many health issues, she was undergoing many medical treatments and was also on insulin from the 5th standard. Her life changed a lot after that, till today she is on insulin with four insulins per day. After 12th standard, she opted for a medical line and chose for being a Doctor but destiny had something else in store for her. She was denied standing right at the college gate because there was no refrigerator facility in the college hostel to keep her insulin, this disheartened her as she saw her dreams being shattered right in front of her. But she had the support of her superheroes, her father Mr. S.C. Juneja, and mother Mrs. Mohini Juneja. They motivated her to become a professor and said, "Beta, this can prove to be the noblest profession where you can serve society and also can make doctors and engineers and other professions too." Even her brother Mr. Matish Juneja always supported her in all her endeavours. She studied further and became a professor. She faced all the hurdles in life in a very challenging way and also till today guides her students to be positive and to have a fighting spirit to overcome all negative situations in life. She has passed 35 years of her life with diabetes but nothing could hold on to her dreams and she stood firmly against all the odds in life. She considers herself indebted to her husband Mr. Indranil Kundu, daughters Ananya & Divyanka, Father-in-law, Late Mr. B.N. Kundu, mother-in-law Late Mrs. Mamta Kundu, her friends, relatives, and all her teaching and non-teaching staff who played a very important role in helping her to reach here today.

She follows a very strict diet, meditation, and yoga which keeps her energetic all day whilst her busy schedule. Mrs. Jyoti Kundu is also a passionate dancer and she has learned professional Zumba and Bollywood dance. She regularly performs in various cultural programs with her daughter Ananya, who is also a graduate of Bharatnatyam and Kathak dance forms. Recently in 2020, she received Shatakshi Women's Award under the category of 'Lecturer' by Rhythms Group for her heartfelt contribution to the Education Industry. She always goes by a mindset and even counsels this, especially to today's generation of women and upcoming boss-ladies, and says that she always encourages girls to get educated first and then get married as she completely believes in Women's Empowerment. Let them complete their studies at least till graduation and then get married. Because of this guidance, many girls have completed their graduation and now even doing jobs and being financially independent living their dream lives.

She believes that till 2030 education in India will also be at par with foreign and international universities as we have seen the trend of online education only in those countries. But India has always believed in learning with teachers. Till 2030 possibly everything will be robotic but teachers will hold the same place because the ethics, values, and counseling can only be done face-to-face after meeting students and not virtually. When a teacher comes in close contact with students, the teacher can judge the mental condition of the child and helps in solving problems, be they personal or regarding studies. As rightly said by Nelson Mandela, "Education is the most powerful weapon which you can use to change the world." Mrs. Jyoti Kundu goes by this idea itself and believes that 'Education is a holistic activity'. Parents and teachers together can counsel children in a friendly manner so that we can solve many problems they are facing in their learning phases and cannot cope with it easily. With such joint efforts, many problems can

DR. SURABHI YADAV

Dr. Surabhi Yadav, a mentor in the field of social development sector well known for her passion, patience, perseverance and selfless dedication towards her Social development profession . She has been actively engaged in capacity building and strategizing efforts of Corporates, NGOs, civil society, Youth and practitioners from social development space for nation building through CSR.

She is working towards enabling them to catapult themselves to achieve fulfilling careers that are rewarding in terms of work satisfaction and happiness and also contribute towards nation building.

With a motive to give back to society she is actively engaged as a CSR compliance and policy expert and has also been mentoring various NGOs, Social innovation enterprises and individual since last few years. She strongly supports woman empowerment and has selflessly been advising and mentoring young woman in the sector.

DR. SRESHTHITA CHANDA

THE SUBLIME JAUNT OF AN EDUCATIONALIST

"DARE TO BE FREE, DARE TO GO AS FAR AS YOUR THOUGHTS LEAD, AND DARE TO CARRY THAT OUT IN YOUR LIFE"- SWAMI VIVEKANANDA."

THE INTRINSIC EXCITABILITY TO ARDOR THE PATHWAY OF BEING AN EDUCATIONALIST HAD ALWAYS BEEN HER SUBLIMITY. GAINING KNOWLEDGE THROUGH EXPLORING AND IMPARTING IT TO HER STUDENTS HAD HELPED THEM TO RECONNOITRE EDUCATION IN A REMARKABLE WAY. FOR Dr. SRESHTHITA CHANDA , KNOWLEDGE, GAINED THROUGH PRACTICALITY AND REASONABILITY HAVE PAVED BRILLIANCE AND ACUITY IN HER LIFE AND THIS MANTRA SHE TRANSMITS TO HER STUDENTS TOO. HER STUDENTS HOLD HER IN THEIR ESTEEM APOTHEOSIZED AWE AND RESPECT AND HAVE BEEN SUPREMELY THANKFUL TO HER FOR SHAPING THEIR LIVES. SHE HAD AGGRANDIZED THE SPARK OF EDUCATION WHICH HAVE NOW ENNOBLED MANY RURAL SECTORS STUDENTS TO ELEVATE THEIR PATHWAY IN MUCH MORE DIGNIFIED MANNER.

MOREOVER, HER BRILLIANT CONTRIVANCE ON ANY EDUCATIONAL TOPIC HAVE BROUGHT FORTH SAGACITY AMONGST HER STUDENTS. SHE HAD BEEN ALSO AS A PRIDE WORTHY STUDENTS- PARENT COUNSELLOR. IT HAS BEEN SUBSTANTIATED IN MANY TEACHERS' TRAINING SEMINARS, - TEACHERS FROM STIRRING HETEROGENEITY

HAVE TRIED TO ABSORB THE SAME STIMULATION OF HER QUALITIES AND WENT ON TO INSPIRE THEIR STUDENTS IN THE SIMILAR PATHWAY TO WHAT SHE HAS BEEN RAPTUROUSLY DOING OVER A SPAN OF EIGHTEEN YEARS. IN ADDITION, SHE HAS BEEN AN ASSIMILATING ORATOR/MODERATOR/ ANCHOR FOR MANY ORIENTATIONS ON VIRTUAL PLATFORMS- ON DIFFERENT ASPIRING, MOTIVATING AND ENLIVEN TOPICS, AND ISSUES DURING COVID-19 WHICH ENTICINGLY AIRED A NEW OPTIMISTIC PROMISE TO LIVE A LIFE FULL OF AWARENESS SPREADING POSITIVITY AND ONENESS DURING PERILOUS TIMES.

HER STRATEGIES AND MANOEUVRES ARE INSPIRING AND INVIGORATING, WHICH HAS BEEN WORKING LIKE A MIRACLE FOR HER STUDENTS IN SECURING THE HIGHEST GRADES IN THEIR MAINS. HER SPONTANEITY AS AN ADMINISTRATOR FESTOONED WITH POSITIVE QUIRK HAS BEEN EXEMPLARY. SHE HAS BEEN AWARDED WITH MANY ACCOLADES LIKE THE BEST KINETIC TEACHER, EMPOWERMENT AWARD AND BEST PROFICIENT TEACHER, EVEN APPRECIATED WITH THE BEST ACR AWARD FROM KALOREX ORG.

SHE ALSO BEEN LAUDABLY AWARDED THE HONORARY DOCTORATE FROM WORLD HUMAN RIGHTS PROTECTION COMMISSIO, TOP 50 INTERNATIONAL ICONIC WOMEN'S AWARD FROM DIVA PLANET, BHARTIYA GYAN AWARD- DYNAMIC TEACHER FROM GLOBAL SCHOLARS' FOUNDATION, INDIA PRIDE AWARD FROM SOCIALLY POINT FOUNDATION.

DESPITE BEING LAURELED WITH THESE PRESTIGIOUS AWARDS, MODESTY, AND HUMBLENESS, IS ONE OF HER BEST ENDOWMENTS.

IT IS AN URBANE TRUTH THAT SHE HAS EXCELLED IN MULTITUDINOUS EXTRACURRICULAR ACTIVITIES RIGHT FROM HER SCHOOL DAYS SUCH AS PUBLIC SPEAKING, AND STAGE PERFORMANCES IN DANCING AND ACTING. SHE IS A VISHARAD IN KATHAK DANCE (LUCKNOW GHARANA) AND STILL THE IMPETUOSITY AND ECSTASY IS VISIBLE WHEN SHE IS ON THE FLOOR. HER VEHEMENCE TOWARDS EDUCATION AND HUNGER TO BRING FORTH CHANGE WITH AWARENESS AMONGST THE SOCIETY IS AN ALACRITY. SHE HAS BEEN THE HARDIHOOD FOR HER STUDENTS AND VOWS TO REMAIN SO AS LONG AS SHE LIVES. HER EFFRONTERY HAS BEEN VISIBLE IN MANY OF HER WORKS AS SHE BELIEVES NOT TO STOP BY, BEFORE HER LAST BREATH SEIZES HER TO AN END.

BEING AN INSPIRATIONAL FOLLOWER OF KALAM SIR, SHE TRULY BELIEVES AND VISUALIZES THAT EDUCATION WITH AWARENESS, AND PROFOUND ROOTED KNOWLEDGE WILL DEFINITELY BRING CHANGE, IF WE ALL RISE AND SHINE TOGETHER.

"THE PURPOSE OF EDUCATION IS TO MAKE GOOD HUMAN BEINGS WITH SKILL AND EXPERTISE... ENLIGHTENED HUMAN BEINGS CAN BE CREATED BY TEACHERS."- A P J KALAM.

VANI DHANASHRI

Education is a natural process carried out by the child and is not acquired by listening to words but experiences in the environment- Dr. Maria Montessori

Montessori Education is a life philosophy to embrace and carry with us for a lifetime.

Aspen Montessori House, a Montessori preschool, abides by the principles laid down by Dr Maria Montessori; who in her time was a pre-eminent educator.

This unique and outstanding preschool was founded by Mrs Vani Dhanashri Mrs Jyothi Mohite and Mrs. Amitha GS in the year 2016. Aspen Montessori House imparts knowledge and nurtures each child with care, love and attention.

The three founders, with utmost commitment and passion wanted to offer the best possible education to every young mind. With no business plans ,no marketing strategies, but one common goal to create a difference in the field of education, we resigned as mentors from prime international schools and built this beautiful home brick by brick.

Aspen trees are not solitary trees. They originate from a single seedling and can grow to an extent to cover many acres of land. They exist in a grove or a colony made up of

individual trees, all sharing one common root beginning and one common root system. Each tree is unique yet stands as one among a family of trees.

Therefore, we at Aspen Montessori House instill the inquisitiveness of the young, unique and curious minds to bloom into independent individuals.

We ensure that our little wonders are engaged in the glorious joy of experiencing life. We create the love of learning that lasts a life time. Here at Aspen, our classrooms are beautifully designed to give a homely feeling and are fully equipped with the desired learning of Montessori.

Our Montessori curriculum is totally based on self-directed activities, hands-on learning and collaborative play according to the Montessori philosophy. Our classroom environments are carefully curated to allow and help children make creative choices in their learning, and we offer age-appropriate activities and presentations to guide the process of the child's holistic development.

The children are given a checked freedom to choose their work material according to their interests. Children are encouraged to communicate and speak by various age appropriate activities designed by us that follows the guidelines of Maria Montessori to stimulate child's intelligence and interests. Every activity is designed in a way to trigger and challenge the curiosity within a child. Here, each child is respected and is offered activities according to their age, past conquests and capabilities. Hence, each individual child's development happens without any hindrance by external factors.

From the year of inception Aspen received many laurels from the parent community. Now, this preschool is recognised as one of the best montessori preschools in Hyderabad.

MRS. JOTHI CHETTY

A brief profile of Mrs. Jothi Chetty
Present Status :Chief Executive, Asha Deep Foundation

DR. SEEMA BHAYANA

"Passion, commitment, and a never-ending spirit of learning can take you on a journey beyond your wildest dreams."

As a dentist with over 25 years of experience, Dr. Seema Bhayana has seen the dental industry evolve and transform throughout her career. However, one thing that has remained constant is her passion for learning and growing as a practitioner. She believes that continuing education is essential for any healthcare professional to provide the best possible care for their patients.

As a kid's specialist, Dr. Seema has developed a unique set of skills and techniques to help children feel comfortable and at ease during their dental visits. She knows that the dentist can be a scary place for kids, which is why she goes above and beyond to make sure her young patients have a positive experience.

For her, putting patients first is not just a motto, it is a way of life. She believes in treating every patient with respect, empathy, and kindness. She takes the time to listen to their concerns and provides them with the necessary information to make informed decisions about their dental health.

Dr. Seema's eagerness to learn and her never-exhausting spirit are what drove her to start her own business at the age of 50. She knew that she had more to offer her patients than just traditional dental care. She wanted to help people look and feel their best, and that's when she came up with the idea for Reset Your Age.

Reset Your Age is a unique concept that combines Dr. Seema's passion for dentistry with her interest in holistic health and

wellness. The goal of the program is to help people improve their posture, reduce stress, uplift and activate the facial muscles, and improve the overall appearance of her clients through facial yoga and posture correction.

Dr. Seema has always been passionate about learning and growing, and that's exactly what she did when she decided to launch Reset Your Age. She immersed herself in the study of facial yoga and posture correction, taking over 75 courses to expand her knowledge and expertise.

Through her extensive research, Dr. Seema discovered that facial yoga and posture correction can have a profound impact on a person's overall health and well-being. These practices can help reduce stress and tension in the body, improve circulation, and even reduce the signs of aging.

Dr. Seema's journey with facial yoga and posture correction began as a hobby, but it soon gained attention and praise from people all over the world. Over the years, she has helped over 6500+ clients globally, each one of whom has been impressed by her expertise and commitment to their well-being.

Her passion for facial yoga and posture correction has also earned her recognition from her alma mater, Datta Meghe Savangji Dental College in Wardha (Nagpur), where she was facilitated for her pioneering work in the field of holistic health and wellness.

But Dr. Seema's success didn't stop there. Her expertise in facial yoga and posture correction caught the attention of leading corporations like Encore Advantage and Capital Foods Pvt Ltd, who invited her to conduct corporate sessions for their employees.

Her approach to holistic health and wellness has been a game-changer for many of her clients. Her focus on improving posture and reducing stress has helped people improve their overall health and well-being, and her dedication to patient care has earned her a reputation as a trusted healthcare professional.

In addition to her work with Reset Your Age, Dr. Seema continues to practice dentistry with the same passion and commitment that she has always had. She believes that dental health is an essential part of overall health and well-being, and she works tirelessly to ensure that her patients receive the best possible care.

In conclusion, Dr. Seema's journey is a testament to the power of passion, commitment, and never-ending spirit. Her love for learning and dedication to her craft have helped her build a successful business and establish herself as a leader in the field of holistic health and wellness. Her pioneering work in facial yoga and posture correction has helped countless people achieve a more youthful appearance. And with her unwavering dedication to patient care, she continues to inspire healthcare professionals and entrepreneurs around the world.

In the end "Success is not just about achieving your dreams, it's also about inspiring others to achieve theirs."

TINNI DUTTA

DIXITA VAGHELA

"Everyone and everything is connected to each other"

We hear some lines in our day to day life like, "this is totally my kind of thing." "he/she is completely opposite to me or resembles me." "dog is my soul animal." "I am beach/mountain person." "depth/ height makes me curious." "you'll be sent where your bread and butter will be." "this land is calling me." because there is something called "connection" between those particulars.

This connection has limitless areas to cover however let's try to explore some. Just as the giant satellites of the planets outside the earth are bound to each other by gravitational force, so inside the earth every living and non-living thing is bound by its aura/halo and they are not devoid of the force of gravity.

Each science has to be deeply understood if this interrelationship is to be seen closely. Let me give some simple examples,

A) Chemistry and biology:-

Chemical elements such as calcium, phosphorus, iron etc. are seen in human body. Calcium, phosphorus = bones, iron = blood.

B) Zoology, psychology and astrology:-

Information about the life and nature of animals from zoology, information about the state of mind of living beings from psychology, and through astrology, a glimpse of the person can be guessed based on the yoni of that person.

-A person of Gau (cow) yoni (astrology) has a philanthropic nature (psychology) and lives an obedient and mild life (zoology).

C) Homeopathy and astrology:-

Just as astrology is incomplete without 12 zodiac signs, in homeopathy 12 tissue remedies are having essential place.

- (astrology and homeopathy)

- 1) Aries - kaliaphosphoricum and natrumphosphoricum
- 2) Taurus - calcareasulfuricum and natramsulfuricum
- 3) Gemini - Kaliummuriaticum and silicia.
- 4) Cancer - calcareafloricum and calcariaphosphoricum.
- 5) Leo - natrummuriaticum and magnesium phosphoricum.
- 6) Virgo - ferrumphosphoricum and kaliumsulfuricum.

- 7) Libra - kaliaphosphoricum and natrumphosphoricum.
- 8) Scorpio - calcareasulfuricum and natramsulfuricum.
- 9) Sagittarius - Kaliummuriaticum and silicia.
- 10) Capricorn - Calcareafloricum and calcarea phosphoricum.
- 11) Aquarius - Natrummuriaticum magnesium phosphoricum.
- 12) Pisces - ferrumphosphoricum and kaliumsulfuricum. (Ref. Parkers' astrology)

Here we see zodiac no. 1,2,3,4,5,6 are sharing same remedies with zodiac no.7,8,9,10,11,12 respectively because in Vedic astrology we consider 7th house for partnership.

Now, let us look at few relationship between gemstones worn as astrological remedies and homeopathic medicines.

- A) Moon (white) - pearl - silicea
- B) Mars (red) - coral - coralliumrubrum

A) In the present time and especially in the last two to three years or since Shani Dev came into his own sign (Capricorn) after 30 years, along with the fact that everyone has witnessed a terrible disease like Corona, most of the people have experienced physical problems along with mental breakdown.

In this situation astrologers advise to strengthen weak moon of horoscope, who is the representative of mind by wearing pearl (Moti), the jewel of moon in the literature, then there are some medicines in homeopathy which are given to the person when the patient's problem is related to the lunar arts of waxing and waning.

a) When a patient's problem is aggravated around the newmoon, such as a patient suffering from Alzheimer's disease (mental illness) becomes too crazy around newmoon, the homeopathic medicine Silicea is suitable.

b) Many people find that as the phases of the moon change daily and the form of the full moon changes every fifteen days, their state of mind changes, the mind gets distracted and they become very sad and very happy in no time.

To rein the horses of thoughts homeopathy has remedies like thujaoccidentalis, belladonna, antimoniumcrudum.

We see tides in sea on new and fullmoon because of gravitational force of moon where sea is 70% of earth so it is obvious that human body containing 70% of liquid will be affected.

That is why it is very important to keep this mind in order for own health and to perform all the tasks well. That's why there are sayings ;

- 1) first happiness is healthy mind and body.
- 2) no one on this earth can make you win when your mind has certified you as a failure.

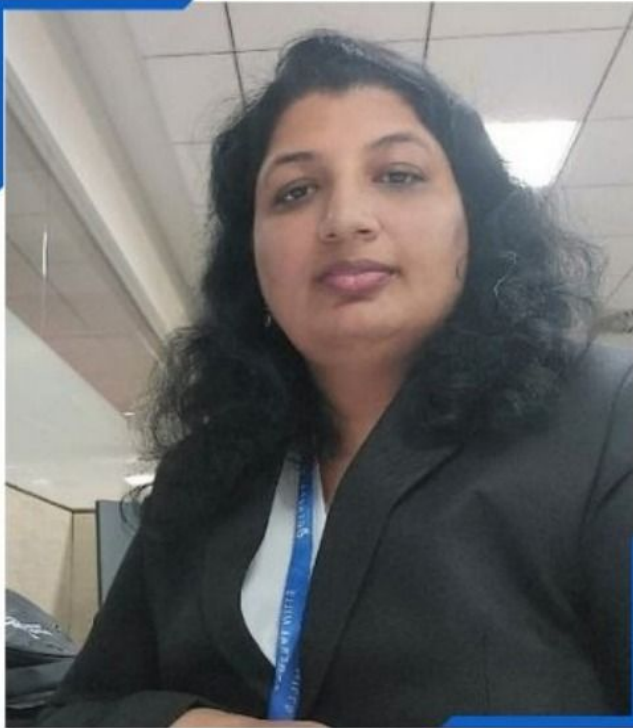

B) The color associated with Mars is red, its gem is red coral and red color in the body means blood and muscles which is associated with Mars. A homeopathic medicine called Coralliumrubrum is made from red coral.

This medicine is used by homeopathic physicians in the treatment of blood disorders such as epistaxis, hemoptysis etc.

Let's see some names of trios ;

- Types of body (somatotype):- endomorph (lean and thin), ectomorph (fatty), mesomorph (athletic).
- Homeopathy has three miasms; psora, sycosis, syphilis.
- Ayurveda has three prakriti; vaat, pitta, kapha.
- Shreemadbhagwatgeeta gives three types of behaviour; satvik, rajsik, tamsik.
- Vedic astrology gives three Nadi; adi, madhya, anta.

ANJALI SHARMA

Ms Anjali Sharma has been associated with technology for over two decades. She has made a niche space in Technology and Innovation in her 19 years of professional journey. She has successfully led multiple, first of its kind strategic and innovative projects in emerging technologies, some of them of strategic national importance and subject of global case study by different nations. KIRAN SWAMI

Kiran Swami is an author of Ultimate Happiness mastery book and this book is also a winner of golden book award 2023. Now a days happiness is a challenge for most of people. In other words people are living under stress and depressed. She has been teaching in government school since 1996 and feels that students are facing a lots of problems due to lack of life education even teachers are also not able to guide them how to choose their career and how to handle failures in life. We are failed to make them understand that there is no failure only feedback is there and we are to learn from feedback and get succeed.

If we teach students some techniques with their schooling it would be amazing to live a fulfilled, happy and healthy life.

Every human being desires to be happy. Happiness is a virtue, a state of mind that reflects on the inside when one takes up the challenge to connect with the inner self. Embarking on this journey is surely a challenging one, but along the way, it creates a lot of room for positivity and gratitude in one's life. When an individual lives a meaningful life, he or she attracts happiness, and this law of attraction serves infinite abundance when applied correctly.

The universe is full of endless possibilities, and mastering ultimate happiness is no cakewalk. However, if one is committed to achieving this joy, no force can stop it. The book "Ultimate Happiness Mastery," written by Kiran Swami, is the ultimate game-changer in an individual's pursuit of achieving happiness.

Kiran Swami is a 47-year-old NLP coach, law of attraction coach and the author of the book Ultimate Happiness Mastery. She hails from Bikaner, Rajasthan, and devotes her time to multiple projects in order to lead a meaningful life. She has been working as a primary school teacher in a government school since 1996 and is fully committed to imparting quality education to her students. Her vision is to provide life education to students so that they take responsibility of their life and can live their life happily and wisely. Her intention is to serve the society and for that this book is written and it is a happiness tool to carry and it is totally for charity.

As a NLP and Law of Attraction coach, she is also vested in teaching people meditation in order to lead a stress-free life and achieve happiness. In addition, Kiran is also associated with an NGO named Tathagat Foundation in Bikaner. She states that her recent book, "Ultimate Happiness Mastery," for leading a stress-free life is a guide that enables one to rethink and reprogram one's mind and discover the secret to achieving happiness.

She has been a happy being since childhood and loves to spread happiness and positivity all around. Belonging to a very simple family background, Kiran's life was full of hardship, and she had to start teaching mathematics at a very early age to support herself after her father passed away. She completed her schooling and BSTC and managed to get a job in a government school, after which she started teaching professionally. After a few years of leading a normal life, Kiran lost her husband too and experienced unbearable pain, which guided her on the path of meditation. This painful experience changed her perspective about life, and she came across the law of attraction and its effects. Kiran's curiosity led her to learn about the power of one's subconscious mind and seek training in NLP from Yogendra Singh Rathore, the Law of Attraction from Ashok Pillai, the Golden Inspiration Gurugram, and Silva Ultra Mind ESP (USA) from Saai Nirmala.

Her journey of embracing life as it is and spending thirty-five years in a limited perimeter of a 3-4 km area, entirely dependent on her family and husband to go anywhere in the city, made her mind-set fearful. Practicing NLP and the law of attraction gave her a lot of strength and courage, which ultimately led Kiran to realise that no matter how adverse the situation is, there is no fear and one can achieve whatever one thinks and believes.

Kiran Swami's book "Ultimate Happiness Mastery" helps people realise that the ultimate power lies in their hands, and the universe provides for everything that a human being desires. It describes the beauty of the universe as such that it provides for infinite possibilities, joy, and abundance. Through her book, Kiran Swami wants to spread hope, and she believes that success is different for everyone, so for her, it means bringing a smile to the faces of people who have lost hope by being the person who can spread light.

ANITA CHAVAN

- Gold Medallist Teacher and coordinator. ☒
- Owner of well-known Interior designing firm "Pratik Interiors". One of firm's work has been featured recently in leading "Inside Architecture" magazine of India. ☒

AMAN SHARMA

Miss Aman Sharma is a true leader in the world of digital transformation, with nearly 20 years of experience in delivering cutting-edge digital products that drive growth and profitability. As Vice President of Product Management at CloudSmartz, LLC., USA, Aman has played an instrumental role in helping Communication Service Providers (CSPs) unlock their full potential through applied innovation and simplification, shaping the future of the telecom industry.

A leader and digital disruptor in her field, Aman has spearheaded the development of the CloudSmartz Marketplace Platform for CSPs, known as Acumen360™, from its inception to delivery, with a well-planned roadmap for future releases that keeps CloudSmartz CSP customers ahead of the game. Her tireless efforts have driven revenue acceleration for the telecom industry, positioning her as one of the most influential and innovative women leaders in the digital space.

Throughout her career, Aman has worked with distinguished brands such as Quark (UAS), Impetus (USA),

Duns & Bradstreet (USA), Specsavers (UK), Telstra (AUS), and Vodafone (UK), where she led the development of sophisticated technology products and managed large teams. Her unparalleled expertise and unwavering commitment to excellence make her a true champion of the tech industry.

Aman is a dedicated mother to her 16-year-old daughter, who inspires her to achieve a perfect balance between her personal and professional life. Growing up in an environment where gender parity was the norm and education was highly valued, Aman developed a passion for learning and an unwavering determination to succeed. Her impressive career achievements and her leadership role as a woman in tech have made her a role model for aspiring women leaders everywhere.

Aman is a true champion for women in tech, committed to breaking down barriers and empowering future generations of women leaders. She leads a team of talented software engineers, data scientists, and product managers, working closely with C-level executives to drive business growth and ensure customer satisfaction. Her extensive knowledge, expertise, and dedication make her a true icon of the tech industry, and an inspiration to women leaders everywhere.

AISHWARYA YADAV

In a world where mental health has taken center stage, particularly during the ongoing COVID-19 pandemic, Aishwarya Yadav stands as a beacon of hope for those struggling with fear and mental disorders. Aishwarya, a multi-talented individual with a vast array of accomplishments under her belt, has touched countless lives with her empathetic counseling and dedication to improving mental well-being.

Currently the Director of Eloquence Media Pvt Ltd. and owner of a music label, Beat n Notes, Aishwarya's background includes training as an architect and studying filmmaking, acting, screenwriting, and editing at the New York Film Academy. Her diverse skillset has allowed her to bridge the gap between quality and entertainment, while her pursuit of an MBA from IIT Bombay and Washington University showcases her dedication to understanding the financial and strategic aspects of her field.

Aishwarya's filmography is equally impressive, with her short film "Blues" and Telugu feature film "Ashwamedham" demonstrating her prowess in production. Her current projects, "Mahatma" and "Uddjaananhedil," have garnered international attention, premiering at various film festivals

worldwide.

However, her passion for filmmaking extends beyond mere entertainment; Aishwarya sees it as a way to create an indelible impact on society. Her work, characterized by a keen understanding of her craft and a profound connection to her audience, brings untold stories of unsung heroes to life and highlights societal issues in a thought-provoking manner.

In addition to her media accomplishments, Aishwarya is a certified Reiki healer and Neuro-Linguistic Programming (NLP) coach. Her commitment to helping others is rooted in her belief that healing and NLP can tackle life issues on a grand scale. She has studied various forms of Reiki, including Usui, Holy Fire III, and Jikiden, and has been successful in imparting this gift of healing to others.

Aishwarya's approach to problem-solving emphasizes the importance of adjusting one's attitude and fine-tuning one's approach. As an NLP practitioner, she assists individuals in understanding their potential and communicating more effectively. Her ultimate goal is to not only identify problems but also provide practical solutions to those she helps.

Beyond her professional achievements, Aishwarya is an accomplished poet, painter, and soon-to-be author. Her book, "A Journey to the Hidden World," promises to offer readers a glimpse into her unique perspective and the secret to her success. Despite her numerous accomplishments, Aishwarya remains humble and continuously strives for growth and improvement.

Throughout the COVID-19 pandemic, Aishwarya has counseled hundreds of individuals, helping them navigate their fears and mental disorders. Her dedication to mental health, combined with her creative pursuits and drive to make a difference, positions her as an inspiration for countless people worldwide. Aishwarya Yadav's unwavering commitment to her work and the betterment of society serve as a testament to the power of hard work, determination, and a positive attitude.
